CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Some information contained in this prospectus and in the documents we incorporate by reference herein may contain certain statements (other than statements of historical fact) that constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Forward-looking statements generally can be identified by the use of words such as “achieve,” “anticipate,” “believe,” “develop,” “estimate,” “expect,” “forecast,” “plan,” “potential,” “project,” “propose,” “strategy” or similar expressions that convey the uncertainty of future events, activities, expectations or outcomes. However, these are not the exclusive means of identifying forward-looking statements.

Where any forward-looking statement includes a statement of the assumptions or bases underlying such forward-looking statement, we caution that, while we believe these assumptions or bases to be reasonable and to be made in good faith, assumed facts or bases almost always vary from actual results, and the difference between assumed facts or bases and actual results could be material, depending on the circumstances. It is important to note that actual results could differ materially from those projected by such forward-looking statements.

Although we believe that the expectations in our forward-looking statements are reasonable, we cannot give any assurance that those expectations will be correct. Our operations are subject to numerous uncertainties, risks and other influences, many of which are outside our control and any of which could materially affect our results of operations and ultimately prove the statements we make to be inaccurate.

Factors that could cause our results to differ materially from the results discussed in such forward-looking statements include, but are not limited to, the following:

- statements relating to the construction or operation of each of our proposed liquefied natural gas (“LNG”) terminals or our proposed pipelines or liquefaction facilities, or expansions or extensions thereof, including statements concerning the completion or expansion thereof by certain dates or at all, the costs related thereto and certain characteristics, including amounts of regasification and storage capacity, the number of storage tanks and docks, pipeline deliverability and the number of pipeline interconnections, if any;
- statements regarding future levels of domestic natural gas production, supply or consumption; future levels of LNG imports into North America; sales of natural gas in North America; exports of natural gas from North America; and the transportation, other infrastructure or prices related to natural gas, LNG or other energy sources or hydrocarbon products;
- statements regarding any financing transactions or arrangements, or ability to enter into such transactions or arrangements, whether on the part of Cheniere or at the project level;
- statements regarding any terminal use agreement (“TUA”) or other commercial arrangements presently contracted, optioned or marketed, or potential arrangements, to be performed substantially in the future, including any cash distributions and revenues anticipated to be received and the anticipated timing thereof, and statements regarding the amounts of total LNG regasification, liquefaction or storage capacity that are, or may become, subject to TUAs or other contracts;
- statements regarding counterparties to our TUAs, construction contracts and other contracts;
- statements regarding any business strategy, any business plans or any other plans, forecasts, projections or objectives, including potential revenues and capital expenditures, any or all of which are subject to change;
- statements regarding legislative, governmental, regulatory, administrative or other public body actions, requirements, permits, investigations, proceedings or decisions;
- statements regarding our LNG and natural gas marketing activities; and

· any other statements that relate to non-historical or future information.

Other factors, risks and uncertainties that could cause actual results to differ materially from our expectations are discussed under the heading “Risk Factors” below and as otherwise described in our periodic filings with the SEC.

We caution you not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus or, in any document we incorporate by reference, the date of that document. All such forward-looking statements in this document are expressly qualified in their entirety by the cautionary statements in this section, and other than as required under the securities laws, we undertake no obligation to publicly update or revise any forward-looking statements.

SELLING STOCKHOLDERS

On December 9, 2010, Cheniere Common Units Holding, LLC ("CCUH"), a Delaware limited liability company and wholly owned subsidiary of Cheniere Energy, entered into an Eighth Amendment to Credit Agreement and Second Amendment to Investors' Agreement (the "Eighth Amendment"), which amends the Credit Agreement dated August 15, 2008 (as amended, the "Credit Agreement") among CCUH, The Bank of New York Mellon, as administrative agent and collateral agent, certain affiliates of CCUH, and the lenders from time to time party thereto (the "Lenders") and the Investors' Agreement dated August 15, 2008 (as amended, the "Investors' Agreement") among Cheniere Energy, CCUH and the Lenders.

The Eighth Amendment became effective on December 22, 2010 (the "Effective Date") when, among other things, 10,125,000 million shares of common stock (the "Shares") had been approved for listing and issued to a group of Lenders comprised of the selling stockholders. The issuance of the Shares was exempt from the registration requirements of the Securities Act under Section 4(2) of the Securities Act, and did not involve a public offering. Pursuant to the Eighth Amendment, we agreed to file with the SEC, within 30 days following the Effective Date, a registration statement relating to the registration of the offer and sale of the Shares by the selling stockholders. We have filed the registration statement of which this prospectus forms a part in order to comply with our obligations under the Eighth Amendment.

On the Effective Date, 2,531,250 of the Shares were available for sale or transfer by the selling stockholders. An additional 2,531,250 of the Shares will be available for sale or transfer by the selling stockholders at any time following each of March 22, 2011 and June 20, 2011. The remaining 2,531,250 Shares will be available for sale or transfer by the selling stockholders at any time following September 18, 2011. Notwithstanding the conditions described in this paragraph, transfers to or among the selling stockholders or affiliates of the selling stockholders are not restricted or prohibited so long as the transferee will be bound by the foregoing transfer restrictions.

The following table sets forth the information regarding the selling stockholders and the number of shares of common stock each selling stockholder is offering. The information included in the table has been furnished to us by or on behalf of the selling stockholders for inclusion in this prospectus. The selling stockholders identified below may have sold, transferred, or otherwise disposed of some or all of their shares of common stock since the date as of which the information in the following table is presented in transactions exempt from or not subject to the registration requirements of the Securities Act and of which we are not aware. Information concerning the selling stockholders may change from time to time and, if necessary, we will amend or supplement this prospectus accordingly. The term "selling stockholder" includes donees, pledgees, transferees, or other successors-in-interest selling common stock received from the named selling stockholders as a gift, pledge, stockholder distribution or other non-sale related transfer after the date of this prospectus. Under the rules of the SEC, beneficial ownership includes shares over which the indicated beneficial owner exercises voting or investment power. The information regarding common stock beneficially owned after the offering assumes the sale of all common stock covered by this prospectus. The percentage ownership data is based on 69,763,769 shares of our common stock issued and outstanding as of January 25, 2011.

Each of the selling stockholders is an "affiliate" of a broker-dealer and has certified that it acquired its portion of the Shares in the ordinary course of business, and at the time of the acquisition of such Shares, it had no agreements or understandings, directly or indirectly, with any person to distribute such securities.

Jason G. New and D. Dwight Scott, who served on the Board of Directors of Cheniere Energy as representatives of the Lenders pursuant to the Credit Agreement from August 15, 2008 through December 9, 2010, are each Senior Managing Directors of GSO Capital Partners LP. Messrs. New and Scott resigned from the Board, effective December 9, 2010, in connection with the Eighth Amendment. To our knowledge, none of the selling stockholders has, or has had within the past three years, any other position, office or other material relationship with us or any of our predecessors or affiliates, other than as Lenders under the Credit Agreement described above and their ownership of common stock described below.

The term “selling stockholder” includes donees, pledgees, transferees, or other successors-in-interest selling common stock received from the named selling stockholders as a gift, pledge, stockholder distribution or other non-sale related transfer after the date of this prospectus.

In connection with sales of the common stock or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers or other parties, which may in turn engage in short sales of the common stock in the course of hedging in positions they assume. The selling stockholders may also sell common stock short and deliver common stock to close out short positions, or loan or pledge common stock to broker-dealers or other parties that in turn may sell those shares of common stock. If the selling stockholders effect such transactions by selling common stock to or through underwriters, broker-dealers or agents, those underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of the common stock for whom they may act as agent or to whom they may sell as principal. Any such discounts, concessions or commissions as to particular underwriters, brokers-dealers or agents may be in excess of those customary in the types of transactions involved.

The selling stockholders may enter into derivative transactions with third parties or sell common stock not covered by this prospectus to third parties in privately negotiated transactions. In connection with those derivatives, such third parties (or affiliates of such third parties) may sell common stock covered by this prospectus, including in short sale transactions. If so, such third parties (or affiliates of such third parties) may use common stock pledged by the selling stockholder or borrowed from the selling stockholder or others to settle those sales or to close out any related open borrowings of common stock, and may use common stock received from the selling stockholder or others in settlement of those derivatives to close out any related open borrowings of common stock.

The selling stockholders may from time to time pledge or grant a security interest in some or all of the common stock owned by them. If the selling stockholders default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the common stock from time to time under this prospectus or an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the common stock in other circumstances, including, but not limited to, through a loan or pledge, and the transferees, pledgees or other successors in interest may in turn sell common stock using this prospectus as the selling beneficial owner. Such transferee, pledgee or other successor in interest may transfer its short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus.

Direct Sales, Agents, Dealers and Underwriters

The selling stockholders or their transferees may effect transactions by selling the common stock in any of the following ways:

- directly to purchasers; or
- to or through agents, dealers or underwriters designated from time to time.

Agents, dealers or underwriters may receive compensation in the form of underwriting discounts, concessions or commissions from the selling stockholders and/or the purchasers of common stock for whom they act as agent or to whom they sell as principals, or both. The agents, dealers or underwriters that act in connection with the sale of common stock might be deemed to be “underwriters” within the meaning of Section 2(11) of the Securities Act, and any discount or commission received by them and any profit on the resale of common stock as principal might be deemed to be underwriting discounts or commissions under the Securities Act.

Supplements

To the extent required, we will set forth in a supplement to this prospectus filed with the SEC the number of common stock to be sold, the purchase price and public offering price, any new selling stockholders, the name or names of any agent, dealer or underwriter, and any applicable commissions or discounts with respect to a particular offering.
