PROXY STATEMENT

This Proxy Statement and the enclosed proxy are being mailed to stockholders of Cheniere Energy, Inc., a Delaware corporation (the "Company"), commencing on or about April 30, 2001. The Company's Board of Directors is soliciting proxies to be voted at the Company's annual meeting of stockholders to be held in Houston, Texas on Thursday, May 31, 2001 and at any adjournment thereof, for the purposes set forth in the accompanying notice.

The shares covered by a proxy, if such is properly executed and received prior to the meeting, will be voted in accordance with the directions specified thereon regarding election of directors, proposed amendment of the Company's

Amended and Restated Certificate of Incorporation to decrease total authorized capital stock and common stock, appointment of PricewaterhouseCoopers LLP as independent accountants, and with respect to any other matters which may properly come before the meeting, in accordance with the judgment of the persons designated as proxies. A proxy may be revoked at any time before it is exercised by giving written notice to, or filing a duly executed proxy bearing a later date with, the Secretary of the Company, or by voting in person at the meeting.

Management expects that the only matters to be presented for action at the meeting will be the election of directors, approval of the proposed amendment of the Company's Amended and Restated Certificate of Incorporation to decrease total authorized capital stock and common stock, and appointment of PricewaterhouseCoopers LLP as independent accountants.

At the close of business on April 18, 2001, the record date for determining the stockholders entitled to notice of and to vote at the meeting (the "Record Date"), there were outstanding and entitled to vote 12,797,393 shares of the Company's common stock, par value \$.003 per share ("Common Stock"). Each share of Common Stock entitles the holder to one vote on all matters presented at the meeting.

The Company will bear the costs of soliciting proxies in the accompanying form. In addition to solicitations by mail, a number of regular employees of the Company may solicit proxies in person or by telephone.

ELECTION OF DIRECTORS

NOMINEES

At the meeting, six nominees are to be elected to the Company's Board of Directors, each director to hold office until the next annual meeting of stockholders and until his successor is elected and qualified. Unless your proxy specifies otherwise or withholds authority to vote for one or more nominees named thereon and described below, it is intended that the shares represented by your proxy will be voted for the election of these six nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named. If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable.

Two directors elected at the annual meeting of stockholders held on July 12, 2000 have since resigned from the Board of Directors. Kenneth R. Peak, President and CEO of Contango Oil and Gas Company in Houston, Texas, served as a director since September 1997 and as a member of the Audit Committee, the Compensation Committee and the Stock Option Committee. Mr. Peak resigned from the Board in September 2000 because Contango was interested in becoming active in the Gulf of Mexico and that activity could create the potential for competitive conflicts of interest with the Company.

Michael L. Harvey served as a director since March 1999 and as President and CEO of the Company since June 1999. Mr. Harvey resigned as an officer and a director of the Company in October 2000 to serve as President and CEO of Gryphon Exploration Company, an affiliate of Cheniere. Cheniere would like to thank each of Messers. Peak and Harvey for their service to the company.

BOARD AND COMMITTEE ACTIVITY AND STRUCTURE

The Company's operations are managed under the broad supervision and direction of the Board of Directors, which has the ultimate responsibility for the establishment and implementation of the Company's general operating philosophy, objectives, goals and policies. Pursuant to delegated authority, certain Board functions are discharged by the Board's standing Audit and Compensation Committees. Members of the Audit and Compensation Committees for a given year are selected by the Board following the annual stockholders' meeting. During the fiscal year ended December 31, 2000, the Company's Board of Directors held fourteen meetings, and in addition there were four written consents in lieu of meetings, and each incumbent member of the Board attended or participated in at least 75% of the aggregate number of (i) Board meetings and (ii) committee meetings held by all committees of the Board on which he served during his period of service as a director in the year 2000.

The Audit Committee annually recommends independent accountants for appointment by the Board of Directors, reviews the services to be performed by the independent accountants, and receives and reviews the reports submitted by them. The committee also determines the duties and responsibilities of the Company for the operation of its internal control system and receives and reviews reports submitted by the Chief Financial Officer. The Audit Committee held four meetings during the year ended December 31, 2000. The committee's members during 2000 from January 1 until July 2000 were: Kenneth R. Peak, Chairman, William D. Forster and Charles Reimer. From July 2000 through September 1, 2000, when Mr. Reimer became a Cheniere employee, the Audit Committee's members were: Nuno Brandolini, Chairman, Emanuel Batler and Charles Reimer. From November through December 31, 2000, the members of the Audit Committee were: Nuno Brandolini, Chairman, Emanuel Batler, and John Howie.

The Compensation Committee reviews and approves the salaries and other compensation for the executive officers of the Company. The Compensation

Committee also determines the eligible persons to whom stock options may be granted, the time or times at which options shall be granted, the number of shares of common stock subject to each option, the exercise price for the purchase of shares subject to each option, the time or times when each option shall become exercisable and the duration of the exercise period. The committee also has discretionary authority to interpret the stock option plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the details and provisions of each stock option agreement, and to make all determinations necessary or advisable in administration of the plan. The Compensation Committee held two meetings and there was one unanimous consent in lieu of a meeting during 2000. The committee's members during 2000 from January 1 until July 2000 were: William D. Forster, Chairman, Kenneth R. Peak and Charles M. Reimer. From July 2000 through September 1, 2000, when Mr. Reimer became a Cheniere employee, the Compensation Committee members were: Emanuel Batler, Chairman, Nuno Brandolini and Charles Reimer. From November through December 31, 2000, the members of the Compensation Committee were: Emanuel Batler, Chairman, Nuno Brandolini, and John Howie.

DIRECTOR COMPENSATION

During the fiscal year ended December 31, 2000, directors received no cash remuneration for serving on the Board of Directors of the Company, nor were they compensated for attending Board or committee meetings. From time to time, outside members of the Board of Directors (those who do not serve as executive officers of the Company) are compensated for their services to the Company through the grant of options to purchase Common Stock of the Company.

In July 2000, the Board of Directors granted options to purchase 12,500 shares of Common Stock to each of its outside directors, Messrs. Batler, Brandolini, Peak and Reimer, in recognition of their service to the Company. The options vested fully on the date of grant and are not contingent upon the Company's achievement of earnings goals. The exercise price was \$2.75 per share, the closing market price on the NASDAQ Stock Market on the date of the grants. The options expire five years from the date of grant. In November 2000, the Board of Directors granted options to purchase 12,500 shares of Common Stock to Messrs. Batler, Brandolini and Howie. The options vested fully on the date of grant, are exercisable at a price of \$1.938 per share, the closing market price on the NASDAQ Stock Market on the date of the grants and expire five years from the date of grant.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE SIX NOMINEES AS DIRECTORS OF THE COMPANY, TO SERVE UNTIL THE NEXT ANNUAL MEETING OF STOCKHOLDERS OR UNTIL THEIR SUCCESSORS ARE DULY ELECTED AND QUALIFIED.

PROPOSED AMENDMENT TO DECREASE NUMBER OF TOTAL AUTHORIZED CAPITAL SHARES AND NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Company's Board of Directors has approved and declared the advisability of amending the Company's Amended and Restated Certificate of Incorporation to decrease the total number of authorized shares of capital stock from 125,000,000 to 45,000,000 shares and the number of authorized shares of Common Stock from 120,000,000 to 40,000,000 shares. The amendment would change the first sentence and items (1) and (2) of Article Fourth of the Company's Amended and Restated Certificate of Incorporation to be and read in their entirety as follows:

"FOURTH: The total number of shares of stock that the Company shall have authority to issue is 45,000,000 shares, consisting of:

- (1) 40,000,000 shares of Common Stock, having a par value of \$.003 per share; and
- (2) 5,000,000 shares of Preferred Stock with a par value of \$.0001 per share."

The purpose of the amendment is to decrease the number of authorized shares to a number more consistent with the planned activities of the Company and, accordingly, to create a savings in Delaware franchise taxes which derive from authorized shares rather than issued and outstanding shares. At the stockholders' meeting held on July 12, 2000, the stockholders approved an increase in the number of authorized shares of Common Stock from 60,000,000 to 120,000,000 shares in order to provide maximum flexibility with respect to future financing transactions. The Company completed the financing transactions without issuing shares of its Common Stock, and as a result, the Company's need for a large number of authorized but unissued shares has diminished. Additionally, at a meeting held on October 16, 2000, the stockholders approved a one-for-four reverse stock split of Cheniere's Common Stock. The effect of this reverse stock split further decreases the number of shares which might be needed for future capital requirements. There remain 103,559,750 shares of the Company's authorized Common Stock unissued and not already reserved for issuance for a specific purpose. As of April 18, 2001, the Record Date, there were 12,797,393 shares of Common Stock issued and outstanding and no shares of

Preferred Stock issued and outstanding. There are 884,236 shares of Common Stock reserved for issuance upon exercise of outstanding options and 2,758,621 shares of Common Stock reserved for issuance upon the exercise of outstanding warrants. By reducing the number of shares of its capital stock, the Company will retain flexibility in arranging future funding for anticipated leasing and drilling activities, for acquisitions and for other purposes while reducing expenses related to Delaware franchise taxes.

4

The proposed amendment will not affect the existing rights of holders of Common Stock. Under Delaware law, since the Company's Amended and Restated Certificate of Incorporation does not expressly grant preemptive rights, holders of Common Stock do not have preemptive rights to acquire unissued shares, treasury shares or securities convertible into such shares.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION DECREASING THE TOTAL NUMBER OF SHARES OF AUTHORIZED CAPITAL STOCK FROM 125,000,000 TO 45,000,000 SHARES AND THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK FROM 120,000,000 TO 40,000,000 SHARES.

APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS INDEPENDENT ACCOUNTANTS

The Board of Directors recommends to stockholders that the certified public accounting firm of PricewaterhouseCoopers LLP serve as the Company's independent accountants for the fiscal year ending December 31, 2001. PricewaterhouseCoopers LLP has served as the Company's independent auditors since May 1998 and has audited the financial statements of the Company from the date of its inception (February 21, 1996) through December 31, 2000.

The Company anticipates that representatives of PricewaterhouseCoopers LLP will participate in the annual meeting of stockholders, may make a statement if they desire to do so, and will be available to respond to appropriate questions concerning the Company's financial statements.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT ACCOUNTANTS.

These indemnification provisions require the Company to indemnify such persons against certain liabilities and expenses to which they may become subject by reason of their service as a director or officer of the Company or any of its affiliated enterprises. The provisions also set forth certain procedures, including the advancement of expenses, that apply in the event of a claim for indemnification.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

During fiscal 2000, the Committee of the Board of Directors developed a written charter for the Committee, which was approved by the full Board. The complete text of the charter, which reflects standards set forth in new SEC regulations, and The American Stock Exchange rules, is reproduced in the appendix to this proxy statement.

The function of the Committee is to assist the Board in fulfilling its oversight responsibilities through regular or special meetings with management and the independent accountants on matters relating to

- - the Company's financial reporting in the Quarterly Reports on Form 10-Q and the Annual Report on Form 10-K,
- - the Company's system of internal controls,
- - the Company's relationship with its independent accountants,
- - the Company's audit and accounting processes generally, and
- - the Company's systems and policies to comply with applicable laws and regulations.

In carrying out this function, the Committee provides independent and objective oversight of the performance of the Company's financial reporting process, system of internal controls and legal and regulatory compliance system. The Committee provides for open, ongoing communication among the independent accountants, financial and senior management and the Board concerning the Company's financial and compliance position and affairs. The Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities and shall be empowered to retain independent counsel, accountants, or others to assist it in the conduct of any investigation. The Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Company's financial statements and

complying with applicable laws and regulations.

The Committee met four times during 2000. In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees). With respect to the Company's outside auditors, the Committee, among other things, discussed with PricewaterhouseCoopers LLP matters relating to its independence, including the disclosures made to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Finally, the Committee continued to monitor the scope and adequacy of the Company's internal control system. On the basis of these reviews and discussions,

11

the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 for filing with the Securities and Exchange Commission.

INDEPENDENT ACCOUNTANTS' FEES

AUDIT FEES

Aggregate fees for professional services rendered by PricewaterhouseCoopers LLP in connection with the audit of the Company's financial statements and reviews of interim reports for the fiscal year ended December 31, 2000 were \$61,950.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

During the fiscal year ended December 2000, PricewaterhouseCoopers LLP rendered no professional services in connection with the design and implementation of financial information systems.

ALL OTHER FEES

In addition to the fees described above, aggregate fees of \$24,500 were paid to PricewaterhouseCoopers LLP during the fiscal year ended December 31, 2000 for other professional services such as tax return preparation (\$13,500), review of a registration statement (\$4,000) and consultation concerning accounting issues related to the spin-off of an affiliated company (\$7,000). The Audit Committee has discussed the non-audit services provided by PricewaterhouseCoopers LLP and the related fees and has considered whether those services and fees are compatible with maintaining auditor independence.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for the fiscal year ended December 31, 2000:

The Compensation Committee, which is comprised of non-employee directors of the Company, establishes the general compensation policies of the Company, establishes the compensation plans and compensation levels for officers and certain other key employees and administers the Company's stock option plan. The Committee also establishes salary ranges for officers and certain key employees, and generally approves specific amounts within those ranges on the recommendation of management.

In establishing compensation policies, the Committee believes that cash compensation of executive officers, as well as other key employees, should be competitive with other similar oil and gas companies or other business opportunities available to such executive officers and key employees while, within the Company, being fair and discriminating on the basis of personal performance. Periodic awards of stock options are intended to both retain executives and to motivate them to accomplish long-term growth objectives and improve long-term market performance.

The Committee has from time to time retained outside compensation consultants to conduct compensation surveys and advise the Committee concerning compensation matters, and the Committee has surveyed the executive compensation levels of companies in the oil and gas industry that are similar to the Company.

The Company seeks to relate a significant portion of the potential total executive compensation to the Company's financial performance. In general, executive financial rewards at Cheniere may be segregated into the following components: salary and stock-based benefits. The Board has not awarded any bonus compensation, except for a December 2000 award of \$100,000 to its Chairman.

Base compensation for senior executive officers is intended to afford a reasonable degree of financial security and flexibility to those individuals who are regarded by the Committee as acceptably discharging the levels and types of responsibility implicit in their respective executive positions.

The Committee is of the view that properly designed and administered stock-based incentives for senior executives closely align the executives' economic interests with those of stockholders and provide a direct continuing focus upon the goal of constantly striving to increase long-term stockholder value. Toward that goal, the Company established the Cheniere Energy, Inc. 1997 Stock Option Plan and has made periodic grants of stock options to its officers and other key employees. See "Management - Executive Compensation;" and "Management - Option Grants."

Chief Executive Officer's Compensation. The Board determines the compensation of the Chief Executive Officer in substantially the same manner as the compensation of the other officers. In establishing the base salary for Mr. Harvey and for Mr. Reimer for the 2000 fiscal year, the Board assessed (i) the performance of the Company, (ii) total return to stockholders, (iii) progress toward implementation of the Company's strategic business plan and (iv) compensation levels of chief executive officers of similar companies in the oil and gas industry.

Mr. Harvey served as President and Chief Executive Officer of the Company until October 12, 2000, when he resigned to serve as President and Chief Executive Officer of Gryphon Exploration Company, an affiliated company of Cheniere. Mr. Harvey received a base salary at the rate of \$175,000 per year and in July 2000 was awarded 62,500 stock options at an exercise price of \$2.75 per share.

In October 2000, prior to his election as President and Chief Executive Officer of the Company, Mr. Reimer received warrants to purchase 250,000 shares of Common Stock at an exercise price of \$2.75 per share on or before October 12, 2005. Mr. Reimer received a base salary at the rate of \$180,000 per year beginning on the date of his employment. On November 15, 2000, when Mr. Reimer was elected President and Chief Executive Officer of the Company, the Committee awarded him 100,000 stock options at an exercise price of \$1.938 per share, the closing market price of the Common Stock on that date.

Omnibus Budget Reconciliation Act of 1993. Section 162(m) of the Omnibus Budget Reconciliation Act of 1993 limits the deductibility to the Company of cash compensation in excess of \$1 million paid to the Company's chief executive officer and the next four highest paid officers during any fiscal year, unless such compensation meets certain requirements. During 2000, the Committee reviewed compensation programs in light of the requirements of this law. The Committee does not expect the new law to impact the Company in 2001 or for the foreseeable future in any significant way, if at all.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

BSR Investments, Ltd. ("BSR"), an entity holding approximately 11.2% of the outstanding shares of the Company's Common Stock, is under the control of Nicole Souki, the mother of Charif Souki, Chairman of the Board of Directors. Charif Souki has been engaged, from time to time, as a consultant to BSR. Charif Souki disclaims beneficial ownership of all shares held by BSR.

BSR purchased \$2,000,000 of the notes issued in the Company's \$4,000,000 December 1997 Bridge Financing and pledged a portion of its investment in Cheniere common stock to fund its participation. In conjunction with the financing, BSR received warrants to purchase 41,667 shares of the Company's common stock. On September 15, 1998, BSR received warrants to purchase an additional 100,000 shares of common stock as consideration for extending the maturity of the notes to that date. Also in September 1998, the exercise price of the warrants held by BSR was reduced from \$9.50 to \$6.00 per share as consideration to extend the maturity date of the notes to January 15, 1999. In March 1999, BSR exchanged notes payable of \$2,000,000 for 694,445 shares of Cheniere common stock (\$2.88 per share). In May 1999, BSR purchased from another note holder \$240,000 in short-term notes payable by Cheniere. In July 1999, the Company repaid \$120,000 to BSR at the time it repaid 50% of the outstanding balances on all of the notes issued in the December 1997 Bridge Financing. On September 30, 1999, BSR exchanged its remaining \$120,000 note payable and \$1,000 in accrued interest for 27,500 units (\$4.40 per unit), each unit representing one share of common stock and one half warrant to purchase a share of common stock at an exercise price of \$6.00 per share on or before September 30, 2002. In April 2000, the Company issued an additional 1,100 units, representing 1,100 shares of Common Stock and warrants to purchase 1,100 shares of Common Stock, to BSR pursuant to a price adjustment provision included in the September 1999 offering.

In conjunction with certain of the Company's private placements of equity, placement fees have been paid to Investors Administration Services, Limited ("IAS"), a company in which the brother of Charif Souki, Cheniere's Chairman, is a principal. Placement fees paid to IAS totaled \$99,000 for the year ended December 31, 2000.

All such transactions were approved by the Board of Directors of the Company, and the Company believes that each such transaction was on terms that were comparable to, or more favorable to the Company than, those that might have been obtained by the Company on an arm's length basis from unaffiliated parties.

OTHER MATTERS

REQUIRED VOTE

Only holders of Common Stock as of the Record Date will be entitled to vote

in person or by proxy at the meeting. A majority of issued and outstanding shares of Common Stock as of the Record Date represented at the meeting in person or by proxy will constitute a quorum for the transaction of business. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Provided that a quorum is present at the meeting, (i) the six director nominees who receive the greatest number of votes cast for election by stockholders entitled to vote therefor will be elected directors, (ii) the proposed amendment to the Company's Amended and Restated Certificate of Incorporation will require approval by a majority of shares entitled to vote thereon and (iii) approval of PricewaterhouseCoopers LLP as independent accountants will require approval by a majority of shares represented in person or by proxy at the annual meeting. Abstentions and broker non-votes with respect to the proposed amendment to the Company's Amended and Restated Certificate of Incorporation will have the same effect as a vote against approval thereof, but will have no effect with respect to the other matters.

15

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, directors, certain officers, and beneficial owners of 10% or more of any class of the Company's stock ("Reporting Persons") are required from time to time to file with the Securities and Exchange Commission and The American Stock Exchange reports of ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons by it with respect to the fiscal year ended December 31, 2000, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders have been met.

STOCKHOLDER PROPOSALS

APPENDIX A

Cheniere Energy, Inc. Audit Committee Charter

The Audit Committee ("the Committee"), of the Board of Directors ("the Board") of Cheniere Energy, Inc. ("the Company"), will have the oversight responsibility, authority and specific duties as described below.

COMPOSITION

The Committee will be comprised of three or more directors as determined by the Board. The members of the Committee will meet the NASD/AMEX independence and

experience requirements. The members of the Committee will be elected annually at the organizational meeting of the full Board held immediately following the annual stockholders' meeting and will be listed in the annual report to shareholders. One of the members of the Committee will be elected Committee Chair by the Board.

RESPONSIBILITY

The Committee is a part of the Board. Its primary function is to assist the Board in fulfilling its oversight responsibilities with respect to (i) the annual financial information to be provided to shareholders and the Securities and Exchange Commission (SEC); (ii) the system of internal controls that management has established; and (iii) the audit process. In addition, the Committee provides an avenue for communication between the independent accountants, financial management and the Board. The Committee should have a clear understanding with the independent accountants that they must maintain an open and transparent relationship with the Committee, and that the ultimate accountability of the independent accountants is to the Board and the Committee. The Committee will make regular reports to the Board concerning its activities.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the Company's business conduct guidelines. These are the responsibility of management and the independent auditor.

AUTHORITY

Subject to the prior approval of the Board, the Committee is granted the authority to investigate any matter or activity involving financial accounting and financial reporting, as well as the internal controls of the Company. In that regard, the Committee will have the authority to approve the retention of external professionals to render advice and counsel in such matters. All employees will be directed to cooperate with respect thereto as requested by members of the Committee.

MEETINGS

The Committee is to meet at least four times annually and as many additional times as the Committee deems necessary. Content of the agenda for each meeting should be cleared by the Committee Chair. The Committee is to meet in separate executive sessions with the chief financial officer and independent accountants at least once each year and at other times when considered appropriate.

ATTENDANCE

Committee members will strive to be present at all meetings. As necessary or desirable, the Committee Chair may request that members of management and representative of the independent accountants be present at Committee meetings.

SPECIFIC DUTIES

In carrying out its oversight responsibilities, the Committee will:

A-1

1. Review and reassess the adequacy of the charter annually and recommend any proposed changes to the Board for approval. This should be done in compliance with applicable NASD/AMEX Audit Committee Requirements.
2. Review with the Company's management and independent accountants the Company's accounting and financial reporting controls. Obtain annually in writing from the independent accountants their letter as to the adequacy of such controls.
3. Review with the Company's management, internal audit and independent accountants significant accounting and reporting principles, practices and procedures applied by the Company in preparing its financial statements. Discuss with the independent accountants their judgments about the quality, not just the acceptability, of the Company's accounting principles used in financial reporting.
4. Review the scope and general extent of the independent accountants' annual audit. The Committee's review should include an explanation from the independent accountants of the factors considered by the accountants in determining the audit scope, including the major risk factors. The independent accountants should confirm to the Committee that no limitations have been placed on the scope or nature of their audit procedures. The Committee will review annually with management the fee arrangement with the independent accountants.
5. Inquire as to the independence of the independent accountants and obtain from the independent accountants, at least annually, a formal written statement delineating all relationships between the independent accountants and the Company as contemplated by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

6. Have a predetermined arrangement with the independent accountants that they will advise the Committee through its Chair and management of the Company of any matters identified through procedures followed for interim quarterly financial statements, and that such notification as required under standards for communication with Audit Committees is to be made prior to the related press release and prior to filing Forms 10-Q. Also receive a confirmation provided by the independent accountants at the end of each of the first three quarters of the year that they have nothing to report to the Committee, if that is the case, or the written enumeration of required reporting issues.
7. At the completion of the annual audit, review with management and the independent accountants the following:
 - The annual financial statements and related footnotes and financial information to be included in the Company's annual report to shareholders and on Form 10-K.
 - Results of the audit of the financial statements and the related report thereon and, if applicable a report on changes during the year in accounting principles and their application.
 - Significant changes to the audit plan, if any, and any serious disputes or difficulties with management encountered during the audit. Inquire about the cooperation received by the independent accountants during their audit, including access to all requested records, data and information. Inquire of the independent accountants whether there have been any disagreements with management, which, if not satisfactorily resolved, would have caused them to issue a nonstandard report on the Company's financial statements.
 - Other communications as required to be communicated by the independent accountants by Statement of Auditing Standards (SAS) 61 as amended by SAS 90 relating to the conduct of the audit. Further, receive a written communication provided by the independent accountants concerning their judgment about the quality of the Company's accounting principles, as outlined in SAS 61 as amended by SAS 90, and that they concur with management's representation concerning audit adjustments, if any.

If deemed appropriate after such review and discussion, recommend to the Board that the financial statements be included in the Company's annual report of Form 10-K.

8. After preparation by management and review by independent accountants, approve the report required under SEC rules to be included in the Company's annual proxy statement. The charter is to be published as an appendix to the proxy statement every three years.
9. Discuss with the independent accountants the quality of the Company's financial and accounting personnel. Also elicit the comments of management regarding the responsiveness of the independent accountants to the Company's needs.
10. Meet with management and the independent accountants to discuss any relevant significant recommendations that the independent accountants may have, particularly those characterized as "material" or "serious". Typically, such recommendations will be presented by the independent accountants in the form of a Letter of Comments and Recommendations to the Committee. The Committee should review responses of management to the Letter of Comments and Recommendations from the independent accountants and receive follow-up reports on action taken concerning the aforementioned recommendations.
11. Recommend to the Board the selection, retention or termination of the Company's independent accountants.
12. Review with management and the independent accountants the methods used to establish and monitor the Company's policies with respect to unethical or illegal activities by Company employees that may have a material impact on the financial statements.
13. Generally as part of the review of the annual financial statements, receive an oral report(s), at least annually, from the Company's legal counsel concerning legal and regulatory matters that may have a material impact on the financial statements.
14. As the Committee may deem appropriate, obtain, weigh and consider expert advice as to Audit Committee related rules of the NASD/AMEX, Statements on Auditing Standards and other accounting, legal and regulatory provisions.
