The Company's Board of Directors is soliciting proxies to be voted at the Company's annual meeting of stockholders to be held in Houston, Texas on Thursday, May 23, 2002 and at any adjournment thereof, for the purposes set forth in the accompanying notice.

The shares covered by a proxy, if such is properly executed and received prior to the meeting, will be voted in accordance with the directions specified thereon regarding election of directors, proposed amendment to the Company's 1997 Stock Option Plan to increase the number of shares of common stock subject to the Plan from 1,500,000 to 2,000,000 and appointment of PricewaterhouseCoopers LLP as independent accountants, and with respect to any other matters which may properly come before the meeting, in accordance with the judgment of the persons designated as proxies. A proxy may be revoked at any time before it is exercised by giving written notice to, or filing a duly executed proxy bearing a later date with, the Secretary of the Company, or by voting in person at the meeting.

Management expects that the only matters to be presented for action at the meeting will be the election of directors, approval of the proposed amendment to

Unless your proxy specifies otherwise or withholds authority to vote for one or more nominees named thereon and described below, it is intended that the shares represented by your proxy will be voted for the election of these seven nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named. If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable.

Emanuel Batler, who was Vice-President of Philips Electronics Industries Ltd., the Canadian division of the Dutch-based Philips Company, served as a director since July 2000 and as a member of the Audit Committee and the Compensation Committee. BOARD AND COMMITTEE ACTIVITY AND STRUCTURE

The Company's operations are managed under the broad supervision and direction of the Board of Directors, which has the ultimate responsibility for the establishment and implementation of the Company's general operating philosophy, objectives, goals and policies. Pursuant to delegated authority, certain Board functions are discharged by the Board's standing Audit and Compensation Committees. Members of the Audit and Compensation Committees for a given year are selected by the Board following the annual stockholders' meeting. During the fiscal year ended December 31, 2001, the Company's Board of Directors held eight meetings, and in addition there were two written consents in lieu of meetings, and each incumbent member of the Board attended or participated in at least 75% of the aggregate number of (i) Board meetings and (ii) committee meetings held by all committees of the Board on which he served during his period of service as a director in the year 2001, except that Mr. Brandolini attended 71% of the meetings for which he was eligible in 2001.

The Audit Committee annually recommends independent accountants for appointment by the Board of Directors, reviews the services to be performed by the independent accountants, and receives and reviews the reports submitted by them. The committee also determines the duties and responsibilities of the Company for the operation of its internal control system and receives and reviews reports submitted by the Chief Financial Officer. The Audit Committee held five meetings during the year ended December 31, 2001. The Committee's members during 2001 from January 1 through September 30 were: Nuno Brandolini, Chairman, Emanuel Batler and John K. Howie. From October 1 through December 31,

2001, the committee's members were: Keith F. Carney, Chairman, Nuno Brandolini and John K. Howie.

The Compensation Committee reviews and approves the salaries and other compensation for the executive officers of the Company. The Compensation Committee also determines the eligible persons to whom stock options may be granted, the time or times at which options shall be granted, the number of shares of common stock subject to each option, the exercise price for the purchase of shares subject to each option, the time or times when each option shall become exercisable and the duration of the exercise period. The committee also has discretionary authority to interpret the stock option plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the details and provisions of each stock option agreement, and to make all determinations necessary or advisable in administration of the plan. The Compensation Committee held one meeting and there was one unanimous consent in lieu of a meeting during 2001. The committee's members during 2001 from January 1

5

through September 30 were: Emanuel Butler, Chairman, Nuno Brandolini and John K. Howie. From October 1 through December 31, 2001, the Committee members were: John K. Howie, Chairman, Keith F. Carney and Paul J. Hoenmans.

DIRECTOR COMPENSATION

During the fiscal year ended December 31, 2001, directors received no cash remuneration for serving on the Board of Directors of the Company, nor were they compensated for attending Board or committee meetings. From time to time, outside members of the Board of Directors (those who do not serve as executive officers of the Company) are compensated for their services to the Company through the grant of options to purchase Common Stock of the Company.

In November 2001, the Board of Directors granted options to purchase 25,000 shares of Common Stock to each of its outside directors, Messrs. Brandolini, Carney and Howie, and 50,000 shares of Common Stock to its outside director, Mr. Hoenmans, in recognition of their service to the Company. The options vested fully on the date of grant and are not contingent upon the Company's achievement of earnings goals. The options are exercisable at a price of \$1.06 per share, the closing market price on The American Stock Exchange on the date of the grants. The options expire five years from the date of grant.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE SEVEN NOMINEES AS DIRECTORS OF THE COMPANY, TO SERVE UNTIL THE NEXT ANNUAL MEETING OF STOCKHOLDERS OR UNTIL THEIR SUCCESSORS ARE DULY ELECTED AND QUALIFIED.

PROPOSED AMENDMENT TO 1997 STOCK OPTION PLAN INCREASING NUMBER OF SHARES SUBJECT TO PLAN

The Company's Board of Directors has approved and declared the advisability of amending the Company's 1997 Stock Option Plan (the "Plan") to increase the total number of shares of Common Stock subject to the Plan from 1,500,000 to 2,000,000. The amendment would change the first sentence of Article V Section 5.1 to read:

"Subject to adjustment pursuant to the provisions of Section 5.2 hereof, the maximum number of shares of Common Stock which may be issued and sold hereunder shall be 2,000,000."

The purpose of the Plan is to advance the interests of the Company and its stockholders and subsidiaries by attracting, retaining and motivating the performance of selected directors, officers, and employees of the Company of high caliber and potential upon whose judgment, initiative and effort the Company is largely dependent for the successful conduct of its business, and to encourage and enable such directors, officers, and employees to acquire and retain a proprietary interest in the Company by ownership of its stock. The purpose of the amendment is to provide the Company with maximum flexibility and additional resources with which to achieve the objectives of the Plan.

General and Administration. The Plan provides for the grant of Nonqualified Stock Options and Incentive Stock Options (collectively, "Options"). It is administered by a committee (the "Committee") comprised solely of directors, each of whom is a "non-employee director" as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended ("Exchange Act"), as selected by the Board of Directors; provided, however, with respect to any Nonqualified Stock Options for directors who are Committee members, the Board of Directors shall function in the capacity as the Committee under the Plan. The Committee will select the persons who, from time to time, will receive Options, the number that they are to receive, the Option price of the shares, the vesting date, and the expiration date.

Shares of Stock Subject to Plan. Pursuant to the Plan, the Company may grant Options exercisable for up to 1,500,000 shares of Common Stock, which is proposed to be increased to 2,000,000. Those shares may be either authorized but unissued shares or shares held in the Company's treasury. If any outstanding Option terminates for any reason, the shares of Common Stock subject to the unexercised portion of such Option become available for new Option grants. The number of shares of Common Stock which may be issued under the Plan and pursuant to then outstanding Stock Options are subject to adjustments to prevent enlargement or dilution of rights resulting from stock dividends, stock splits, recapitalizations, reorganizations or similar transactions.

Options. The two types of Options which the Committee may grant under the Plan are Nonqualified Stock Options and Incentive Stock Options. Incentive Options may only be granted to Eligible Persons who are considered employees of the Company or any Subsidiary. An Option will be effective on the date it is approved by the Committee unless the Committee specifies a later effective date. The Company and the Optionee shall enter into a Stock Option Agreement which details the terms and conditions of the Options granted. The Committee sets the Option price; however, the Option price of an Incentive Stock Option shall not be less than 100% (110% in the case of certain 10% shareholders) of the fair market value of a share of Common Stock on the date of grant. A Nonqualified Stock Option that is intended to qualify as performance based compensation to an officer subject to Section 162(m) of the Code must be granted with an exercise price equal to 100% of the fair market value of a share of Common Stock on the grant date. An Option shall vest and become exercisable as stated in the applicable Stock Option Agreement, provided that the Optionee is an eligible Person on the applicable vesting dates. The Committee has sole discretion to accelerate any Option at any time. An Option must be exercised within ten years from the date of grant unless a shorter period is specified in the Stock Option Agreement.

An Option may be exercised wholly or in part, in whole share increments, at any time within the period permitted for exercise. Only the Optionee may exercise an Option during the Optionee's lifetime, except that in the case of an Optionee who is legally incapacitated, the Option shall be exercisable by the Optionee's guardian or legal representative. Optionees may not transfer Options other than by will or the laws of descent and distribution.

Tax Consequences to the Company. An Optionee does not recognize any income for federal tax purposes at the time a Nonqualified Stock Option is granted, and the Company is not then entitled to a deduction. When any Nonqualified Stock Option is exercised, the Optionee recognizes ordinary income in an amount equal to the difference between the fair market value of the shares on the exercise date and the exercise price of the Nonqualified Stock Option, and the Company generally recognizes a tax deduction in the same amount.

The Company is not entitled to a tax deduction as the result of the grant or qualified exercise of an Incentive Stock Option. If an Optionee disposes of shares acquired upon exercise of an Incentive Stock Option within either two years after the date of its grant or one year after its exercise, the disposition is a disqualifying disposition and the Optionee will recognize ordinary income in the year of such disposition. The Company generally is entitled to a deduction in the year of the disqualifying disposition in an amount equal to the ordinary income recognized by the Optionee as a result of such disposition.

Taxable compensation earned by certain named executive officers subject to Section 162(m) of the Code in respect of stock options is generally intended to satisfy the requirements for "qualified performance-based compensation," but no assurance can be provided that the Company will be able to satisfy these requirements in all cases, and the Company may, in its sole discretion, determine in one or more cases that it is in its best interest not to satisfy these requirements even if it is able to do so.

Termination of Service. Unless otherwise provided in the Stock Option Agreement, if an Optionee dies after the date of grant, the executor or administrator of the Optionee's estate, or anyone to whom an outstanding Option has been validly transferred by will or the laws of descent and distribution, will have the right, within one year after the Optionee's death, to exercise any portion of the Option which was exercisable but unexercised at the time of the Optionee's death. If an Optionee's employment or other service with the Company or any Subsidiary is terminated due to permanent and total disability at any time after grant, the Optionee, or his legal guardian or representative, will have the right, within one year of the date of the Optionee's disability, to exercise any portion of the outstanding Option which was exercisable but unexercised at the time of the Optionee's termination due to disability. The period for exercise of an Option after the date of death or disability is limited by the maximum term set for exercise in the Stock Option Agreement. The Committee may determine at or after the grant to make any

immediately vested and exercisable. Unless otherwise provided in the Stock Option Agreement, if an Optionee's employment or other service with the Company or any Subsidiary is terminated for cause (as defined in the Plan), the Optionee's right to exercise any unexercised portion of any Option will terminate and all rights under any Option will cease. If an Optionee's employment or other service with the Company is terminated for any reason other than death, permanent and total disability, or for cause, the Optionee will have the right to exercise any Option to the extent it was exercisable and unexercised on the date of termination during the period which ends the earlier of 90 days after termination or the date that the Option expires.

Change in Control. Upon a "Change in Control" (as defined in the Plan) of the Company, the unvested portion of every outstanding Option will become fully and immediately vested and an Optionee must surrender his or her Option and receive, for each share of Common Stock issuable under the Option outstanding at such time, a cash payment equal to the excess of the fair market value of the Common Stock at the time of the Change in Control over the Option price of the Common Stock. The vesting and cash payment described above will not occur if (i) the Change in Control was approved by at least two-thirds of the Board who were serving as such immediately prior to the transaction and (ii) provision has been made in connection with such transaction for (a) the continuation of the Plan and/or the assumption of such Options by a successor corporation (or a parent or subsidiary thereof) or (b) the substitution for such Options of new Options covering the stock of a successor corporation (or a parent or subsidiary thereof), with appropriate adjustments as to the number and kinds of shares and exercise prices.

Termination and Amendment. The Plan terminates in April 2007. The Board may, in its sole discretion and at any earlier date, terminate the Plan; provided, however, no termination of the Plan shall in any manner affect any Option already granted under the Plan without the consent of the Optionee or the permitted transferee of the Option. The Board may at any time and from time to time, amend or modify the Plan; however, no amendment or modification of the Plan shall in any manner affect any Option already granted under the Plan without the consent of the Optionee or the permitted transferee of the Option and certain amendments may require stockholder approval.

Certain Securities Law Matters. The Company has registered under the Securities Act of 1933 the common stock reserved for issuance under the Plan on a registration statement on Form S-8 and intends to register the additional shares in the same fashion if the amendment to the Plan is approved.

8

New Plan Benefits. The Board of Directors has voted to grant stock options as set forth in the following table, contingent upon the stockholders' approval of the proposed amendment to the 1997 Stock Option Plan. Options to be granted to employees of the Company will vest equally over four years and are not contingent upon the Company's achievement of earnings goals. The options expire after the earlier of five years after the date granted or six months after the termination of the optionholder's employment with the Company for any reason other than retirement, death or disability.

The Company's Certificate of Incorporation and Bylaws provide that the Company shall indemnify its directors and officers to the fullest extent possible under Delaware law. These indemnification provisions require the Company to indemnify such persons against certain liabilities and expenses to which they may become subject by reason of their service as a director or officer of the Company or any of its affiliated enterprises. REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

During fiscal 2000, the Committee of the Board of Directors developed a written charter for the Committee, which was approved by the full Board. The complete text of the charter, which reflects standards set forth in new SEC regulations and The American Stock Exchange rules, is reproduced in the appendix to the Company's 2001 proxy statement.

The function of the Committee is to assist the Board in fulfilling its oversight responsibilities through regular or special meetings with management and the independent accountants on matters relating to:

- the Company's financial reporting in the Quarterly Reports on Form 10-Q and the Annual Report on Form 10-K,
- the Company's system of internal controls,
- the Company's relationship with its independent accountants,
- the Company's audit and accounting processes generally, and
- the Company's systems and policies to comply with applicable laws and regulations.

14

In carrying out this function, the Committee provides independent and objective oversight of the performance of the Company's financial reporting process, system of internal controls and legal and regulatory compliance system. The Committee provides for open, ongoing communication among the independent accountants, financial and senior management and the Board concerning the Company's financial and compliance position and affairs. The Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities and shall be empowered to retain independent counsel, accountants, or others to assist it in the conduct of any investigation. The Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Company's financial statements and complying with applicable laws and regulations. The members of the Committee other than Keith Carney are independent. Mr. Carney served as Chief Financial Officer and Treasurer of the Company from July 1996 through November 1997 and as Executive Vice President from 1997 through August 2001. He left the Company to serve as President of Dolomite Advisors, LLC, a manager of energy investment funds. Mr. Carney has served on the Board since October 2001. The Board has determined that Mr. Carney's membership on the Audit Committee is required by the best interests of the Company and its stockholders because his experience as the chief financial officer of a public company makes him the most highly qualified individual on the Board to serve on the Audit Committee. As a result of his employment with the Company during the last three years, Mr. Carney does not satisfy the definition of an "independent director" under the American Stock Exchange rules. However, because those rules allow one director who does not meet the definition to nevertheless serve on the Audit Committee, the Board has appointed him to that position for the reason stated above.

In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's independent accountants to review and discuss all audited financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards (FAS) No. 61 (Codification of Statements on Auditing Standards, AU 380) as amended by FAS 90. With respect to the Company's outside auditors, the Committee, among other things, discussed with PricewaterhouseCoopers LLP matters relating to its independence, including the written disclosures and the letter from the outside accountants provided to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Finally, the Committee continued to monitor the scope and adequacy of the Company's internal control system. On the basis of these reviews and discussions, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's

audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

INDEPENDENT ACCOUNTANTS' FEES

AUDIT FEES

Aggregate fees for professional services rendered by PricewaterhouseCoopers LLP in connection with the audit of the Company's financial statements and reviews of interim financial statements for the fiscal year ended December 31, 2001 were \$96,000.

15

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

During the fiscal year ended December 31, 2001, PricewaterhouseCoopers LLP rendered no professional services in connection with the design and implementation of financial information systems as used in paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X.

ALL OTHER FEES

In addition to the fees described above, aggregate fees of \$145,500 were billed to the Company by PricewaterhouseCoopers LLP for the fiscal year ended December 31, 2001 for other professional services such as tax return preparation, review of registration statements and consultation related to comment letters from the Securities and Exchange Commission. The Audit Committee has discussed the non-audit services provided by PricewaterhouseCoopers LLP and the related fees and has considered whether those services and fees are compatible with maintaining auditor independence.

GENERAL

None of the hours expended on the engagement of PricewaterhouseCoopers LLP to audit the Company's financial statements for the fiscal year ended December 31, 2001 were attributed to work performed by persons other than PricewaterhouseCoopers LLP permanent full-time employees.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for the fiscal year ended December 31, 2001:

The Compensation Committee, which is comprised of non-employee directors of the Company, establishes the general compensation policies of the Company, establishes the compensation plans and compensation levels for officers and certain other key employees and administers the Company's stock option plan. The Committee also establishes salary ranges for officers and certain key employees, and generally approves specific amounts within those ranges on the recommendation of management.

In establishing compensation policies, the Committee believes that cash compensation of executive officers, as well as other key employees, should be competitive with other similar oil and gas companies or other business opportunities available to such executive officers and key employees while, within the Company, being fair and discriminating on the basis of personal performance. Periodic awards of stock options are intended to both retain executives and to motivate them to accomplish long-term growth objectives and improve long-term market performance.

The Committee has from time to time retained outside compensation consultants to conduct compensation surveys and advise the Committee concerning compensation matters, and the Committee has surveyed the executive compensation levels of companies in the oil and gas industry that are similar to the Company.

The Company seeks to relate a significant portion of the potential total

executive compensation to the Company's financial performance. In general, executive financial rewards at Cheniere may be segregated into the following components: salary and stock-based benefits. The Committee has not awarded any bonus compensation, except for a December 2000 award of \$100,000 and a November 2001 award of \$50,000 to the Company's Chairman. Payment of the November 2001 award is contingent upon the occurrence of certain liquidity events.

Base compensation for senior executive officers is intended to afford a reasonable degree of financial security and flexibility to those individuals who are regarded by the Committee as acceptably discharging the levels and types of responsibility implicit in their respective executive positions.

16

The Committee is of the view that properly designed and administered stock-based incentives for senior executives closely align the executives' economic interests with those of stockholders and provide a direct continuing focus upon the goal of constantly striving to increase long-term stockholder value. Toward that goal, the Company established the Cheniere Energy, Inc. 1997 Stock Option Plan and has made periodic grants of stock options to its officers and other key employees. See "Management - Executive Compensation" and "Management - Option Grants."

Chief Executive Officer's Compensation. The Committee determines the compensation of the Chief Executive Officer in substantially the same manner as the compensation of the other officers. In establishing the base salary for Mr. Reimer for the 2001 fiscal year, the Committee assessed (i) the performance of the Company, (ii) total return to stockholders, (iii) progress toward implementation of the Company's strategic business plan and (iv) compensation levels of chief executive officers of similar companies in the oil and gas industry. The performance by the Company is measured by, among other things, corporate net earnings, revenues and a comparison to similar companies in the oil and gas industry.

Mr. Reimer served as President and Chief Executive Officer of the Company for the year ended December 31, 2001. Mr. Reimer received a base salary at the rate of \$180,000 per year. On November 9, 2001 the Committee awarded him 120,000 stock options at an exercise price of \$1.06 per share, the closing market price of the Common Stock on that date, including 62,899 stock options granted contingent upon stockholder approval of the proposed Amendment to the 1997 Stock Option Plan described herein.

Omnibus Budget Reconciliation Act of 1993. Section 162(m) of the Omnibus Budget Reconciliation Act of 1993 limits the deductibility to the Company of cash compensation in excess of \$1 million paid to the Company's chief executive officer and the next four highest paid officers during any fiscal year, unless such compensation meets certain requirements. During 2001, the Committee reviewed compensation programs in light of the requirements of this law. The Committee does not expect the law to impact the Company in 2002 or for the foreseeable future in any significant way, if at all.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

BSR Investments, Ltd. ("BSR"), an entity holding approximately 9.7% of the outstanding shares of the Company's Common Stock, is under the control of Nicole Souki, the mother of Charif Souki, Chairman of the Board of Directors. Charif Souki has been engaged, from time to time, as a consultant to BSR. Charif Souki disclaims beneficial ownership of all shares held by BSR.

BSR purchased \$2,000,000 of the notes issued in the Company's \$4,000,000 December 1997 Bridge Financing and pledged a portion of its investment in Cheniere Common Stock to fund its participation. In conjunction with the financing, BSR received warrants to purchase 41,667 shares of the Company's common stock. On September 15, 1998, BSR received warrants to purchase an additional 100,000 shares of common stock as consideration for extending the maturity of the notes to that date. Also in September 1998, the exercise price of the warrants held by BSR was reduced from \$9.50 to \$6.00 per share as consideration to extend the maturity date of the

notes to January 15, 1999. In March 1999, BSR exchanged notes payable of \$2,000,000 for 694,445 shares of Cheniere Common Stock (\$2.88 per share). In May 1999, BSR purchased from another note holder \$240,000 in short-term notes payable by Cheniere. In July 1999, the Company repaid \$120,000 to BSR at the time it repaid 50% of the outstanding balances on all of the notes issued in the December 1997 Bridge Financing. On September 30, 1999, BSR exchanged its remaining \$120,000 note payable and \$1,000 in accrued interest for 27,500 units (\$4.40 per unit), each unit representing one share of common stock and one half warrant to purchase a share of common stock at an exercise price of \$6.00 per share on or before September 30, 2002. In April 2000, the Company issued an additional 1,100 units, representing 1,100 shares of Common Stock and warrants to purchase 1,100 shares of Common Stock, to BSR pursuant to a price adjustment provision included in the September 1999 offering.

In conjunction with certain of the Company's private placements of equity, placement fees have been paid to Investors Administration Services, Limited ("IAS"), a company in which the brother of Charif Souki, Cheniere's Chairman, is a principal. Placement fees paid to IAS totaled \$30,000 during the year ended December 31, 2001.

In September 2001, the Company made a payment of \$40,000 to its chairman, Charif Souki, representing consulting fees for the months of October 2001 through January 2002.

All such transactions were approved by the Board of Directors of the Company, and the Company believes that each such transaction was on terms that were comparable to, or more favorable to the Company than, those that might have been obtained by the Company on an arm's length basis from unaffiliated parties.

OTHER MATTERS

REQUIRED VOTE

Only holders of Common Stock as of the Record Date will be entitled to vote in person or by proxy at the meeting. A majority of issued and outstanding shares of Common Stock as of the Record Date represented at the meeting in person or by proxy will constitute a quorum for the transaction of business. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Provided that a quorum is present at the meeting, (i) the seven director nominees who receive the greatest number of votes cast for election by stockholders entitled to vote therefor will be elected directors, (ii) the proposed amendment to the Company's 1997 Stock Option Plan will require approval by a majority of shares entitled to vote thereon at the meeting and (iii) approval of PricewaterhouseCoopers LLP as independent accountants will require approval by a majority of shares represented in person or by proxy and entitled to vote at the annual meeting. Because broker non-votes are not considered "shares present" with respect to matters requiring the affirmative vote of a majority of shares represented in person or by proxy at the meeting, broker non-votes will not affect the outcome with respect to the proposed amendment to the Company's 1997 Stock Option Plan and the approval of PricewaterhouseCoopers LLP as independent accountants. Abstentions with respect to the proposed amendment to the Company's 1997 Stock Option Plan and the approval of PricewaterhouseCoopers LLP as independent accountants will have the same effect as a vote against approval thereof, but will have no effect with respect to the election of directors.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, directors, certain officers, and beneficial owners of 10% or more of any class of the Company's stock ("Reporting Persons") are required from time to time to file with the Securities and Exchange Commission and The American Stock Exchange reports of ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons by it with respect to the fiscal year ended December 31, 2001, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders have been met, except for the late filing of a Form 4 by Walter Williams.
