Cheniere Energy Reports Second Quarter 2007 Results

HOUSTON--(BUSINESS WIRE)--Aug. 8, 2007--Cheniere Energy, Inc. (AMEX:LNG) reported a net loss of \$41.1 million, or \$0.76 per share (basic and diluted), for the second quarter of 2007 compared with a net loss of \$3.6 million, or \$0.07 per share (basic and diluted), during the corresponding period in 2006.

This quarter was characterized by several milestones including the construction and placement of roofs on three storage tanks at Sabine Pass LNG, groundbreaking on the Creole Trail pipeline and the successful execution of a supply contract with Gaz de France and the launch of an online system to capture value in the global LNG arbitrage market.

The primary reasons for the \$37.5 million increase in the net loss between corresponding quarters in 2006 and 2007 include general and administrative expenses increasing by \$16.5 million principally related to personnel costs necessary for the expansion of the Cheniere's business and the effect in 2006 of capitalizing as regulatory assets \$12.3 million of previously expensed pipeline development costs.

As of June 30, 2007, Cheniere had unrestricted cash and cash equivalents of \$710.8 million compared to \$463.0 million at December 31, 2006. The primary sources of the increase were the receipt of \$203.9 million in net proceeds from the sale of Cheniere Energy Partners, L.P. ("Cheniere Partners") (AMEX:CQP) common units to the public and receipt of \$391.7 million in net proceeds from a \$400 million term loan in May 2007. Part of the proceeds of the term loan were used by the company to purchase 6,000,000 shares of its common stock at a cost of \$212.5 million in partial fulfillment of Cheniere's announced plans to purchase an aggregate of 9,175,595 shares of its common stock. As previously announced, Cheniere completed the purchase of the 9,175,595 shares of its common stock on July 26, 2007.

At June 30, 2007, Cheniere held restricted cash, cash equivalents and treasury securities totaling \$1.0 billion and comprised of \$619.6 million dedicated to the completion of the construction of the Sabine Pass LNG receiving terminal construction including expansion to 4 billion cubic feet per day of throughput capacity, \$280.9 million reserved for interest payments on the Sabine Pass LNG, L.P. senior notes and \$97.8 million as a reserve for distributions to Cheniere Partners' common unit holders.

Cheniere Energy, Inc. is developing a network of three LNG receiving terminals and related natural gas pipelines along the Gulf Coast of the United States. Cheniere is pursuing related business opportunities both upstream and downstream of the terminals. Cheniere is also the founder and holds a 30% limited partner interest in a fourth LNG receiving terminal.
