PROXY STATEMENT

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the "Board") of Cheniere Energy, Inc. ("Cheniere," the "Company," "we," "us" or "our"), a Delaware corporation, of proxies to be voted at our 2013 Annual Meeting of Stockholders and any adjournment or postponement thereof.

You are invited to attend our Annual Meeting of Stockholders ("Meeting") on June 6, 2013, beginning at 9:00 a.m., Central Daylight Time. The Meeting will be held in the Crystal Ballroom at the Post Rice Lofts, 909 Texas Avenue, Houston, Texas 77002.

This Notice of Annual Meeting, Proxy Statement, proxy card and 2012 Annual Report on Form 10-K for the year ended December 31, 2012, are first being mailed to stockholders on or about April 26, 2013.

Do I need a ticket to attend the Meeting?

You will need an admission ticket or proof of ownership to enter the Meeting.

If your shares are held beneficially in the name of a bank, broker or other holder of record and you plan to attend the Meeting, you must present proof of your ownership of Cheniere stock, as of April 8, 2013, such as a bank or brokerage account statement, to be admitted to the Meeting. If you would rather have an admission ticket, you can obtain one in advance by mailing a written request with proof of your ownership of Cheniere stock as of April 8, 2013, to:

Cheniere Energy, Inc.
Attention: Investor Relations
700 Milam Street, Suite 800
Houston, Texas 77002

If you have any questions about attending the Meeting, you may contact Investor Relations at info@cheniere.com or 713-375-5100.

Stockholders also must present a valid government-issued picture identification in order to be admitted to the Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted at the Meeting.

Who is entitled to vote at the Meeting?

Holders of Cheniere common stock at the close of business on April 8, 2013 (the "Record Date"), are entitled to receive this Notice and to vote their shares at the Meeting. As of the Record Date, there were 241,319,872 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with Cheniere's transfer agent, Computershare Trust Company, N.A., you are considered the "stockholder of record" of those shares. The Notice of Annual Meeting, Proxy Statement, proxy card and 2012 Annual Report on Form 10-K for the year ended December 31, 2012, have been sent directly to you by Cheniere.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of such shares held in street name. The Notice of Annual Meeting, Proxy Statement, proxy card and 2012 Annual Report on Form 10-K for the year ended December 31, 2012, have been forwarded to you by your broker, bank or other holder of record, who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How do I vote?

You may vote using any of the following methods:

By Mail

You may submit your proxy vote by mail by signing a proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed. If you do not indicate your voting preferences, your shares will be voted as recommended by the Board; provided, however, if you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on the following proposals if your bank, broker or other holder of record does not receive voting instructions from you: Proposal 1 to elect directors and Proposal 2 to approve, on an advisory and non-binding basis, the compensation awarded to the Company's named executive officers for the year 2012.

By telephone or on the Internet

If you have telephone or Internet access, you may submit your proxy vote by following the instructions provided on your proxy card or voting instruction form. If you are a beneficial owner, the availability of telephone and Internet voting will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

In person at the Meeting

If you are the stockholder of record, you have the right to vote in person at the Meeting. If you are the beneficial owner, you are also invited to attend the Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Meeting unless you obtain a "legal proxy" from your broker, bank or other holder of record that holds your shares, giving you the right to vote the shares at the Meeting.

Can I revoke my proxy?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

- written notice to the Corporate Secretary of the Company;
- timely delivery of a valid, later-dated proxy; or
- voting by ballot at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other holder of record. You may also vote in person at the Meeting if you obtain a legal proxy as described in the answer to the preceding question.

What shares are included on the proxy card?

If you are a stockholder of record, you will receive a proxy card for the shares you hold in certificate form or in book-entry form.

If you are a beneficial owner, you will receive voting instructions from your bank, broker or other holder of record.

Is there a list of stockholders entitled to vote at the Meeting?

The names of stockholders of record entitled to vote at the Meeting will be available at the Meeting and for ten days prior to the Meeting for any purpose germane to the Meeting. The list will be available between the hours of 8:30 a.m. and 4:30 p.m. Central Daylight Time, at our offices at 700 Milam Street, Suite 800, Houston, Texas 77002, by contacting the Corporate Secretary of the Company.

What are the voting requirements to elect the directors and to approve each of the proposals discussed in this Proxy Statement?

The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock entitled to vote at the Meeting is necessary to constitute a quorum. In the absence of a quorum at the Meeting, the Meeting may be adjourned from time to time without notice, other than an announcement at the Meeting, until a quorum shall be present. Abstentions and "broker non-votes"

represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for purposes of determining a quorum. "Broker non-votes" occur when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal 1—Directors are elected by a plurality of the votes cast at the Meeting, and the three nominees who receive the most votes will be elected. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the three nominees for director because the election of directors is not considered a "routine" matter. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2—To be approved, Proposal 2 regarding the compensation awarded to the Company's named executive officers for the year 2012 must receive the affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote at the Meeting with respect to Proposal 2. Because your vote is advisory, it will not be binding on the Board of Directors or the Company. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 2 without specific instructions from you because Proposal 2 is not considered a "routine" matter. Abstentions and broker non-votes will be counted against Proposal 2.

Proposal 3—To be approved, Proposal 3 to ratify the appointment of Ernst & Young LLP must receive the affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote at the Meeting with respect to Proposal 3. Proposal 3 is considered a "routine" matter and, therefore, if you are a beneficial owner, your bank, broker or other holder of record has the authority to vote your shares on Proposal 3 if you

have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions will be counted as a vote against Proposal 3.

Could other matters be decided at the Meeting?

As of the date of this Proxy Statement, we do not know of any matters to be raised at the Meeting other than those referred to in this Proxy Statement.

If other matters are properly presented for consideration at the Meeting, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. We have hired Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902, to solicit proxies. We will pay Morrow & Co., LLC a fee of \$8,500 plus expenses for these services.

Who will count the vote?

Broadridge Financial Solutions, Inc., an independent third party, will tabulate the votes.

PROPOSAL 1—ELECTION OF CLASS III DIRECTORS

Directors and Nominees

The Board is divided into three classes. At the Meeting, Vicky A. Bailey, David B. Kilpatrick and G. Andrea Botta will be nominated to serve as Class III directors. Each nominee, if elected, will hold office for a one-year term expiring at the 2014 annual meeting of stockholders and will serve until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal.

Unless your proxy specifies otherwise or withholds authority to vote for one or more nominees named thereon and described below, it is intended that the shares represented by your proxy will be voted for the election of these three nominees. If you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on Proposal 1 to elect directors if the bank, broker or other holder of record does not receive voting instructions from you. Proxies cannot be voted for a greater number of persons than the number of nominees named. The Board is unaware of any circumstances likely to render any nominee unavailable.

The Board of Directors recommends a vote FOR the election of the three nominees as Class III directors of the Company, to hold office for a one-year term expiring at the 2014 annual meeting of stockholders or until their successors are duly elected and qualified.

The individuals listed below currently serve on the Board of the Company. Each of the Class III directors is standing for re-election and has consented to serve as a director if re-elected.

Governance Information

Director Independence

The Board determines the independence of each director and nominee for election as a director in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC") and the NYSE MKT LLC independence standards, which are listed below. The Board also considers relationships that a director may have:

- as a partner, shareholder or officer of organizations that do business with or provide services to Cheniere;
- as an executive officer of charitable organizations to which we have made or make contributions; and
- that may interfere with the exercise of a director's independent judgment.

The NYSE MKT LLC independence standards state that the following list of persons shall not be considered independent:

- a director who is, or during the past three years was, employed by the Company or by any parent or subsidiary of the Company;
- a director who accepts, or has an immediate family member who accepts, any payments from the Company or any parent or subsidiary of the Company in excess of \$120,000 during any period of twelve consecutive months within the past three fiscal years other than compensation for Board or committee services, compensation paid to an immediate family member who is a non-executive employee of the Company, compensation received for former service as an interim executive officer provided the interim service did not last longer than one year, or benefits under a tax-qualified retirement plan, or non-discretionary compensation;
- a director who is an immediate family member of an individual who is, or has been in any of the past three years, employed by the Company or any parent or subsidiary of the Company as an executive officer;
- a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;
- a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the Company's executive officers serve on the compensation committee of such other entity; or
- a director who is, or has an immediate family member who is, a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

As of April 4, 2013, the Board determined that Messrs. Botta, Carney, Deutch, Hoenmans, Kilpatrick and Williams and Ms. Bailey are independent, and none of them has a relationship that may interfere with the exercise of his or her independent judgment.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. Mr. Souki serves as Chairman of the Board and Chief Executive Officer. From time to time, the Board considers whether Mr. Souki continues to be the appropriate person to serve in the combined role of Chairman and Chief Executive Officer. The Board has determined that Mr. Souki should

continue to serve in the combined role of Chairman and Chief Executive Officer based on various factors. First, as a co-founder of the Company, Mr. Souki's leadership and vision for the Company have been instrumental in its development and its overall strategy in the LNG marketplace. Second, the Company's execution of its liquefaction project is dependent on Mr. Souki's continued leadership. Finally, Mr. Souki has the confidence of the Board and the Company to continue to implement the Company's business plan.

In addition to these factors, the Company has in place sound counter-balancing mechanisms to ensure the continued accountability of the Chief Executive Officer to the Board. These counter-balancing mechanisms include:

- The Board has appointed a Lead Director to provide independent leadership to the Board, to ensure that the Board operates independently of management and that directors have an independent leadership contact;
- Each of the Board's standing committees, including the Audit, Compensation and Governance and Nominating Committees, are comprised of and chaired solely by non-employee directors who meet the independence requirements under the NYSE MKT LLC listing standards and the SEC;
- The independent directors of the Board, along with the Compensation Committee, evaluate the Chief Executive Officer's performance, and the Compensation Committee determines his compensation;
- The independent directors of the Board meet in regular executive sessions without management present to discuss the effectiveness of the Company's management, including the Chief Executive Officer, the quality of the Board meetings and any other issues and concerns; and
- The Governance and Nominating Committee has oversight of succession planning, both planned and emergency, and the Board has approved an emergency Chief Executive Officer succession process.

The Board does not believe that its leadership structure affects the Board's role in risk oversight. See the discussion on the "*Board's Role in Risk Oversight*" below. The Board does not currently have a policy as to whether the role of Chief Executive Officer and Chairman should be separate, and it has the ability to separate these roles in the future if it determines that such a separation would be in the best interest of the Company and its stockholders.

Independent Lead Director. In light of the fact that the Company's Chairman position is held by a non-independent director, the Board has established the position of Lead Director to provide independent leadership to the Board. The Lead Director's role exists to ensure that the Board operates independently of management and that directors have an independent leadership contact. Mr. Carney currently serves as the Lead Director of the Board. The responsibilities of the Lead Director, which have been formally adopted by the Board, outline the Lead Director's role. The responsibilities of the Lead Director are to:

- advise the Chairman of the Board as to an appropriate schedule of Board meetings, seeking to ensure that the independent directors can perform their duties responsibly, while not interfering with the flow of the Company's operations;
- provide the Chairman of the Board with input as to the preparation of agendas for the Board and committee meetings;
- advise the Chairman of the Board as to the quality, quantity and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties, and while the Company's management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material;
- recommend to the Chairman of the Board the retention of consultants who report directly to the Board;

Board's Role in Risk Oversight. Risks that could affect the Company are an integral part of Board and committee deliberations throughout the year. The Board has oversight responsibility for assessing the primary risks (including liquidity, credit, operations and regulatory compliance) facing the Company, the relative magnitude of these risks and management's plan for mitigating these risks. In addition to the Board's oversight responsibility, the committees of the Board consider the risks within their areas of responsibility. The Board and its committees receive regular reports directly from members of management who are responsible for oversight of particular risks within the Company. The Audit Committee discusses with management the Company's major financial and risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Board and its committees regularly discuss the risks related to the Company's business strategy at their meetings.

Director Nominations and Qualifications

Director Nomination Policy and Procedures. Our Director Nomination Policy and Procedures are attached to the Governance and Nominating Committee's written charter as Exhibit A, which is available on our website at www.cheniere.com. The Governance and Nominating Committee considers suggestions for potential director nominees to the Board of Directors from any source, including current members of the Board of Directors and our management, advisors and stockholders. The Governance and Nominating Committee of the Board of Directors evaluates potential nominees by reviewing their qualifications, results of personal and reference interviews and any other information deemed relevant. Director nominees are recommended to the Board of Directors by the Governance and Nominating Committee. The full Board of Directors will select and recommend candidates for nomination as directors for stockholders to consider and vote upon at the annual stockholders' meeting. The Governance and Nominating Committee reviews and considers any candidates submitted by a stockholder or stockholder group in the same manner as all other candidates.

Qualifications for consideration as a director nominee vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, minimum criteria for selection of members to serve on our Board of Directors include the following:

- highest ethical standards and integrity;
- willingness to act on and be accountable for Board decisions;
- high level of education and/or business experience;
- broad-based business acumen;
- understanding of the Company's business and industry;
- strategic thinking and willingness to share ideas;
- loyalty and commitment to driving the success of the Company;
- network of contacts; and
- diversity of experiences, expertise and backgrounds among members of the Board of Directors.

Practices for Considering Diversity. The minimum criteria for selection of members to serve on our Board of Directors ensures that the Governance and Nominating Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance and regulatory compliance. Each year the Board of Directors and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Stockholder Nominations for Director. A stockholder of the Company who is entitled to vote at a meeting of stockholders called for the election of directors may nominate candidates for election to the Board of Directors. Nominations made by a stockholder must be made by giving notice in writing to the Corporate Secretary of the Company before the later to occur of (i) 60 days prior to the date of the meeting of stockholders called for the election of directors or (ii) 10 days after the Board of Directors makes public disclosure of the date of such meeting. In no event will the public disclosure of an adjournment of an annual meeting of stockholders commence a new time period for the giving of a stockholder's notice as described above. A stockholder's notice must set forth the following information as to each person whom the stockholder proposes to nominate for election or re-election as a director: (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of capital stock of the Company that are then beneficially owned by such person, (iv) any other information relating to such person that is required by law or regulation to be disclosed in solicitations of proxies for the election of directors of the Company and (v) such person's written consent to being named as a nominee for election as a director and to serve as a director, if elected. A stockholder's notice must also set forth the following information as to the stockholder giving the notice: (i) the stockholder's name and address as they appear in the stock records of the Company, (ii) the class and number of shares of capital stock of the Company that are then beneficially owned by the stockholder, (iii) a description of all arrangements or understandings between the stockholder and each nominee for election as a director and any other person or persons (naming such person or persons), relating to the stockholder's nomination and (iv) any other information required by law or regulation to be provided by a stockholder intending to nominate a person for election as a director of the Company.

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), a public company's corporate income tax deduction is capped at \$1 million per year for amounts paid to the company's chief executive officer and any of the three other highest paid executives, excluding the chief financial officer, who are employed as of the end of the year. However, the \$1 million cap does not apply to performance-based compensation that is paid because of the attainment of one or more pre-established and objective performance goals adopted by a compensation committee consisting of two or more "outside directors." Indemnification of Officers and Directors

Our Restated Certificate of Incorporation, as amended, and Amended and Restated By-laws, as amended (“By-laws”), provide that the Company shall indemnify its directors and officers to the fullest extent possible under Delaware law. These indemnification provisions require the Company to indemnify such persons against certain liabilities and expenses to which they may become subject by reason of their service as a director or officer of the Company or any of its affiliated enterprises. The provisions also set forth certain procedures, including the advancement of expenses, that apply in the event of a claim for indemnification.

We have also entered into an Indemnification Agreement with each member of our Board of Directors and each officer of the Company. The Indemnification Agreement provides for indemnification for all expenses and claims that a director or officer incurs as a result of actions taken, or not taken, on behalf of the Company while serving as a director, officer, employee, controlling person, agent or fiduciary of the Company, or any subsidiary of the Company, with such indemnification to be paid within 25 days after demand. The Indemnification Agreement provides that no indemnification will generally be provided (1) for claims brought by the director or officer, except for a claim of indemnity under the Indemnification Agreement, if the Company approves the bringing of such claim, or if the Delaware General Corporation Law requires providing indemnification because the director or officer has been successful on the merits of such claim, (2) for claims under Section 16(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), (3) if the director or officer did not act in good faith or in a manner reasonably believed by the director or officer to be in or not opposed to the best interests of the Company, (4) if the director or officer had reasonable cause to believe that his or her conduct was unlawful in a criminal proceeding, or (5) if the director or officer is adjudged liable to the Company. Indemnification will be provided to the extent permitted by law, the Company’s Restated Certificate of Incorporation, as amended, and By-laws, and to a greater extent if by law the scope of coverage is expanded after the date of the Indemnification Agreement. In all events, the scope of coverage will not be less than what is in existence on the date of the Indemnification Agreement.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, as well as considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Company Overview

Cheniere Energy, Inc. (“Cheniere”) is a Houston-based energy company primarily engaged in LNG-related businesses. We own and operate the Sabine Pass LNG terminal in Louisiana through our ownership interest in and management agreements with Cheniere Energy Partners, L.P. (“Cheniere Partners”). Cheniere Partners is developing natural gas liquefaction facilities (the “Liquefaction Project”) at the Sabine Pass LNG terminal adjacent to the existing facilities at the Sabine Pass LNG terminal through its wholly owned subsidiary, Sabine Pass Liquefaction, LLC (“Sabine Pass Liquefaction”). We also own and operate the Creole Trail Pipeline, which interconnects the Sabine Pass LNG terminal with natural gas markets in North America. One of our subsidiaries, Cheniere Marketing, LLC (“Cheniere Marketing”), is marketing LNG and natural gas on its own behalf and on behalf of Cheniere Partners in an effort to monetize the other half of the LNG receiving capacity at the Sabine Pass LNG terminal during construction of the Liquefaction Project. We also are in various stages of developing other projects, including LNG and associated pipeline related projects, each of which, among other things, will require acceptable commercial and financing arrangements before we make a final investment decision.

Overview of Executive Compensation for 2012

In August 2012, Sabine Pass Liquefaction secured financing commitments to fund the cost of, and issued a full notice to proceed (“NTP”) to Bechtel Oil, Gas and Chemicals, Inc. (“Bechtel”) in connection with, constructing Train 1 and Train 2 of the Liquefaction Project. In December 2012, Sabine Pass Liquefaction entered into a lump sum turnkey contract with Bechtel to construct Train 3 and Train 4 of the Liquefaction Project. The following are highlights of the more significant events involving our executive officers’ compensation for 2012 as a result of the Company’s significant progress on the Liquefaction Project and a more detailed discussion has been added to this Compensation Discussion and Analysis under the headings “2012 Base Salary,” “2012 Cash Bonus Awards,” “Long-Term Commercial Bonus Awards for Train 1 and Train 2 under the 2011—2013 Bonus Plan” and “Long-Term Commercial Bonus Awards for Train 3 and Train 4 under the 2011—2013 Bonus Plan:”

- In January 2012, each of our executive officers received a 2.5% base salary increase, which was recommended by management and approved by the Compensation Committee because our executive officers’ base salaries were at or below the median, or 50th percentile, of the market. In August 2012, the Compensation Committee approved mid-year 2012 base salary increases for our executive officers to raise our executive officers’ base salaries to the 50th percentile of the market.
- In August 2012, in connection with the issuance of NTP and in order to recognize the Company’s achievements with respect to Train 1 and Train 2 of the Liquefaction Project, the Compensation Committee approved Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project to be paid from the Long-Term Bonus Pool for 2011 for each of the executive officers pursuant to the 2011—2013 Bonus Plan. Each of our executive officers received a portion of their Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project in cash (the “Long-Term Commercial Cash Award”) and in equity in the form of restricted stock (the “Restricted Stock Award”) on August 9, 2012.

- On December 21, 2012, the Compensation Committee approved a cash bonus award for the executive officers based on the achievement of the Company's 2012 performance goals under the Corporate Annual Cash Bonus Pool of the 2011—2013 Bonus Plan. The cash bonus awards were paid to the executive officers on December 28, 2012.

Compensation Philosophy and Objectives

Our executive compensation program and objectives are based on our need to attract and retain executives with the talent and experience necessary for Cheniere to achieve its primary business goals. We compete for executive talent with larger energy companies which have substantially greater resources. In 2012, we generally targeted our executives' total cash compensation between the median and 75th percentile of the market data of energy companies that we compete with for executive talent. All of our employees, including our executive officers, participate in the 2011—2013 Bonus Plan to tie annual cash bonus and long-term incentive awards to the Company's performance. Our executive officers' total compensation for 2012 consisted of their (i) annual base salary, (ii) an annual cash bonus award under the 2011—2013 Bonus Plan and (iii) a long-term incentive award in the form of a Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project under the 2011—2013 Bonus Plan.

Results from the 2012 Say on Pay Shareholder Vote

At our 2012 Annual Meeting of Stockholders, 85% of the votes cast on the non-binding advisory vote on "say on pay" approved of the Company's compensation of the executive officers as described in the 2012 proxy statement. Our Compensation Committee considered these voting results as supportive of the Company's executive compensation program and objectives. In response to the stockholders vote in favor of an annual "say on pay" vote at our 2011 Annual Meeting of Stockholders, the Company is planning to submit the Company's executive compensation for a non-binding advisory vote each year.

Compensation-Related Risk

The Compensation Committee has determined that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company and do not include risk-taking incentives or encourage our employees, including our executive officers, to take excessive risks in order to receive larger awards. The actual compensation awarded to our employees for 2012, including our executive officers, was based on the Company's performance, including performance goals that were tied to operational and corporate goals, financial goals, and regulatory, engineering/construction and commercial goals. The achievement of these goals is conducted in accordance with the Company's Risk Policy approved by the Board.

Independent Compensation Consultant

The Compensation Committee has engaged Deloitte Consulting LLP ("Deloitte") to review our compensation practices and provide the Compensation Committee with advice and assistance related to the design of our incentive compensation plans. In 2012, management made recommendations to the Compensation Committee concerning competitive pay ranges for our executive officers, appropriate base salary adjustments, the amount of annual cash bonus awards for 2012 performance pursuant to the 2011—2013 Bonus Plan and the amount of the Long-Term Commercial Bonus Awards for Train 1 and Train 2 and Train 3 and Train 4 of the Liquefaction Project pursuant to the 2011—2013 Bonus Plan. Deloitte reviewed management's recommendations and provided guidance to the Compensation Committee regarding the reasonableness of the recommendations based on market data. The Compensation Committee seeks Deloitte's guidance in an effort to establish compensation packages for our executive officers that are competitive with other energy companies that we compete with for executive talent. Deloitte reports to the Compensation Committee Chairman and has direct access to Compensation Committee members. Deloitte attends Compensation Committee meetings on request and also meets with the Compensation Committee in executive session without management present.

Deloitte personnel involved in matters within the purview of the Compensation Committee do not participate in any other services provided to us by Deloitte affiliates. During 2012, we used Deloitte LLP, the U.K. member firm of Deloitte Touche Tohmatsu, for compensation and tax consulting services related to certain executives' international compensation arrangements. During 2012, we also used Deloitte Tax LLP for certain tax consulting services, Deloitte Financial Advisory Services LLP for certain financial accounting advisory services, Deloitte Accounting Services (France) for certain payroll and financial bookkeeping services for our French office and Taj Societe D'Avocats, the French member firm of Deloitte Touche Tohmatsu, for certain professional tax services. We reviewed the aggregate fees the Company paid to Deloitte's affiliates for non-executive compensation consulting services during 2012. These fees fall below the disclosure threshold. The decision to engage, and the fees the Company paid to, Deloitte's affiliates for non-executive compensation consulting services were approved by management and not the Compensation Committee or the Board because these services fall within management's approval authority in the normal course of business. The Compensation Committee believes that the nature and scope of these services do not impair Deloitte's ability to provide an independent perspective to the Compensation Committee in its deliberations about executive officer compensation. The Compensation Committee has also assessed the independence of Deloitte pursuant to the SEC rules and concluded that no conflict of interest exists that would prevent Deloitte from serving as an independent consultant to the Compensation Committee on executive compensation matters.

To prevent the perception of a potential conflict of interest involving Deloitte and its affiliates, (i) the individuals from Deloitte Tax LLP and Deloitte Financial Advisory Services LLP who provided the tax and financial advisory services to the Company were not the same individuals who provided the consulting services to the Compensation Committee, (ii) the Deloitte consultants who provided services to the Compensation Committee assured the Committee that no portion of their compensation would be based on the amount or level of tax services provided by Deloitte Tax LLP to the Company, (iii) the Deloitte consultants who provided services to the Compensation Committee do not own any stock in the Company or otherwise provide any other services to the Company, other than consulting services to the Compensation Committee, and (iv) the Deloitte compensation consultants have no business or personal relationships with members of the Compensation Committee or the Company's executive officers.

During 2012, the Company engaged Farient Advisors ("Farient") to advise and make recommendations to management concerning the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project pursuant to the 2011—2013 Bonus Plan and to attend Compensation Committee meetings on request. Farient and its affiliates do not provide any other services to the Company. The Company has assessed the independence of Farient pursuant to the SEC rules and concluded that no conflict of interest exists that would prevent Farient from serving as an independent consultant to the Company on executive compensation matters.

Role of Compensation Committee and Executive Officers in Compensation Decisions

The Compensation Committee has the responsibility to review and approve annual compensation, including the competitiveness of each element of the total compensation package, for the Chief Executive Officer ("CEO") and each of our Senior Vice Presidents, who together with the CEO we will refer to in this Compensation Discussion and Analysis collectively as the "Executive Officers." The Compensation Committee endeavors to provide total compensation for the Executive Officers that is competitive with other energy companies that we compete with for executive talent. In determining total compensation for the Executive Officers, the Compensation Committee recognizes that the Company is at a critical stage in its development and that the Executive Officers' total compensation must provide an incentive to achieve the Company's overall business plan.

The base salaries, bonus awards and other equity awards for the Executive Officers, excluding the CEO, are customarily proposed to the Compensation Committee by the CEO. All recommendations reflect input from Deloitte and our Human Resources ("HR") department based on their review of external market data and Deloitte's guidance on best practices. The Compensation Committee makes the final determination as to the base

salaries, bonus awards and other equity awards for each of the Executive Officers based on Company and individual performance and market data.

Elements of 2012 Executive Compensation

We strive to offer a competitive compensation and benefits package to enable us to retain our current personnel and to recruit new executive talent as necessary. Each year, the Compensation Committee reviews external market data to determine the competitiveness of the total compensation package of our Executive Officers. The market data selected is representative of the energy industry within which we operate and includes companies relative to our business activity with which we compete for executive talent. Our HR department compiles and analyzes the market data, which Deloitte reviews for reasonableness. The Compensation Committee reviews the following components of the Executive Officers' compensation relative to the amount paid to executives in similar positions within the market data: base salary, cash bonuses and equity compensation. The market data serves as a point of reference for measuring the compensation of the Executive Officers, but compensation decisions are made based on a combination of considerations. Our CEO works with our HR department to provide the Compensation Committee with recommendations on compensation based on the following considerations: the Company's performance; the roles, responsibilities and performance of the Executive Officers; and market competitiveness.

Compensation Element	Form of Compensation	Purpose
Base Salary	Cash	To provide fixed compensation necessary to attract and retain key executives.
Cash Bonus Award	Cash	To provide incentives to our employees to achieve performance goals and to reward our employees for the achievement of those goals.
Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project	Cash and Stock	To create a strong incentive for our key management members to achieve our short- and long-term performance objectives and strategic plan, and to align management's interests with our shareholders' interests.
Benefits	401(k) Plan Health and Welfare Benefits	To provide a competitive compensation package and address the health and welfare needs of our employees and their families.
Change in Control Agreements	Cash Payment	Designed to ensure that certain employees are not unduly distracted by the circumstances attendant to the possibility of a change of control and to encourage their continued attention and dedication to our necessary operations.

Analysis of Executive Officers' Total Compensation for 2012

We believe that it is beneficial to benchmark executive compensation against both nationally recognized published survey data as well as proxy data from the Company's peer group. For 2012, the Compensation Committee reviewed base salary, total cash compensation and total direct compensation data for similar executive officer positions from published survey data in the Towers Watson 2011 Compensation Data Bank Energy Services Executive Compensation Survey Report – U.S. ("Towers Watson 2011 Energy Survey") and proxy data from the Company's peer group that reflected base salary and cash bonus data for the chief executive officers, chief financial officers and division senior vice presidents. Attached to this Proxy Statement as Exhibit A is the list of 108 companies in the Energy Services industry included in the Towers Watson 2011 Energy Survey.

Proxy Peer Group

The Company's peer group is based on a list of energy companies that are considered most representative of Cheniere in type of business. In November 2010, the Compensation Committee, based on a recommendation by management, reviewed the list of companies that comprise the Company's peer group and decided to make modifications. Exploration and production companies and engineering and construction companies were removed from the list because Cheniere is not in those specific lines of businesses. Seven companies that are developers and managers of projects with operations and structures similar to Cheniere were added to the list. The following 17 energy companies with total assets ranging from \$2.5 billion to \$39.5 billion were chosen to comprise the Company's peer group. All of the companies in the Company's peer group are companies that we compete with for executive talent.

2012 Base Salary

The base salaries of our Executive Officers are designed to be comparable to like positions in the marketplace from where we recruit executive talent. In January 2012, the Company made recommendations to the Compensation Committee for 2012 base salary increases for the Executive Officers based on the market data. The base salaries for the Executive Officers were at or below the 50th percentile of the market data. The Company recommended and the Compensation Committee approved a 2.5% base salary increase for the Executive Officers based on the Company's budget for compensation and the Executive Officers' total compensation package, including their long-term incentive awards. The 2012 base salary increases were effective on January 16, 2012.

In August 2012, the Compensation Committee approved mid-year 2012 base salary increases to raise the base salary of the Executive Officers to the 50th percentile of the market data effective July 31, 2012. Mr. Souki's mid-year 2012 base salary is below the 50th percentile of the market data. Ms. Gentle's, Mr. Rayford's and Mr. Abiteboul's mid-year 2012 base salaries are at the 50th percentile of the market data. Mr. Thames' mid-year 2012 base salary is between the 50th and 75th percentile of the market data.

The CEO's base salary is set at a higher amount than the Senior Vice Presidents' base salaries because the CEO is responsible for developing the Company's overall strategy and vision and implementing the Company's business plan. In addition, the market data indicates that the base salary for a chief executive officer position is customarily set higher than other officer positions.

Each Executive Officer received a 2012 base salary, as follows:

2012 Base Salary

Executive Officers	2012 Base Salary effective January 16, 2012	Mid-Year 2012 Base Salary effective July 30, 2012
Charif Souki—Chairman, Chief Executive Officer and President	\$ 771,580	\$800,000
Meg A. Gentle—Senior Vice President and Chief Financial Officer	\$ 292,370	\$420,000
H. Davis Thames—Senior Vice President—Marketing	\$ 292,370	\$420,000
Jean Abiteboul—Senior Vice President—International	\$ 311,223 (1)	\$378,286 (1)
R. Keith Teague—Senior Vice President—Asset Group	\$ 292,370	\$375,000
Greg W. Rayford—Senior Vice President and General Counsel	\$ 292,370	\$375,000

(1) Mr. Abiteboul’s base salary for 2012 was 245,560 EUR beginning January 2012. Effective August 2012, his rate was increased to 306,998 EUR. The amount reported in the table represents the U.S. dollar equivalent based on the exchange rate on the date each rate was effective by the Compensation Committee: an exchange rate of 1.2674 USD to 1 EUR on January 16, 2012, and an exchange rate of 1.23221 USD to 1 EUR on July 30, 2012.

2012 Cash Bonus Awards

On March 2, 2011, the Compensation Committee approved the 2011—2013 Bonus Plan. The 2011—2013 Bonus Plan includes (i) the “CQP Plan” to pay bonuses for Sabine Pass LNG, L.P. (“Sabine Pass LNG”) operators, technicians and supporting roles who have been seconded to Cheniere Energy Partners GP, LLC, the general partner of Cheniere Partners, and (ii) the “Corporate Plan” to pay bonuses to the remainder of the Company’s employees who fall outside of the secondment arrangement. All of the Executive Officers participate in the Corporate Plan, which is designed to pay bonus awards that are tied to the achievement of operational and corporate goals, financial goals, and regulatory, engineering/construction and commercial goals related to the Liquefaction Project. The Corporate Plan includes an annual bonus pool payable in cash (“Corporate Annual Cash Bonus Pool”).

- *Corporate Annual Cash Bonus Pool.* On December 12, 2012, the Compensation Committee approved the funding of an annual bonus pool for all employees, including the Executive Officers, in the amount of approximately \$25 million for 2012 based on the Company’s achievement of its 2012 performance goals and objectives under the 2011—2013 Bonus Plan. The Compensation Committee approved the Corporate Annual Cash Bonus Pool of \$20.5 million for the Corporate Plan, and an annual bonus pool of \$4.5 million for the CQP Plan.
- *Components of the Corporate Annual Cash Bonus Pool.* The achievement of the following operational and corporate goals was the basis for funding the Corporate Annual Cash Bonus Pool with \$5 million:
 - We met our 2012 operational and safety goals.
 - The Sabine Pass LNG terminal and Creole Trail Pipeline operations were conducted within budget and in compliance with all regulatory requirements.
 - The Company and its subsidiaries managed spending within 10% of the approved 2012 expenditure budget.

The achievement of the following goals to support the development of the Liquefaction Project increased the Corporate Annual Cash Bonus Pool to an aggregate of \$12 million:

- Sabine Pass Liquefaction signed a sale and purchase agreement (“SPA”) with Korea Gas Corporation to purchase 182,500,000 MMBtu per annum of LNG (approximately 3.5 mmtpa) with the commencement of operations of Train 3 of the Liquefaction Project.

- Cheniere Marketing entered into an SPA to purchase excess LNG produced that is not committed to non-affiliate parties, for up to a maximum of 104,000,000 MMBtu per annum (approximately 2 mmtpa) produced from Train 1 through Train 4 of the Liquefaction Project.
- Cheniere entered into a unit purchase agreement with Cheniere Partners, pursuant to which the Company purchased in a series of transactions from Cheniere Partners 33.3 million Class B units in the aggregate at a price of \$15.00 per unit for total consideration of \$500.0 million, which has been used by Cheniere Partners to fund part of the equity portion of the costs of developing, constructing and placing into service Train 1 and Train 2 of the Liquefaction Project.
- Cheniere, Cheniere Partners and Blackstone CQP Holdco LP (“Blackstone Holdco”) entered into a unit purchase agreement, pursuant to which Cheniere Partners sold in a series of transactions to Blackstone Holdco in a private placement 100 million Class B units in the aggregate at a price of \$15.00 per Class B unit, for a total investment of \$1.5 billion. Proceeds from the private placement will be used to fund part of the equity portion of the costs of developing, constructing and placing into service Train 1 and Train 2 of the Liquefaction Project.
- Sabine Pass Liquefaction closed a \$3.6 billion senior secured credit facility that will be used to fund a portion of the costs of developing, constructing and placing into service Train 1 and Train 2 of the Liquefaction Project.
- Cheniere Partners issued NTP to Bechtel to construct Train 1 and Train 2 of the Liquefaction Project.
- Sabine Pass Liquefaction and Bechtel entered into a lump sum turnkey contract for the engineering, procurement and construction of Train 3 and Train 4 of the Liquefaction Project (the “EPC Contract (Train 3 and Train 4).”)

The Corporate Annual Cash Bonus Pool was increased by an additional \$8.5 million to an aggregate of approximately \$20.5 million based on the Company’s short-term commercial activity and other additional performance milestones during 2012:

- For 2012, the Company generated short-term commercial activity from transacting commercial cargo purchases and sales, which increased the Corporate Annual Cash Bonus Pool by \$1.9 million.
- Cheniere and Cheniere Partners deleveraged their balance sheets, eliminating over \$900 million of debt and creating over \$65 million in annual interest expense savings and \$200 million of liquidity at year-end.
- Cheniere raised approximately \$1.2 billion of net proceeds from certain equity offerings, which we used for general corporate purposes, repayment of debt, and funding a portion of the costs of developing, constructing and placing into service the Liquefaction Project.
- To satisfy feed gas transportation requirements for the Liquefaction Project, we entered into transportation precedent agreements to secure firm pipeline transportation capacity with the Creole Trail Pipeline sufficient to supply 50% of the contracted offtake for Train 1 and Train 2 of the Liquefaction Project.
- Cheniere continues to own the Creole Trail Pipeline, which Cheniere is obligated to sell to Cheniere Partners under certain circumstances.
- Cheniere Marketing procured cargoes as required of Sabine Pass LNG pursuant to thermal management requirements under terminal use agreements.
- Corpus Christi Liquefaction, LLC (“Corpus Christi Liquefaction”) filed an application with the Federal Energy Regulatory Commission for authorization to site, construct and operate an

LNG terminal near Corpus Christi, Texas (the “Corpus Christi Liquefaction Project”) and the DOE granted Corpus Christi Liquefaction authority to export 15 mmtpa (approximately 767 Bcf) of domestically produced LNG to countries with which the U.S. has a Free Trade Agreement providing for national treatment for trade in natural gas from the proposed Corpus Christi Liquefaction Project. Corpus Christi Liquefaction has engaged Bechtel to complete preliminary front-end engineering and design work and is developing a commercial sales plan to initiate marketing efforts for long-term contracts with target customers.

- We recruited over 60 new employees in connection with the execution of our business plan and we began to establish the internal resources necessary to hire approximately 200 additional new employees for the construction and operations of the Liquefaction Project.
- *2012 Cash Bonus Awards.* A portion of the 2012 Corporate Annual Cash Bonus Pool was allocated by the Compensation Committee to each of the Executive Officers based on a recommendation by the CEO and such Executive Officer’s contributions during 2012. The Compensation Committee reviewed a five year history of each Executive Officer’s base salary and annual cash bonus award, including each Executive Officer’s annual cash bonus award as a percentage of his or her annual base salary for each of the five years. The Compensation Committee considered each year’s annual cash bonus award as a multiple of the Executive Officer’s base salary for each of the five years in determining the recommended amounts for 2012 Annual Cash Bonus Awards. The Executive Officers received their 2012 Annual Cash Bonus Awards on December 28, 2012.

Each Executive Officer received a 2012 Annual Cash Bonus Award, as follows:

2012 Cash Bonus Awards

Executive Officers	2012 Cash Bonus Award
Charif Souki—Chairman, Chief Executive Officer and President	\$ 3,200,000

Jean Abiteboul—Senior Vice President—International	\$ 600,000
R. Keith Teague—Senior Vice President—Asset Group	\$ 650,000
Greg W. Rayford—Senior Vice President and General Counsel	\$ 650,000

- The Compensation Committee approved a cash bonus of \$3.2 million for Mr. Souki in recognition of Mr. Souki’s implementation of the Company’s overall strategy and business plan in 2012.
- Ms. Gentle received a cash bonus of \$850,000 in recognition of her efforts for deleveraging Cheniere’s and Cheniere Partners’ balance sheets, eliminating corporate debt and creating significant interest expense savings, and securing financing to construct Train 1 and Train 2 of the Liquefaction Project.
- Mr. Thames received a cash bonus of \$850,000 in recognition of his efforts for entering into SPAs with customers for LNG and transportation precedent agreements for feed gas requirements in connection with the Liquefaction Project and for the success of the marketing business in securing margins on LNG cargo purchases.
- Mr. Abiteboul received a cash bonus of \$600,000 in recognition of his efforts for entering into SPAs with customers for LNG in connection with the Liquefaction Project.
- Mr. Teague received a cash bonus of \$650,000 in recognition of his efforts to ensure the Company’s continued efforts to safely operate and provide outstanding service to its customers at the Sabine Pass LNG terminal and Creole Trail Pipeline and in connection with the engineering, procurement and construction contracts.

Long-Term Commercial Bonus Awards for Train 1 and Train 2 under the 2011 – 2013 Bonus Plan

On August 9, 2012, Sabine Pass Liquefaction secured financing commitments to fund the cost of, and issued NTP to Bechtel in connection with, the construction of Train 1 and Train 2 of the Liquefaction Project. In connection with the issuance of NTP for Train 1 and Train 2 of the Liquefaction Project and in order to recognize the Company's achievements with respect to Train 1 and Train 2 of the Liquefaction Project, the Compensation Committee approved Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project to be paid from the Long-Term Bonus Pool for 2011 for all employees of the Company, including each of the Executive Officers pursuant to the terms of the 2011—2013 Bonus Plan. The Compensation Committee approved a Long-Term Bonus Pool for 2011 consisting of approximately \$60 million in cash and approximately 10 million restricted shares of Company common stock. Pursuant to the terms of the 2011—2013 Bonus Plan, the Compensation Committee determined the amount of the Long-Term Bonus Pool for 2011 based on expected cash flows generated pursuant to the LNG SPAs relating to Train 1 and Train 2 of the Liquefaction Project entered into by Sabine Pass Liquefaction. The 2011 – 2013 Bonus Plan provides that up to a maximum of 25% of the Long-Term Bonus Pool may be paid in cash and the remainder of the Long-Term Bonus Pool will be paid as a Restricted Stock Award, as determined by the Compensation Committee (the "Percentage Cash Limitation"). In addition, the 2011—2013 Bonus Plan provides that the Company may not pay more than \$20 million in cash in the aggregate to all participants in the 2011—2013 Bonus Plan for any performance year (the "Annual Cash Limitation"). The Compensation Committee determined it was appropriate to reduce the number of shares that would have been paid out under the terms of the 2011—2013 Bonus Plan and increase the cash pool to grant Long-Term Commercial Cash Awards in excess of the Percentage Cash Limitation and Annual Cash Limitation because there were only a limited number of shares available under the Cheniere Energy, Inc. 2003 Stock Incentive Plan, as amended (the "2003 Plan"), and 2011 Incentive Plan, as amended (the "2011 Plan"), and a substantial number of additional shares would have been required to satisfy the obligations under the 2011—2013 Plan. Therefore, the Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project that were actually granted for 2011 were less than the Long-Term Bonus Pool approved pursuant to the design of the 2011—2013 Bonus Plan.

Each Executive Officer's Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project includes a Long-Term Commercial Cash Award and a Restricted Stock Award that were granted on August 9, 2012, based on the Executive Officer's individual achievements relating to Train 1 and Train 2 of the Liquefaction Project. Both the Long-Term Commercial Cash Award and Restricted Stock Award vest in five installments. The first installment of both the Long-Term Commercial Cash Award and Restricted Stock Award vested upon the issuance by Sabine Pass Liquefaction on August 9, 2012 of NTP to Bechtel under the lump sum turnkey contract for the engineering, procurement and construction of Train 1 and Train 2 of the Liquefaction Project. The Long-Term Commercial Cash Awards will vest and be paid in five equal annual installments of 20% with the final four 20% installments to vest and be paid on each annual anniversary of the issuance of NTP for Train 1 and Train 2 of the Liquefaction Project. The first installment of 35% of the Restricted Stock Awards vested upon the issuance of NTP for Train 1 and Train 2 of the Liquefaction Project on August 9, 2012. The remaining installments will vest as follows: 10%, 15%, 15% and 25% will vest on the first, second, third and fourth anniversaries of the issuance of NTP for Train 1 and Train 2 of the Liquefaction Project.

Each Executive Officer received a 2012 Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project, as follows:

Long-Term Commercial Bonus Awards for Train 1 and Train 2

Executive Officer	Restricted Stock Award	Long Term Commercial Cash Award
Charif Souki—Chairman, Chief Executive Officer and President	3,500,000	\$21,000,000
Meg A. Gentle—Senior Vice President and Chief Financial Officer	500,000	\$3,000,000
H. David Thames—Senior Vice President—Marketing	500,000	\$3,000,000
Jean Abiteboul—Senior Vice President—International	400,000	\$2,400,000
R. Keith Teague—Senior Vice President—Asset Group	400,000	\$2,400,000
Greg W. Rayford—Senior Vice President and General Counsel	400,000	\$2,400,000

The Executive Officers must generally be employed by the Company at the time of vesting or they will forfeit their respective Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project. The Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project will immediately vest if the Company terminates the Executive Officer's employment without Cause (as defined in the grant agreements), the Executive Officer terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the Executive Officer dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs.

Benefits

We offer the same benefits package to all of our employees and Executive Officers. The Cheniere Retirement Plan is a tax-qualified 401(k) savings plan pursuant to which we match 100% up to the lesser of 5% of salary deferrals or the maximum deferrals permitted by law. In February 2013, the Compensation Committee approved an increase to the Company match of 100% up to the lesser of 6% of salary deferrals or the maximum deferrals permitted by law. We also provide all employees with medical, dental and vision benefits as well as a Section 125 Cafeteria Plan and health and dependent care reimbursement arrangements. In addition, employees are covered by short-term and long-term disability, basic life insurance equal to two times base salary and voluntary life (elective) insurance and accidental death and dismemberment insurance. We also provide voluntary home and auto insurance programs for our employees. We do not offer a defined benefit pension plan to our employees, including the Executive Officers.

Perquisites and Other Personal Benefits

Perquisites are provided to the Executive Officers on a limited basis. We currently provide contract parking for all of our employees, and each of the Executive Officers is assigned a reserved parking space in our office building. In July 2009, we entered into a U.K. assignment letter with Mr. Souki and the Company paid an annual allowance to Mr. Souki for the cost of housing and living expenses in London through July 2012. Effective August 2012, Mr. Souki no longer received the annual housing and living allowance. Because Mr. Souki's duties require him to spend a significant amount of time traveling, the Company pays for charter flights for Mr. Souki for business purposes. Mr. Souki's personal guests are permitted to fly on such charter flights on occasion at nominal or no incremental cost to the Company. In addition, Mr. Souki used Company-chartered aircraft to commute to the Company's headquarters on two occasions during 2012.

We have entered into an indefinite term employment agreement with Mr. Abiteboul and, in April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing, Inc. ("Cheniere Supply & Marketing") and Mr. Abiteboul effective April 30, 2010. Mr. Abiteboul is seconded by the Company to the Company's London

office. The Company pays for certain temporary housing costs and expenses in London and Mr. Abiteboul receives tax equalization payments for a portion of the taxes he incurs as a result of the secondment. In addition, the Company has paid for individual tax planning and preparation of his tax declaration, the costs of a club membership and home telecommunication services for Mr. Abiteboul. Mr. Abiteboul uses a car owned by the Company. The Company also makes contributions to a discretionary French retirement plan on behalf of Mr. Abiteboul.

Mr. Souki's U.K. assignment letter and Mr. Abiteboul's secondment arrangement are described in more detail below under "Compensation Arrangements for Certain Executive Officers." The total cost to the Company for any perquisites and other personal benefits provided to the Executive Officers during 2010, 2011 and 2012 is provided in the "Summary Compensation Table."

Change of Control Agreements

In 2008, the Compensation Committee approved Change of Control Agreements for certain employees of the Company, including the Executive Officers, which provide for a potential cash payment payable upon a change of control of the Company. The Change of Control Agreements were adopted in recognition that the possibility of a change of control existed and that such possibility, and the uncertainty it may create, may result in the distraction or departure of employees to the detriment of the Company and the stockholders. The Change of Control Agreements were designed to ensure that certain employees designated by management and confirmed by the Compensation Committee were not unduly distracted by the possibility of a change of control and to encourage their continued attention and dedication to our necessary operations. The Change of Control Agreements provide for a cash payment upon a change of control in an amount equal to one times the employees' base salaries in effect at or immediately prior to the change of control. The cash payments are payable within 30 days of the effective date of the change of control. A cessation of an employee's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of an employee other than for Cause (as defined in the Change of Control Agreements), and a termination by the employee for good reason that occurs not more than three months prior to a change of control will be deemed to be a termination of employment pursuant to a change of control provided the employee demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a change of control or the employee's termination otherwise arose in connection with or in anticipation of a change of control. The Change of Control Agreements expire on December 31 of each calendar year, although they are automatically extended for an additional year each January 1 unless the Compensation Committee determines and the Company provides notice to employees that the Change of Control Agreements will not be extended.

Change of Control Agreements

- (2) A change of control cash payment for Mr. Abiteboul would be paid based on his current base salary rate in Euros. Mr. Abiteboul's base salary is 306,998 EUR. The amount reported in the table represents the U.S. dollar equivalent based on the July 30, 2012 exchange rate of 1.23221 USD to 1 EUR.

Compensatory Arrangements for Certain Executive Officers

On June 30, 2009, the independent members of our Board of Directors approved a U.K. assignment letter for Mr. Souki so that he was able to spend a portion of his time working from London to more effectively conduct international business for the Company. The U.K. assignment letter was effective July 1, 2009 for a period of twelve months, but could be extended by the Compensation Committee or full Board for additional twelve-month periods not to exceed a total of three years. The Company paid Mr. Souki an annual allowance for the cost of housing and living expenses in London. In April 2010, the Compensation Committee approved an amendment to Mr. Souki's U.K. assignment letter to extend the term of his assignment for an additional twelve-month period to July 1, 2011, and to increase the amount of his annual allowance to \$200,000 to cover the cost of housing and living expenses in London. The allowance was paid in quarterly installments in the month preceding each quarter and was not included in his base salary for purposes of determining annual bonus awards or change of control payments. Mr. Souki's U.K. assignment letter expired in June 2011; however, the Compensation Committee approved Mr. Souki's annual housing and living allowance in the amount of \$200,000 for the duration of Mr. Souki's stay in the U.K. Mr. Souki was paid the housing and living allowance through July 2012, and effective August 2012, Mr. Souki no longer received the annual housing and living allowance. Mr. Souki is responsible for paying his individual tax liabilities and filing all necessary tax returns.

We have entered into an indefinite term employment agreement with Mr. Abiteboul in compliance with local practice and pursuant to the laws of France where he resides. Pursuant to his employment arrangement, Mr. Abiteboul uses a car owned by the Company and the Company pays the costs of a club membership and home telecommunication services for Mr. Abiteboul. The Company also makes contributions to a discretionary French retirement plan on behalf of Mr. Abiteboul.

In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing and Mr. Abiteboul effective April 30, 2010 for a period of twenty-four months, and in April 2012, the Compensation Committee approved a second amendment to Mr. Abiteboul's employment agreement to extend his secondment for an additional twelve months through April 29, 2013. Mr. Abiteboul is seconded by the Company to the Company's London office, which serves as the head office of the U.K. branch of Cheniere Supply & Marketing. Mr. Abiteboul's secondment may be extended upon Compensation Committee or full Board approval and a separate amendment to his employment agreement. During his secondment, Mr. Abiteboul continues to report to Mr. Charif Souki, Chairman, Chief Executive Officer and President of the Company. Pursuant to his employment agreement, Mr. Abiteboul has been entitled to an expatriation allowance as a portion of his annual salary as a result of his travel outside of France. Effective April 30, 2010, Mr. Abiteboul no longer received the expatriation allowance. During his secondment, his annual base salary is paid by Cheniere Supply & Marketing in a sum equivalent to the monthly Euro value in British Pounds Sterling on a monthly basis. Mr. Abiteboul remains subject to the French State basic pension and complementary pension regimes, subject to the necessary contributions paid by the Company and Mr. Abiteboul. In addition, Cheniere Supply & Marketing entered into a lease for a London apartment and makes direct payments to the landlord to cover Mr. Abiteboul's temporary housing costs in London. Cheniere Supply & Marketing also pays for the cost of utilities, insurance and certain council taxes related to the London apartment. Mr. Abiteboul receives tax equalization payments for a portion of the taxes he incurs as a result of the secondment. The costs related to Mr. Abiteboul's U.K. housing together with the tax equalization payments cannot exceed 200,000 Euros per year in the aggregate pursuant to his secondment arrangement. The Company has also paid for the cost of certain return visits to France for Mr. Abiteboul. In addition, the Company has paid for installation costs related to Mr. Abiteboul's secondment. None of these payments will be included in Mr. Abiteboul's base salary for purposes of determining annual bonus awards, contributions to employee retirement plans or potential change of control payments. Mr. Abiteboul is responsible for the payment of his individual tax liabilities and for filing all necessary tax returns; provided, however, that the Company pays for reasonable fees related to Mr. Abiteboul's individual tax planning and preparation of his tax declaration. Mr. Abiteboul's secondment may be terminated by the Company or by Mr. Abiteboul with a notice period of two months. If Mr. Abiteboul's secondment is terminated by the Company, the Company will repatriate Mr. Abiteboul and be responsible for the costs of such repatriation. If Mr. Abiteboul resigns from the Company

prior to the end of his secondment, the Company will not be responsible for the costs of his repatriation. All other terms of Mr. Abiteboul's employment agreement remain unchanged and he will return to his previous role pursuant to his employment agreement at the end of his secondment. Additional information about Mr. Abiteboul's French employment agreement is provided below in "Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table."

Long-Term Commercial Bonus Awards for Train 3 and Train 4 under the 2011—2013 Bonus Plan

On December 12, 2012, pursuant to the 2011—2013 Bonus Plan, the Compensation Committee approved a Long-Term Bonus Pool for 2012 for all employees of the Company, including the Executive Officers, consisting of a total of 18 million shares of restricted stock which will be earned based on the Company's achievement of specific goals related to Train 3 and Train 4 of the Liquefaction Plan as well as the Company's stock price. In accordance with the terms of the 2011—2013 Bonus Plan, the Compensation Committee considered the amount of the Long-Term Bonus Pool for 2012 based on expected cash flows generated pursuant to the SPAs relating to Train 3 and Train 4 of the Liquefaction Project entered into by Sabine Pass Liquefaction. Each of our Executive Officers received a Long-Term Commercial Bonus Award for Train 3 and Train 4 of the Liquefaction Project in equity in the form of restricted stock on February 18, 2013, that takes into account the Executive Officer's individual achievements regarding Train 3 and Train 4 of the Liquefaction Project. The Compensation Committee determined not to pay any portion of the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project in cash and grant them exclusively in the form of shares, because the Compensation Committee believes that shares provide for better alignment between management and shareholder interests than other long-term award vehicles, such as cash, and that they are more aligned with competitive market practice for long-term incentives. As these awards were not granted until 2013, they are not included in the Grants of Plan-Based Awards table included in this Proxy Statement. Amounts disclosed in the table below will be included in the Grants of Plan-Based Awards table filed with the Company's 2014 proxy statement.

A portion of each Executive Officer's Long-Term Commercial Bonus Award for Train 3 and Train 4 of the Liquefaction Project was granted as a milestone award ("Milestone Award"), with vesting of the Milestone Award conditional on certain milestones relating to financing and constructing Train 3 and Train 4 of the Liquefaction Project, and a portion was granted as a stock price award ("Stock Price Award"), with vesting of the Stock Price Award conditional on the achievement of minimum average Company stock price hurdles. The Compensation Committee approved the terms of the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project to provide a balance of meaningful incentives for the Company to create significant value for the business and for shareholders. Twelve million shares of the Long-Term Bonus Pool for 2012 were granted as Milestone Awards and 6 million shares of the Long-Term Bonus Pool for 2012 were granted as Stock Price Awards.

The Milestone Awards will vest based on the achievement of the following milestones: (i) 30% will vest upon the closing of financing, and issuance by Sabine Pass Liquefaction of NTP under the EPC Contract (Train 3 and Train 4), for the construction of Train 3 and Train 4 of the Liquefaction Project; (ii) 20% will vest upon payment of 60% of the total cost of the EPC Contract (Train 3 and Train 4); (iii) 20% will vest upon substantial completion of construction of Train 4, as defined in the EPC Contract (Train 3 and Train 4), of the Liquefaction Project; and (iv) 30% will vest on the first anniversary of substantial completion of construction of Train 4 of the Liquefaction Project. The Stock Price Awards will vest based on the achievement of the following minimum average Company stock price hurdles: (i) 50% will vest if the average closing stock price of the Company (as reported on the NYSE MKT LLC) is \$25; and (ii) 50% will vest if the average closing stock price of the Company is \$35. The determination of the attainment of the average closing stock price will be based on any 120-day average stock price of the Company after the Grant Date, calculated based on calendar days and on a rolling basis. There will be no pro-rated vesting of the second half of the Stock Price Awards between the \$25 and \$35 stock price hurdles. The following table sets forth the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project and the vesting schedule for the awards for each of our Executive Officers.

- (1) The 2011 Plan provides that no individual may be granted, in any one calendar year, awards covering or aggregate of more than 6,000,000 shares of common stock; therefore, 300,000 of the 2,100,000 shares of restricted stock for Mr. Souki's Stock Price Award were granted under the 2003 Plan.

The performance milestones will continue to apply if an Executive Officer's employment with the Company is terminated by the Company without Cause (as defined in the grant agreements), by the Executive Officer for Good Reason (as defined in the grant agreements), by the Company due to the Disability (as defined in the grant agreements) of the Executive Officer or due to the death of the Executive Officer following any such termination of employment, such that the Milestone Award will vest if and only if the applicable performance milestones are achieved. An Executive Officer's Milestone Award will vest in full in the event the Company terminates the Executive Officer's employment without Cause (as defined in the grant agreements) or the Executive Officer terminates his or her employment for Good Reason (as defined in the grant agreements) within one year after the effective date of a Change of Control (as defined in the grant agreements) of the Company. An Executive Officer's Stock Price Award will vest in full if upon a Change of Control of the Company, the average stock price hurdle is met based on the stock price at the time of the Change of Control. In the event of a Change of Control of the Company where the award is not assumed, replaced with substituted securities of equal value or cancelled in exchange for an equal amount in cash by the successor Company, an Executive Officer will be entitled to immediate vesting of any outstanding shares of the Milestone Award or Stock Price Award at the time of the Change of Control.

Guidelines for Granting Equity-Based Awards

We recognize that granting equity awards presents specific legal, tax and accounting issues and, therefore, we adopted guidelines on December 17, 2007, for all grants of equity-based awards. The guidelines have been

revised for grants that are made pursuant to the 2011 Plan that was approved by our stockholders in June 2011. The guidelines reflect the Company's prior practices for granting equity-based awards.

Under the guidelines, all equity awards granted to employees subject to the reporting requirements of Section 16 of the Exchange Act must be approved by the Compensation Committee or the Section 162(m) Subcommittee, and all stock options granted to members of the Board of Directors must be approved by the Compensation Committee or the Board. The Board established an Equity Grant Committee and appointed the Chairman of the Board as the sole member of such committee to act on behalf of the Board and the Compensation Committee in granting restricted stock and stock options to eligible plan participants (other than Executive Officers). Restricted stock awards made by the Equity Grant Committee in any calendar year cannot exceed 25,000 shares of restricted stock per recipient or an aggregate of 400,000 shares of restricted stock to all recipients under the 2003 Plan and 150,000 shares of restricted stock per recipient or an aggregate of 600,000 shares of restricted stock to all recipients under the 2011 Plan. The Board has also authorized the CEO to designate eligible plan participants (other than Executive Officers) to be recipients of stock options and to determine the terms of such stock options. Stock option awards made by the CEO and the Equity Grant Committee in any calendar year cannot exceed 100,000 stock options per recipient or an aggregate of 1,000,000 stock options to all recipients under the 2003 Plan and 450,000 stock options per recipient or an aggregate of 3,000,000 stock options to all recipients under the 2011 Plan. The Compensation Committee periodically ratifies all stock options granted by the CEO and Equity Grant Committee and restricted stock granted by the Equity Grant Committee. Under the provisions of the 2003 Plan and 2011 Plan, stock options cannot be granted at an exercise price less than the closing price of a share of the Company's common stock as reported on the NYSE MKT LLC on the grant date of such stock options.

Stock Ownership Requirements

The Board of Directors believes that the members of the Company's Board of Directors and the Executive Officers should display their commitment to the Company by owning a significant amount of Company stock and, on April 3, 2008, implemented stock ownership guidelines. The Board amended the stock ownership guidelines, effective as of September 10, 2009, which provide as follows:

Stock Ownership Guidelines for Non-Employee Directors and Executive Officers

Position

Non-Employee Directors

Chairman, Chief Executive Officer and President
Senior Vice Presidents

Stock Ownership Guidelines

50% of the director's annual
compensation awarded for each of
his/her 3 most recent service years
5x base salary
2x base salary

Items considered for purposes of meeting the stock ownership guidelines include: Company stock beneficially owned by a non-employee director or Executive Officer or his or her spouse or dependent children; phantom stock and restricted stock whether or not yet vested; the in-the-money value of vested but unexercised stock options; Company stock acquired upon the exercise of stock options; and common units of Cheniere Partners held directly by a non-employee director or Executive Officer or his or her spouse or dependent children. The number of shares of Company stock required to be owned by each non-employee director is determined annually as of the close of business on the first trading date following the Company's annual meeting of stockholders (following, and including, the issuance of Company stock relating to such year's annual non-employee director compensation). The value of each share of Company stock is equal to the greater of (i) the fair market value of the Company's stock on the date the non-employee director or Executive Officer acquired the stock, or (ii) the fair market value of the Company's stock on any given measurement date. All non-employee directors and Executive Officers are expected to be in full compliance with the guidelines by the fifth anniversary

of the original effective date (April 3, 2008) of the guidelines or within five years of initial appointment to a position subject to the guidelines, with certain ownership thresholds that must be met in the interim period. If a non-employee director or Executive Officer is not in compliance with the guidelines, he or she is required to retain the entire after-tax value of Company stock received upon the vesting of stock awards and the exercise of stock options until the interim threshold requirements or compliance with the guidelines is achieved. The Board recognizes that there may be occasions in which the guidelines place a severe hardship on the individual and has delegated discretion to the Governance and Nominating Committee to determine whether an exemption should be granted to the individual in such instances. The Governance and Nominating Committee periodically assesses the guidelines and each individual's compliance with the guidelines. All of our non-employee directors were in compliance with the guidelines as of June 4, 2012, and all of our Executive Officers were in compliance with the guidelines as of December 31, 2012.

Accounting and Tax Implications

The 2010 Goals & Bonus Plan and 2011—2013 Bonus Plan were not designed to provide awards that will qualify as performance-based awards deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). We will not be able to recognize tax benefits that may otherwise be available to the Company related to the Annual Cash Bonus Awards and Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project made under the 2011—2013 Bonus Plan to our Executive Officers that are subject to the Section 162(m) limitations. An amendment to the 2011 Plan was approved by our stockholders on February 1, 2013, to add a performance goal and modify the performance period provisions. The amendment was made to ensure the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project made under the 2011—2013 Bonus Plan to our Executive Officers that are subject to the Section 162(m) limitations can satisfy the qualified performance-based compensation exception under Section 162(m) of the Code; provided, however, the Internal Revenue Service may disagree with our tax position and deny the Company's tax deduction as qualified performance-based compensation under Section 162(m).

Compensatory Arrangements for Certain Executive Officers

On June 30, 2009, the independent directors of the Board of Directors approved a U.K. assignment letter for Mr. Souki effective July 1, 2009 so that he was able to spend a portion of his time working from London to more effectively conduct

international business for the Company. The Company paid Mr. Souki an annual allowance for the cost of housing and living expenses in London pursuant to the assignment letter. In April 2010, the Compensation Committee approved an amendment to Mr. Souki's U.K. assignment letter to extend the term of his assignment for an additional twelve-month period to July 1, 2011, and to increase the amount of his annual allowance to \$200,000 to cover the cost of housing and living expenses in London. Mr. Souki's U.K. assignment letter expired in June 2011; however, the Compensation Committee approved Mr. Souki's annual housing and living allowance in the amount of \$200,000 for the duration of Mr. Souki's stay in the U.K. Mr. Souki was paid the housing and living allowance through July 2012, and effective August 2012, Mr. Souki no longer received the annual housing and living allowance. Mr. Souki's U.K. assignment letter, as amended, is described in more detail in the Compensation Discussion and Analysis under "*Compensatory Arrangements for Certain Executive Officers.*"

Mr. Abiteboul has an employment agreement with our French subsidiary. Pursuant to the agreement, Mr. Abiteboul receives a fixed annual gross salary that is reviewed annually by the Compensation Committee and a portion of which is an expatriation allowance. He is also entitled to receive an annual bonus and an annual award of equity each in an amount up to 100 percent of his annual salary. Mr. Abiteboul's compensation is subject to deductions for social security, including his social security contribution, additional retirement and social welfare contributions, medical insurance and unemployment insurance, as provided by French law. The Company provides Mr. Abiteboul with use of a Company-owned car and the Company pays for insurance, fuel, parking and maintenance expenses related to the car, personal tax services, club memberships, discretionary French retirement plan contributions and home telecommunication services for Mr. Abiteboul. The agreement provides for non-compete and non-solicitation obligations on the part of Mr. Abiteboul for a period of 12 months following the termination of the agreement. In consideration for the non-compete obligation, Mr. Abiteboul will receive a monthly indemnity equal to 30 percent of his average fixed monthly salary over the previous 12-month period; provided, however, the Company is entitled to waive the non-compete obligation upon notice to Mr. Abiteboul. Any failure by Mr. Abiteboul to observe the non-compete obligation will also release the Company from paying the indemnity. In April 2010, the Compensation Committee approved an amendment to Mr. Abiteboul's employment agreement to provide for a secondment arrangement with Cheniere Supply & Marketing, Inc. and Mr. Abiteboul, which is described in more detail in the Compensation Discussion and Analysis under "*Compensatory Arrangements for Certain Executive Officers.*" As a result of Mr. Abiteboul's secondment, Mr. Abiteboul no longer received an expatriation allowance effective April 30, 2010.

(1) The named executive officer may receive a cash payment under the Change of Control Plan if a change of control occurs and not more than three months prior to the date of the change of control, the named executive officer's employment with the Company ceases at the previously designated level (including as a result of death or disability) for any reason or is terminated by the Company other than for Cause (or the named executive officer terminates for Good Reason) provided the named executive officer has reasonably demonstrated that his or her cessation or termination of employment (i) was at the request of a third party who has taken steps reasonably calculated to effect a change of control, or (ii) otherwise arose in connection with or in anticipation of a change of control.

(2) These are Restricted Stock Awards granted to the named executive officers as the equity portion of their Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project. The Restricted Stock Awards will

immediately vest if the Company terminates the named executive officer's employment without Cause (as defined in the grant agreements), the named executive officer terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the named executive officer dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs.

- (3) These are shares of restricted stock granted to Messrs. Souki, Thames, Abiteboul and Teague and Ms. Gentle as their 2011 Long-Term Incentive Award on January 14, 2011 based on the Company's performance during 2010 and to Mr. Rayford as his new hire grant. Except as set forth below, each named executive officer will forfeit any unvested portion of his or her restricted stock if the named executive officer's employment with the Company terminates for any reason prior to the applicable vesting dates; provided, however, that any unvested portion of the restricted stock will vest upon the (i) termination, resignation or removal of the named executive officer for any reason within one year of the effective date of a Change of Control (as defined in the 2003 Plan) or (ii) death or disability of the named executive officer.
- (4) A change of control cash payment for Mr. Abiteboul would be paid based on his current base salary rate in Euros. The amount in this table is the U.S. dollar equivalent based on the July 30, 2012 exchange rate of 1.23221 USD to 1 EUR.

Narrative to the Potential Payments upon Termination or Change of Control

Change of Control Cash Payment

We have entered into Change of Control Agreements with each of the named executive officers. The Change of Control Agreements provide for a cash payment upon a "Change of Control" (as defined in the Change of Control Agreements) in an amount equal to one times the named executive officers' base salaries at or immediately prior to the Change of Control. The cash payments are payable within 30 days of the effective date of the Change of Control. A cessation of a named executive officer's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of a named executive officer other than for Cause (as defined in the Change of Control Agreements), and a termination by the named executive officer for Good Reason (generally, as defined in the 2003 Plan) that occurs not more than three months prior to a Change of Control will be deemed to be a termination of employment pursuant to a Change of Control provided the named executive officer demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a Change of Control or the named executive officer's termination otherwise arose in connection with or in anticipation of a Change of Control. The Change of Control Agreements expire on December 31 of each calendar year, although they are automatically extended for an additional year each January 1 unless the Compensation Committee determines and the Company provides notice to employees that the Change of Control Agreements will not be extended. The term of the Change of Control Agreements will also expire on the date any payments are made to the named executive officer pursuant to the Change of Control Agreement or the named executive officer ceases to be an employee of the Company prior to a Change of Control.

Restricted Stock Awards

The Restricted Stock Awards granted to the named executive officers as the equity portion of their Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project will immediately vest if the Company terminates the named executive officer's employment without Cause (as defined in the grant agreements), the named executive officer terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the named executive officer dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs.

Except as set forth below, a named executive officer will forfeit any unvested portion of his or her restricted stock granted as his or her 2011 Long-Term Incentive Award or new hire grant if the named executive officer's employment with the Company terminates for any reason prior to the applicable vesting dates; provided, however, that any unvested portion of the restricted stock will vest upon the (i) termination, resignation or

removal of the named executive officer for any reason within one year of the effective date of a Change of Control (as defined in the 2003 Plan) or (ii) death or disability of the named executive officer.

Pursuant to the 2003 Plan, a “good reason” termination will occur, assuming the Company fails to cure such circumstances within thirty days after receipt of notice of the good reason termination, upon the named executive officer’s termination of employment due to one of the following events: (a) the removal from or failure to re-elect the officer to the position in which the officer last served; (b) assignment of duties, responsibilities, or reporting requirements that are inconsistent with the officer’s position or material diminishment of the officer’s duties, responsibilities or status; (c) a material reduction in the officer’s compensation or benefits; or (d) a change in the Company’s principal place of business to a location more than 50 miles from downtown Houston. The 2003 Plan provides generally that a “change of control” of the Company will occur if: (i) any person or entity directly or indirectly becomes the beneficial owner of 30% or more of the shares of voting stock then outstanding; (ii) the consummation of any merger, reorganization, business combination, consolidation of the Company or one of our subsidiaries with or into any other company or a sale or disposition by the Company of all or substantially all of our assets (other than a transaction in which the same stockholders before the transaction own 50% of the outstanding common stock after the transaction is complete); or (iii) a majority of the current members of the Board of Directors or their approved successors cease to be our directors.

PROPOSAL 2—ADVISORY AND NON-BINDING VOTE ON THE COMPANY’S 2012 EXECUTIVE COMPENSATION

We are seeking approval, on an advisory and non-binding basis, of the compensation awarded to our named executive officers for 2012, as we have described it in the Compensation Discussion and Analysis beginning on page 21 of this Proxy Statement. At our 2012 Annual Meeting of Stockholders, 85% of the votes cast on the non-binding advisory vote on “say on pay” approved of the Company’s compensation of the executive officers as described in the 2012 proxy statement. Our Compensation Committee considered these voting results as supportive of the Company’s executive compensation program and objectives. While this vote is advisory, and not binding on the Company, it will provide information to our Compensation Committee and management regarding investor sentiment about our executive compensation philosophy, objectives and practices which the Compensation Committee and management will be able to consider when determining executive compensation for the remainder of 2013 and beyond.

We compete for executive talent with larger energy companies that have substantially greater resources and our executive compensation philosophy, objectives and practices are based on our need to attract and retain executives with the talent and experience necessary for the Company to achieve its primary strategy and business plan. The Compensation Committee engages an independent compensation consultant to provide guidance to the Compensation Committee and management regarding the reasonableness of our executive officers’ compensation based on market data. We strive to offer compensation packages to our executive officers that are reasonable and competitive with the companies we compete with for executive talent.

The Compensation Committee recognized the Company’s significant achievements during 2012 in its determination of our executive officers’ compensation for 2012. In 2012, the total compensation package for each of our executive officers included his or her (i) annual base salary, (ii) an annual cash bonus award under the 2011—2013 Bonus Plan and (iii) a Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project pursuant to the 2011—2013 Bonus Plan, as follows:

- In January 2012, each of our executive officers received a 2.5% base salary increase, which was recommended by management and approved by the Compensation Committee because our executive officers’ base salaries were at or below the median, or 50th percentile, of the market. In August 2012, the Compensation Committee approved mid-year 2012 base salary increases for our executive officers to raise our executive officers’ base salaries to the 50th percentile of the market.

- In August 2012, the Compensation Committee approved Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project to be paid from the Long-Term Bonus Pool for 2011 for each of the executive officers pursuant to the 2011—2013 Bonus Plan. Each of our executive officers received a portion of their Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project in cash and in equity in the form of restricted stock on August 9, 2012.
- On December 21, 2012, the Compensation Committee approved a cash bonus award for the executive officers based on the achievement of the Company's 2012 performance goals under the Corporate Annual Cash Bonus Pool of the 2011—2013 Bonus Plan. The cash bonus awards were paid to the executive officers on December 28, 2012.

The executive officers' annual cash bonus awards were based on the Company's performance during 2012, including the achievement of the following 2012 performance goals:

- We met our 2012 operational and safety goals.
- The Sabine Pass LNG terminal and Creole Trail Pipeline operations were conducted within budget and in compliance with all regulatory requirements.
- The Company and its subsidiaries managed spending within 10% of the approved 2012 expenditure budget.
- Sabine Pass Liquefaction signed a sale and purchase agreement ("SPA") with Korea Gas Corporation to purchase 182,500,000 MMBtu per annum of LNG (approximately 3.5 mmtpa) with the commencement of operations of Train 3 of the Liquefaction Project.
- Cheniere Marketing entered into an SPA to purchase excess LNG produced that is not committed to non-affiliate parties, for up to a maximum of 104,000,000 MMBtu per annum (approximately 2 mmtpa) produced from Train 1 through Train 4 of the Liquefaction Project.
- Cheniere entered into a unit purchase agreement with Cheniere Partners, pursuant to which the Company purchased in a series of transactions from Cheniere Partners 33.3 million Class B units in the aggregate at a price of \$15.00 per unit for total consideration of \$500.0 million, which has been used by Cheniere Partners to fund part of the equity portion of the costs of developing, constructing and placing into service Train 1 and Train 2 the Liquefaction Project.
- Cheniere, Cheniere Partners and Blackstone Holdco entered into a unit purchase agreement, pursuant to which Cheniere Partners sold in a series of transactions to Blackstone Holdco in a private placement 100 million Class B units in the aggregate at a price of \$15.00 per Class B unit, for a total investment of \$1.5 billion. Proceeds from the private placement will be used to fund part of the equity portion of the costs of developing, constructing and placing into service Train 1 and Train 2 of the Liquefaction Project.
- Sabine Pass Liquefaction closed a \$3.6 billion senior secured credit facility that will be used to fund a portion of the costs of developing, constructing and placing into service Train 1 and Train 2 of the Liquefaction Project.
- Cheniere Partners issued full notice to proceed to Bechtel to construct Train 1 and Train 2 of the Liquefaction Project.
- Sabine Pass Liquefaction and Bechtel entered into a lump sum turnkey contract for the engineering, procurement and construction of Train 3 and Train 4 of the Liquefaction Project.
- For 2012, the Company generated short-term commercial activity from transacting commercial cargo purchases and sales, which increased the Corporate Annual Cash Bonus Pool by \$1.9 million.
- Cheniere and Cheniere Partners deleveraged their balance sheets, eliminating over \$900 million of debt and creating over \$65 million in annual interest expense savings and \$200 million of liquidity at year-end.

-
- Cheniere raised approximately \$1.2 billion of net proceeds from certain equity offerings, which we used for general corporate purposes, repayment of debt, and funding a portion of the costs of developing, constructing and placing into service the Liquefaction Project.
 - To satisfy feed gas transportation requirements for the Liquefaction Project, we entered into transportation precedent agreements to secure firm pipeline transportation capacity with the Creole Trail Pipeline sufficient to supply 50% of the contracted offtake for Train 1 and Train 2 of the Liquefaction Project.
 - Cheniere continues to own the Creole Trail Pipeline, which Cheniere is obligated to sell to Cheniere Partners under certain circumstances.
 - Cheniere Marketing procured cargoes as required of Sabine Pass LNG pursuant to thermal management requirements under terminal use agreements.
 - Corpus Christi Liquefaction filed an application with the Federal Energy Regulatory Commission for authorization to site, construct and operate the Corpus Christi Liquefaction Project and the DOE granted Corpus Christi Liquefaction authority to export 15 mmtpa (approximately 767 Bcf) of domestically produced LNG to countries with which the U.S. has a Free Trade Agreement providing for national treatment for trade in natural gas from the proposed Corpus Christi Liquefaction Project. Corpus Christi Liquefaction has engaged Bechtel to complete preliminary front-end engineering and design work and is developing a commercial sales plan to initiate marketing efforts for long-term contracts with target customers.
 - We recruited over 60 new employees in connection with the execution of our business plan and we began to establish the internal resources necessary to hire approximately 200 additional new employees for the construction and operations of the Liquefaction Project.

We are asking our stockholders to indicate their support for the compensation awarded to our named executive officers for 2012 as described in the Compensation Discussion and Analysis, compensation tables and narrative disclosure of this Proxy Statement because we believe that it is reasonable and in line with the Company's business strategy and long-term success.

The Board of Directors recommends a vote FOR the following resolution:

“RESOLVED, that the stockholders approve, on a non-binding and advisory basis, the compensation paid for 2012 to the Company's executive officers named in the Summary Compensation Table, as disclosed in the Company's 2013 Proxy Statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other executive compensation disclosures.”

Equity Compensation Plan Information

The following table provides information about our compensation plans as of December 31, 2012. The equity compensation plans approved by our stockholders include the Cheniere Energy, Inc. Amended and Restated 1997 Stock Option Plan (the "1997 Plan"), the 2003 Plan and the 2011 Plan.

	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in Column (a))
Equity compensation plans approved by security holders	638,416	\$29.08	1,662,190
Equity compensation plans not approved by security holders	—	—	—
Total	638,416	\$29.08	1,662,190

In 1997, we established the 1997 Plan, which was amended and restated in September 2005. The 1997 Plan allowed for the issuance of options to purchase up to 5,000,000 shares of common stock. We reserved 5,000,000 shares of common stock for issuance upon the exercise of options, all of which have been granted and are fully vested. All options granted under the 1997 Plan have exercise prices equal to or greater than the fair market value of common stock at the date of grant. The 1997 Plan terminated on April 22, 2007 and no additional options may be granted under the 1997 Plan.

In 2003, the Company established the 2003 Plan, which was amended and restated in September 2005 and has since been amended. The 2003 Plan is a broad-based incentive plan, which allows for the issuance of stock options, stock appreciation rights and awards of purchased stock, bonus stock, phantom stock, restricted stock and performance awards and other stock-based awards to employees, consultants and non-employee directors to purchase up to 21,000,000 shares of common stock. The Company has reserved 21,000,000 shares of common stock for issuance upon the exercise of awards that have been granted or which may be granted. The following awards have been granted under the 2003 Plan as of December 31, 2012: 1,142,480 stock options, 12,038,330 shares of restricted stock and 6,285,000 phantom stock awards that have been settled in shares of common stock. Vesting of awards under the 2003 Plan varies, but generally occurs in equal annual installments over a two-, three- or four-year period on each anniversary of the grant date. All options granted under the 2003 Plan have exercise prices equal to or greater than the fair market value at the date of grant. The term of any award under the 2003 Plan may not exceed a period of ten years. As of December 31, 2012, 1,559,590 shares of common stock remained available for grant under the 2003 Plan. As of April 15, 2013, 43,164 shares of common stock remained available for grant under the 2003 Plan.

In 2011, the Company established the 2011 Plan. The 2011 Plan is a broad-based incentive plan, which allows for the issuance of stock options, stock appreciation rights and awards of bonus stock, phantom stock, restricted stock and performance awards and other stock-based awards to employees, consultants and non-employee directors. The following awards have been granted under the 2011 Plan as of December 31, 2012: 9,900,000 shares of restricted stock. As of December 31, 2012, 102,600 shares of common stock remained available for grant under the 2011 Plan. The 2011 Plan was amended in February 2013. The Company has reserved 35,000,000 shares of common stock for issuance upon the exercise of awards that may be granted under the 2011 Plan. An additional 16,511,905 million shares of restricted stock were granted under the 2011 Plan on February 18, 2013 as Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project pursuant to the 2011—2013 Bonus Plan. Vesting of restricted stock under the 2011 Plan depends on whether the

restricted stock was granted as a new hire award, a Long-Term Commercial Bonus Award for Train 1 and Train 2 of the Liquefaction Project or a Long-Term Commercial Bonus Award for Train 3 and Train 4 of the Liquefaction Project. New hire awards typically vest in four equal annual installments. The vesting schedules for the Long-Term Commercial Bonus Awards for Train 1 and Train 2 and the Long-Term Commercial Bonus Awards for Train 3 and Train 4 of the Liquefaction Project are described in the Compensation Discussion and Analysis of this Proxy Statement. The term of any award under the 2011 Plan may not exceed a period of ten years. As of April 15, 2013, 8,620,725 shares of common stock remained available for grant under the 2011 Plan.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for oversight of the accounting and financial reporting processes of the Company and oversight of the audits of our financial statements. Management of the Company is responsible for preparing our financial statements and complying with applicable laws and regulations. It is the responsibility of management and the independent accountants to determine that our financial statements are complete and accurate and are in accordance with generally accepted accounting principles.

The Audit Committee discussed with both our internal and independent accountants the overall scope and plans for their respective audits. In addition, the Audit Committee met with both management and our independent accountants to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee's review with the independent accountants included discussions of those matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard AU Section 380 (Communication with Audit Committees) and Rule 2-07 of SEC Regulation S-X. The Audit Committee also discussed with the independent accountants, among other things, matters relating to their independence, and the Audit Committee received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. Finally, the Audit Committee continued to monitor the scope and adequacy of our internal control system.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

We did not pay E&Y any audit related or other fees during the fiscal year ended December 31, 2012 or the fiscal year ended December 31, 2011.

Pre-Approval Policies and Procedures

The Audit Committee’s policy is to pre-approve all audit and non-audit services provided by the independent accountants and not to engage the independent accountants to perform any non-audit services specifically prohibited by law or regulation. All audit and non-audit services provided to us during the fiscal years ended December 31, 2012 and 2011 were pre-approved.

We anticipate that a representative of E&Y will participate in the Annual Meeting of Stockholders. Such representative may make a statement if they desire to do so, and will be available to respond to appropriate questions concerning our financial statements.

The Board of Directors recommends a vote FOR the ratification of the Audit Committee’s appointment of Ernst & Young LLP as the Company’s independent accountants for the fiscal year ending December 31, 2013.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee, under the Audit Committee Charter, has the responsibility to review and approve any transactions or series of related financial transactions, arrangements or relationships involving amounts exceeding \$120,000 between the Company and our directors, executive officers, nominees for director, any greater than 5% stockholders and their immediate family members. The Audit Committee will only approve related party transactions when it determines such transactions are in the best interests of the Company and its stockholders. In reviewing a transaction, the Audit Committee considers facts and circumstances which it considers relevant to its determination. In determining whether to approve or ratify a related party transaction, the Audit Committee will apply the following standards and such other standards it deems appropriate:

- whether the related party transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances;
- whether the transaction is material to the Company or the related party; and
- the extent of the related person's interest in the transaction.

In September 2007, the Audit Committee retained independent counsel and approved the Company entering into a consulting agreement with Karim Souki, the brother of Charif Souki. On December 9, 2011, the Audit Committee approved an amended and restated consultancy agreement with Mr. Souki to modify the scope of the services provided by Mr. Souki and extend the term of the consultancy agreement to December 31, 2012. On March 23, 2012, the Audit Committee approved a second amended and restated consultancy agreement with Mr. Souki to provide that the monthly payments under the consultancy agreement are paid to Mr. Souki in U.S. dollars, to provide that Mr. Souki will indemnify the Company for taxes paid by the Company as a result of the consultancy agreement and to extend the term of the consultancy agreement to December 31, 2013. Mr. Souki's monthly payments under the consultancy agreement are adjusted annually by the same percentage applied generally to the base salary of the executive officers of the Company. Mr. Souki also receives annual incentive or bonus compensation similar to the incentive or bonus compensation applied to our executive officers at the sole discretion of the Compensation Committee. For 2012, Mr. Souki's monthly payments and annual incentive and bonus compensation was as set forth below:

- On January 24, 2012 and August 6, 2012, the Compensation Committee approved base salary increases for our executive officers and increased the monthly payments under Mr. Souki's consulting agreement to 15,789 GBP, effective January 1, 2012 and \$31,250 USD, effective August 1, 2012, respectively. Mr. Souki's monthly payments were paid in U.S. dollars effective March 2012.
- On August 6, 2012, the Compensation Committee approved Long-Term Commercial Bonus Awards for Train 1 and Train 2 of the Liquefaction Project to be paid from the Long-Term Bonus Pool for 2011 for Mr. Souki pursuant to the 2011—2013 Bonus Plan. On August 9, 2012, Mr. Souki received a Long-Term Commercial Cash Award in the amount of \$2,400,000 and a Restricted Stock Award of 400,000 shares of restricted stock of the Company. The Long-Term Commercial Cash Award will vest and be paid in five equal annual installments of 20%. The first installment was paid upon the issuance by Sabine Pass Liquefaction on August 9, 2012 of NTP to Bechtel under the lump sum turnkey contract for the engineering, procurement and construction of Train 1 and Train 2 of the Liquefaction Project. The first installment of 35% of the Restricted Stock Award vested on August 9, 2012 and the remaining installments will vest as follows: 10%, 15%, 15% and 25% on the first, second and third and fourth anniversaries, respectively, of the issuance of NTP for Train 1 and Train 2 of the Liquefaction Project. The Long-Term Commercial Bonus Awards for Train 1 and Train 2 are described in more detail in the Compensation Discussion and Analysis under "*Analysis of Executive Officers' Total Compensation for 2012—Long-Term Commercial Bonus Awards for Train 1 and Train 2 under the 2011—2013 Bonus Plan.*"

- On December 21, 2012, the Compensation Committee approved a cash bonus award for the executive officers based on the achievement of the Company's 2012 performance goals under the Corporate Annual Cash Bonus Pool of the 2011—2013 Bonus Plan and approved a cash bonus award for Mr. Souki in the amount of \$650,000. The cash bonus award was paid on December 28, 2012.
- On December 12, 2012, pursuant to the 2011-2013 Bonus Plan, the Compensation Committee approved a Long-Term Commercial Bonus Award for Train 3 and Train 4 for Mr. Souki and, on February 12, 2013, he received 400,000 shares of restricted stock of the Company as his Milestone Award and 200,000 shares of restricted stock of the Company as his Stock Price Award. The Milestone Award will vest based on the achievement of certain performance milestones and the Stock Price Award will vest based on the achievement of certain stock price hurdles. The Long-Term Commercial Bonus Awards for Train 3 and Train 4 are described in more detail in the Compensation Discussion and Analysis under "*Long-Term Commercial Bonus Awards for Train 3 and Train 4 under the 2011—2013 Bonus Plan.*"

On August 15, 2008, Cheniere Common Units Holding, LLC, a wholly owned subsidiary of the Company ("CCUH"), entered into a Credit Agreement (the "Credit Agreement"), pursuant to which certain lenders (the "Lenders") agreed to make term loans of \$250,000,000 in the aggregate to CCUH. One of the Lenders is Scorpion Capital Partners, L.P. ("Scorpion"), an affiliate of Nuno Brandolini, one of the Company's directors. Under the Credit Agreement, Scorpion made a loan to the Company in the amount of \$8,500,000. In connection with the Credit Agreement, the Company, CCUH and the Lenders also entered into an Investors' Agreement on August 15, 2008, pursuant to which the loans were exchangeable into shares of the Company's Series B Convertible Preferred Stock ("Series B Preferred Stock") with limited voting rights and restrictions on conversion. As the Series B Preferred Stock was only convertible into common stock upon the sale of such shares in connection with an underwritten public offering, Scorpion could never own the shares of common stock. At a stockholders' meeting held on June 16, 2011, the stockholders of the Company approved the direct issuance of Company common stock with full voting rights upon conversion of the loan held by Scorpion. Consistent with stockholder approval, the Company amended the loan held by Scorpion on September 13, 2011 to eliminate the conversion into Series B Preferred Stock and to provide for the direct conversion of such loan, at the option of Scorpion, into shares of Company common stock at a price of \$5.00 per share. In 2012, the Company and Scorpion agreed to exchange the loan for 1,681,771 shares of Company common stock. Mr. Brandolini disclaims beneficial ownership of the shares of Company common stock held by Scorpion except to the extent of his pecuniary interest therein.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, directors, certain officers and beneficial owners of 10% or more of any class of the Company's stock ("Reporting Persons") are required from time to time to file with the SEC and NYSE MKT LLC reports on ownership and changes of ownership. Reporting Persons are required to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of forms and written representations received from Reporting Persons with respect to the fiscal year ended December 31, 2012, the Company believes that all filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were met on a timely basis.

Stockholder Proposals

Management anticipates that the Company's 2014 annual stockholders' meeting will be held during June 2014. Any stockholder who wishes to submit a proposal for action to be included in the proxy statement and

form of proxy relating to the Company's 2014 annual stockholders' meeting must submit the proposal to the Company on or before December 27, 2013. Any such proposals should be timely sent to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. Such proposal must meet all of the requirements of the SEC to be eligible for inclusion in the Company's 2014 proxy materials. If a stockholder wishes to submit a proposal outside of the process of Rule 14a-8 under the Exchange Act, in order for such proposal to be considered "timely" for the purposes of Rule 14a-4(c) under the Exchange Act, the proposal must be received by the Company not later than March 12, 2014.

Communications with the Board of Directors

The Board of Directors maintains a process for stockholders to communicate with the Board of Directors. Stockholders wishing to communicate with the Board of Directors should send any communication to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will forward such communication to the full Board of Directors or to any individual director or directors to whom the communication is directed, unless the Corporate Secretary determines that the communication does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees, relates to routine or insignificant matters that do not warrant the attention of the Board of Directors, is an advertisement or other commercial solicitation or communication, is frivolous or offensive, or is otherwise not appropriate for delivery to the directors. The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made through the Corporate Secretary and only in accordance with the Company's policies and procedures and the applicable laws and regulations relating to the disclosure of information.

Householding of Proxy Materials

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address, although each stockholder will receive a separate proxy card. Once a stockholder has received notice from his or her broker that they will be householding materials, householding will continue until the stockholder is notified otherwise or revokes consent. If at any time a stockholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, the stockholder should notify his or her broker. If a stockholder would like to receive a separate copy of this Proxy Statement for the Meeting, he or she should contact the Company by writing to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002.

Availability of Documents

The Company is including with this Proxy Statement a copy of its 2012 Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which has been filed with the SEC and is incorporated in this Proxy Statement by reference. The Company will furnish to any person any exhibits described in the list accompanying such report upon payment of reasonable fees relating to the Company's furnishing such exhibits. Requests for directions to the Meeting to vote in person or for copies of this Proxy Statement and the Annual Report (including exhibits thereto) for the Meeting and future stockholders meetings should be directed to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, Texas 77002. Paper or email copies of this Proxy Statement and the Annual Report (including exhibits thereto) for the Meeting can also be obtained free of charge by calling toll-free 1-877-375-5001 and asking for the Company's Investor Relations Department or can be accessed at the Investor Relations section of our website at http://www.cheniere.com/corporate/2013_annual_meeting.shtml. Any such requests shall be made by May 21, 2013 to facilitate timely delivery.
