General Information

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the "Board") of Cheniere Energy, Inc. ("Cheniere," the "Company," "we," "us" or "our"), a Delaware corporation, of proxies to be voted at our 2016 Annual Meeting of Shareholders (the "Meeting") and any adjournment or postponement thereof.

You are invited to attend the Meeting on June 2, 2016, beginning at 9:00 a.m., Central Daylight Time. The Meeting will be held in the Crystal Ballroom at the Post Rice Lofts, 909 Texas Avenue, Houston, Texas 77002.

This Notice of Annual Meeting, Proxy Statement, proxy card and 2015 Annual Report on Form 10-K for the year ended December 31, 2015, are being mailed to shareholders on or about April 21, 2016.

Do I need a ticket to attend the Meeting?

You will need proof of ownership and valid identification to enter the Meeting.

If your shares are held beneficially in the name of a bank, broker or other holder of record and you plan to attend the Meeting, you must present proof of your ownership of Cheniere stock, as of April 4, 2016, such as a bank or brokerage account statement, to be admitted to the Meeting.

If you have any questions about attending the Meeting, you may contact Investor Relations at info@cheniere.com or 713-375-5100.

Shareholders also must present a valid government-issued picture identification in order to be admitted to the Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted at the Meeting.

Who is entitled to vote at the Meeting?

Holders of Cheniere common stock at the close of business on April 4, 2016 (the "Record Date"), are entitled to receive this Notice and to vote their shares at the Meeting. As of April 4, 2016, there were 235,645,999 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with Cheniere's transfer agent, Computershare Trust Company, N.A., you are considered the "shareholder of record" of those shares. The Notice of Annual Meeting, Proxy Statement, proxy card and 2015 Annual Report on Form 10-K for the year ended December 31, 2015, have been sent directly to you by Cheniere. If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of such shares held in street name. The Notice of Annual Meeting, Proxy Statement, proxy card and 2015 Annual Report on Form 10-K for the year ended December 31, 2015, have been forwarded to you by your broker, bank or other holder of record, who is considered the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How do I vote?

You may vote using any of the following methods:

By mail

You may submit your proxy vote by mail by signing a proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed envelope. If you provide specific voting instructions, your shares will be voted as you have instructed. If you do not indicate your voting preferences, your shares will be voted as recommended by the Board; provided, however, if you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on the following proposals if your bank, broker or other holder of record does not receive voting instructions from you: Proposal 1 to elect directors and Proposal 2 to approve, on an advisory and non-binding basis, the compensation awarded to the Company's named executive officers for fiscal year 2015 as disclosed in this Proxy Statement.

By telephone or on the Internet

If you have telephone or Internet access, you may submit your proxy vote by following the instructions provided on your proxy card or voting instruction form. If you are a beneficial owner, the availability of telephone and Internet voting will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

In person at the Meeting

If you are the shareholder of record, you have the right to vote in person at the Meeting. If you are the beneficial owner, you are also invited to attend the Meeting. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the Meeting unless you obtain a "legal proxy" from your broker, bank or other holder of record that holds your shares, giving you the right to vote the shares at the Meeting.

Can I revoke my proxy?

If you are a shareholder of record, you can revoke your proxy before it is exercised by:

- written notice to the Corporate Secretary of the Company;
- timely delivery of a valid, later-dated proxy; or
- voting by ballot at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other holder of record. You may also vote in person at the Meeting if you obtain a legal proxy as described in the answer to the preceding question.

What shares are included on the proxy card?

If you are a shareholder of record, you will receive a proxy card for the shares you hold in certificate form or in book-entry form. If you are a beneficial owner, you will receive voting instructions from your bank, broker or other holder of record.

Is there a list of shareholders entitled to vote at the Meeting?

The names of shareholders of record entitled to vote at the Meeting will be available at the Meeting and for ten days prior to the Meeting for any purpose germane to the Meeting. The list will be available between the hours of 8:30 a.m. and 4:30 p.m. Central Daylight Time, at our offices at 700 Milam Street, Suite 1900, Houston, Texas 77002, by contacting the Corporate Secretary of the Company.

What are the voting requirements to elect the directors and to approve each of the proposals discussed in this Proxy Statement?

The presence in person or by proxy of the holders of a majority in voting power of the outstanding shares of common stock entitled to vote at the Meeting is necessary to constitute a quorum. In the absence of a quorum at the Meeting, the Meeting may be adjourned from time to time without notice, other than an announcement at the Meeting, until a quorum shall be present. Abstentions and “broker non-votes” represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for purposes of determining a quorum. “Broker non-votes” occur when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal 1—Directors are elected by a majority of the votes cast with respect to such director nominee at the Meeting, meaning that the number of votes cast “for” a director must exceed the number of votes cast “against” that director. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the ten nominees for director. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2—To be approved, Proposal 2 regarding the compensation awarded to the Company’s named executive officers for the fiscal year 2015 must receive the affirmative vote of the holders of a majority in voting power of the shares entitled to vote on the matter, present in person or by proxy at the Meeting. Because your vote is advisory, it will not be binding on the Board or the Company. If you are a beneficial owner, your bank, broker or other holder of record may not vote your shares with respect to Proposal 2 without specific instructions from you. Abstentions will be counted “against” Proposal 2. Broker non-votes will not count as shares entitled to vote on the matter.

Proposal 3—To be approved, Proposal 3 to ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2016 must receive the affirmative vote of the holders of a majority in voting power of the shares entitled to vote on the matter, present in person or by proxy at the Meeting. If you are a beneficial owner, your bank, broker or other holder of record has the authority to vote your shares on Proposal 3 if you have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions will be counted “against” Proposal 3.

What if a director nominee does not receive a majority of votes cast?

Our Amended and Restated Bylaws (“Bylaws”) require directors to be elected by the majority of the votes cast with respect to such director (i.e., the number of votes cast “for” a director must exceed the number of votes cast “against” that director). If a nominee who is serving as a director is not elected at the Meeting and no one else is elected in place of that director, then, under Delaware law, the director would continue to serve on the Board as a “holdover director.” However, under our Bylaws, the holdover director is required to tender his or her resignation to the Board. The Governance and Nominating Committee of the Board then would

[Table of Contents](#)

consider the resignation and recommend to the Board whether to accept or reject the tendered resignation, or whether some other action should be taken. The Board would then make a decision whether to accept the resignation, taking into account the recommendation of the Governance and Nominating Committee. The director who tenders his or her resignation will not participate in the Governance and Nominating Committee's or the Board's decision. The Board is required to disclose publicly (by a press release and a filing with the Securities and Exchange Commission ("SEC")) its decision regarding the tendered resignation and, if the tendered resignation is rejected, the rationale behind the decision within 90 days from the date of the certification of the election results.

Could other matters be decided at the Meeting?

As of the date of this Proxy Statement, we do not know of any matters to be raised at the Meeting other than those referred to in this Proxy Statement. If other matters are properly presented for consideration at the Meeting, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay for the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. We have hired D. F. King & Co., Inc., 48 Wall Street, 22nd Floor, New York, NY 10005, to solicit proxies. We will pay D.F. King a fee of \$15,000 plus expenses for these services.

Who will count the vote?

Broadridge Financial Solutions, Inc., an independent third party, will tabulate the votes.

Shareholder Outreach

The Company has been involved in extensive discussions with shareholders during the past two years regarding compensation and governance matters. At our 2015 Annual Meeting, our say-on-pay proposal received support from shareholders owning approximately 63% of the Company’s shares represented at the meeting and entitled to vote on the matter. Following our 2015 Annual Meeting, members of our Board and management had extensive dialogue with shareholders representing approximately 60% of our outstanding common stock, through both in person and telephonic meetings.

The Board believes that its current system of corporate governance oversight enables the directors to be prudent stewards of shareholder capital and represent the long-term interests of the Company and our shareholders. In addition, the Board is responsive to changes in the general corporate governance environment.

Key Themes from Our Shareholder Outreach

Many of our shareholders have different methodologies and processes for evaluating compensation and governance programs. However, a number of common themes emerged during our discussions with shareholders, which included:

- **Request for implementation of Proxy Access.** Many of our shareholders expressed a desire for the Company to implement proxy access. In connection with our 2015 Annual Meeting, a shareholder proposal regarding proxy access received support

[Table of Contents](#)

from shareholders holding approximately 63% of the Company's shares represented at the meeting and entitled to vote on the matter. Our Board approved a Proxy Access Bylaw Amendment on December 9, 2015 which provided for a shareholder (or group of up to 20 shareholders) holding 3% or more of the common stock of the Company for a period of 3 years to nominate up to 20% of the number of directors serving on the Company's Board, and such nominees shall be included with the Board's nominees in the Company's proxy materials. During our shareholder outreach, our shareholders generally expressed support for the 20 shareholder group and up to 20% of the board formulation.

- **Request for additional detail regarding the experience and expertise of our directors with a focus on Board refreshment.** Several of our shareholders have expressed interest in understanding the core competencies of our Board, particularly as we transition from a development company into an LNG operator. We have included tabular disclosure regarding the qualifications of our directors on page 8 of this Proxy Statement. Our Governance & Nominating Committee continues to review the qualifications of the Board for any gaps and is currently in the process of searching for a new Chief Executive Officer (who is also expected to serve as a director) with operational experience as well as strategic vision. In addition, in August of 2015, the Board appointed two new directors, Samuel Merksamer and Jonathan Christodoro, in connection with a Nomination and Standstill Agreement entered into as of August 21, 2015 among the Company, Icahn Capital LP and certain affiliates of Icahn Capital LP. In December 2015, the Company split the CEO and Chairman of the Board roles.

See page 33 of this Proxy Statement for a discussion regarding additional matters addressed with our shareholders in connection with our shareholder outreach program.

Actions Taken as a Result of Our Shareholder Outreach

Following our shareholder outreach in 2015 and 2016, the Governance and Nominating Committee and the Board reviewed and considered our shareholders' feedback as part of its review and adoption of changes to our governance structure. The Board then took the following actions:

Action Taken	Description
Amended our Bylaws to Implement Proxy Access	<ul style="list-style-type: none">• A shareholder (or group of up to 20 shareholders) holding 3% or more of the common stock of the Company for a period of 3 years may nominate up to 20% of the number of directors serving on the Company's Board, and such nominees shall be included with the Board's nominees in the Company's proxy materials, subject to meeting the requirements set forth in the Company's Bylaws.
Removed Third Party Director Compensation Disqualification Bylaw Provision	<ul style="list-style-type: none">• A nominee director receiving third party compensation for service on our Board shall no longer disqualify such person from serving on our Board.• Only disclosure of such third party compensation arrangements will be required.
Added New Directors	<ul style="list-style-type: none">• In 2015, we added two new directors to the Board, Samuel Merksamer and Jonathan Christodoro.
Provided Detail regarding Director Experience and Expertise	<ul style="list-style-type: none">• We have included detail regarding our directors' core competencies on page 8 of this Proxy Statement.
Split the CEO/Chairman Roles	<ul style="list-style-type: none">• In December 2015, the Company split the CEO and Chairman of the Board roles. Neal Shear currently serves as Interim CEO and President, and G. Andrea Botta serves as our Non-Executive Chairman of the Board.

Table of Contents

Summary of Director Core Competencies

The following chart summarizes the core competencies currently represented on our Board.

There are ten nominees standing for election as directors at the Meeting. Each nominee, if elected, will hold office for a one-year term expiring at the 2017 Annual Meeting of Shareholders and will serve until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal.

Each of the director nominees currently serves on the Board and has consented to serve as a director if elected or re-elected. Each of the director nominees was elected by the Company's shareholders, other than Messrs. Christodoro and Merksamer, who were appointed in connection with a Nomination and Standstill Agreement entered into on August 21, 2015 among the Company, Icahn Capital LP and certain affiliates of Icahn Capital LP.

Directors are elected by a majority of votes cast with respect to such director nominee. Unless your proxy specifies otherwise, it is intended that the shares represented by your proxy will be voted for the election of these ten nominees. If you are a beneficial owner, your bank, broker or other holder of record is not permitted to vote your shares on Proposal 1 to elect directors if the bank, broker or other holder of record does not receive voting instructions from you. Proxies cannot be voted for a greater number of persons than the number of nominees named. The Board is unaware of any circumstances likely to render any nominee unavailable.

The Board recommends a vote FOR the election of the ten nominees as directors of the Company to hold office for a one-year term expiring at the 2017 Annual Meeting of Shareholders or until their successors are duly elected and qualified.

Director Nominations and Qualifications

Director Nomination Policy and Procedures. Our Director Nomination Policy and Procedures is attached to the Governance and Nominating Committee's written charter as Exhibit A, which is available on our website at www.cheniere.com. The Governance and Nominating Committee considers suggestions for potential director nominees to the Board from any source, including current members of the Board and our management, advisors and shareholders. The Governance and Nominating Committee evaluates potential nominees by reviewing their qualifications and any other information deemed relevant. Director nominees are recommended to the Board by the Governance and Nominating Committee.

The full Board will select and recommend candidates for nomination as directors for shareholders to consider and vote upon at the annual shareholders' meeting. The Governance and Nominating Committee reviews and considers any candidates submitted by a shareholder or shareholder group in the same manner as all other candidates.

Table of Contents

Qualifications for consideration as a director nominee vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, minimum criteria for selection of members to serve on our Board include the following:

- highest ethical standards and integrity;
- high level of education and/or business experience;
- broad-based business acumen;
- understanding of the Company's business and industry;
- strategic thinking and willingness to share ideas;
- loyalty and commitment to driving the success of the Company;
- network of business and industry contacts; and
- diversity of experiences, expertise and backgrounds among members of the Board.

Practices for Considering Diversity. The minimum criteria for selection of members to serve on our Board are designed to ensure that the Governance and Nominating Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance and regulatory compliance. Each year the Board and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Shareholder Nominations for Director. A shareholder of the Company who was a shareholder of record at the time the notice provided for below is delivered to the Corporate Secretary, who is entitled to vote at the meeting of shareholders called for the election of directors and upon such election or proposed business and who complies with the notice procedures set forth in our Bylaws may nominate candidates for election to the Board. Nominations made by a shareholder must be made by giving timely notice in writing to the Corporate Secretary of the Company at the following address: Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 1900, Houston, Texas 77002. To be timely, a shareholder's notice must be delivered not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. However, if (and only if) the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the shareholder must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. Director Independence

The Board determines the independence of each director and nominee for election as a director in accordance with the rules and regulations of the SEC and the NYSE MKT LLC independence standards, which are listed below. The Board also considers relationships that a director may have:

- as a partner, shareholder or officer of organizations that do business with or provide services to Cheniere;
- as an executive officer of charitable organizations to which we have made or make contributions; and
- that may interfere with the exercise of a director's independent judgment.

The NYSE MKT LLC independence standards state that the following list of persons shall not be considered independent:

- a director who is, or during the past three years was, employed by the Company or by any parent or subsidiary of the Company;
- a director who accepts, or has an immediate family member who accepts, any compensation from the Company or any parent or subsidiary of the Company in excess of \$120,000 during any period of twelve consecutive months within the past three years, other than compensation for Board or committee services, compensation paid to an immediate family member who is a non-executive employee of the Company, compensation received for former service as an interim executive officer provided the interim service did not last longer than one year, benefits under a tax-qualified retirement plan or non-discretionary compensation;
- a director who is an immediate family member of an individual who is, or has been in any of the past three years, employed by the Company or any parent or subsidiary of the Company as an executive officer;
- a director who is, or has an immediate family member who is a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;
- a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the Company's executive officers serve on the compensation committee of such other entity; or
- a director who is, or has an immediate family member who is, a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

As of March 2016, the Board determined that Messrs. Botta, Brandolini, Christodoro, Kilpatrick, Merksamer and Robillard, and Meses. Bailey and Zichal are independent, and none of them has a relationship that may interfere with the exercise of his or her independent judgment. Mr. Shear was independent until he became our Interim CEO and President in December 2015.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. Mr. Botta serves as the Non-Executive Chairman of the Board. Mr. Shear serves as Interim CEO and President.

Prior to splitting the CEO and Chairman of the Board roles in December 2015, Mr. Souki served in the combined role of Chairman of the Board and Chief Executive Officer. The Company has in place strong governance mechanisms to ensure the continued accountability of the Chief Executive Officer to the Board and to provide strong independent leadership, including the following:

- the Board appointed a Lead Director to provide independent leadership to the Board, to ensure that the Board operates independently of management and that directors have an independent leadership contact (which responsibilities have now been assumed by the independent Non-Executive Chairman of the Board);
- each of the Board's standing committees, including the Audit, Compensation and Governance and Nominating Committees, are comprised of and chaired solely by non-employee directors who meet the independence requirements under the NYSE MKT LLC listing standards and the SEC;
- the independent directors of the Board, along with the Compensation Committee, evaluate the Chief Executive Officer's performance and determine his compensation;
- the independent directors of the Board meet in executive sessions without management present and have the opportunity to discuss the effectiveness of the Company's management, including the Chief Executive Officer, the quality of the Board meetings and any other issues and concerns; and
- the Governance and Nominating Committee has oversight of succession planning, both planned and emergency, and the Board has approved an emergency Chief Executive Officer succession process.

The Board believes that its leadership structure assists the Board's role in risk oversight. See the discussion on the " *Board's Role in Risk Oversight*" below. The Board determined to separate the role of Chief Executive Officer and Chairman of the Board in December 2015.

Non-Executive Chairman of the Board. In December 2015, the Board split the roles of the Chief Executive Officer and the Chairman of the Board. The Non-Executive Chairman of the Board position is now held by G. Andrea Botta, an independent director. The Board has appointed the independent Chairman of the Board to provide independent leadership to the Board. The Non-Executive Chairman of the Board role provides for the Board to operate independently of management with the Non-Executive Chairman of the Board providing an independent leadership contact to the other directors. The responsibilities of the Lead Director were formally adopted by the Board and have now been assumed by the Non-Executive Chairman of the Board. The responsibilities of the Non-Executive Chairman of the Board are set out in a Non-Executive Chairman of the Board Charter (adopted by the Board in March 2016). These responsibilities include the following:

- preside at all meetings of the Board, including executive sessions of the independent directors;
- call meetings of the Board and meetings of the independent directors, as may be determined in the discretion of the Non-Executive Chairman of the Board;
- work with the Chief Executive Officer and the Corporate Secretary regarding the schedule of Board meetings to assure that the directors have sufficient time to discuss all agenda items;
- prepare the Board agendas in coordination with the Chief Executive Officer and the Corporate Secretary;
- advise the Chief Executive Officer of any matters that the Non-Executive Chairman of the Board determines should be included in any Board meeting agenda;
- advise the Chief Executive Officer as to the quality, quantity, appropriateness and timeliness of the flow of information from the Company's management to the Board;
- recommend to the Board the retention of consultants who report directly to the Board;
- act as principal liaison between the directors and the Chief Executive Officer on all issues, including, but not limited to, related party transactions;
- in the discretion of the Non-Executive Chairman of the Board, participate in meetings of the committees of the Board;
- in the absence of the Chief Executive Officer or as requested by the Board, act as the spokesperson for the Company; and
- be available, if requested, for consultation and direct communication with major shareholders of the Company.

Board's Role in Risk Oversight. Risks that could affect the Company are an integral part of Board and committee deliberations throughout the year. The Board has oversight responsibility for assessing the primary risks (including liquidity, credit, operations and regulatory compliance) facing the Company, the relative magnitude of these risks and management's plan for mitigating

[Table of Contents](#)

these risks. In addition to the Board's oversight responsibility, the committees of the Board consider the risks within their areas of responsibility. The Board and its committees receive regular reports directly from members of management who are responsible for oversight of particular risks within the Company. The Audit Committee discusses with management the Company's major financial and risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Board and its committees regularly discuss the risks related to the Company's business strategy at their meetings.

Corporate Social Responsibility and Political Contributions

Health, Safety and the Environment

At Cheniere, sustainability and social responsibility are core requirements for the success of our business. It is Cheniere's policy to protect the health and safety of our employees, contractors, visitors, and host community residents as well as prevent impacts to the environment in all aspects of executing our business strategy. Our commitment to promote the health and safety of contractors and employees, to preserve the environment, and to contribute to the long-term strength of the communities where we do business (otherwise known as our License to Operate), and our commitment to sustainable operations and development will ensure strong economic value for all stakeholders. Cheniere's management accomplishes this objective by providing a clear strategic plan that integrates occupational health and safety, process safety, integrity management, and environmental stewardship into all business decisions and operations. Below are some examples of the steps we have taken towards upholding these values:

- ✓ Upholding our Corporate Health, Safety and Environmental ("HSE") Policy
- ✓ Operationalizing our core values: Integrity, Teamwork, Responsibility, Agility, and Dedication
- ✓ Promoting a strong HSE culture through every level of the organization
- ✓ Setting HSE performance objectives and commitments
- ✓ Complying with all applicable HSE standards and procedures
- ✓ Committing to eight life-critical safety rules that aim to reduce risks and maintain a safe work environment, otherwise known as the Cheniere Life Saving Rules
- ✓ Continually training and educating our employees and contractors on their responsibility to identify work that is unsafe or environmentally unsound and to help mitigate potential negative impacts

Political Contributions

It is Cheniere's policy that Company funds or assets shall not be used to make a political contribution to any political party or candidate, unless approval has been given by a compliance officer.

The Cheniere Energy, Inc. Political Action Committee ("Cheniere PAC") is a forum for employees to voluntarily contribute to a fund that supports the election of candidates to Congress that support the principles of free enterprise, good government, a fair and reasonable business environment for the energy industry and that share the Company's philosophy that energy diversity advances overall energy security. Decisions about contributions to specific federal candidates are made by members of the Cheniere PAC board, with input from the Company's government affairs staff in Washington, D.C. Cheniere employees, through the Cheniere PAC, contributed \$180,900 in 2015 to the election of candidates from both parties to Congress.

Meetings and Committees of the Board

Our operations are managed under the broad supervision and direction of the Board, which has the ultimate responsibility for the establishment and implementation of the Company's general operating philosophy, objectives, goals and policies. Pursuant to delegated authority, certain Board functions are discharged by the Board's standing Audit, Governance and Nominating and Compensation Committees. Members of the Audit, Governance and Nominating and Compensation Committees for a given year are selected by the Board following the annual shareholders' meeting. During the fiscal year ended December 31, 2015, our Board held 11 meetings. Each incumbent member of the Board attended or participated in at least 75% of the aggregate number of (i) Board meetings and (ii) committee meetings held by each committee of the Board on which the director served during the period for which each director served. Although directors are not required to attend annual shareholders' meetings, they are encouraged to attend such meetings. At the 2015 Annual Meeting of Shareholders, 12 of the 13 members of the Board then serving were present.

Compensation Committee

Each member of the Compensation Committee has been determined by the Board to be "independent" as defined by the NYSE MKT LLC listing standards and by the SEC. The Compensation Committee held 9 meetings during the fiscal year ended December 31, 2015. The Compensation Committee reviews and approves the compensation policies, practices and plans of the Company pursuant to a written charter, which is available on our website at www.cheniere.com. The Chairman of the Compensation Committee, in consultation with other Compensation Committee members, members of management and the independent compensation consultant, determines the agenda and dates of Compensation Committee meetings.

The Compensation Committee's charter is reviewed annually. Changes to the charter must be approved by the Board on the recommendation of the Compensation Committee. The charter provides that the Compensation Committee has the sole authority to retain, oversee and terminate any compensation consultant, independent legal counsel or other adviser engaged to assist in the evaluation of compensation of directors and executive officers of the Company, including the sole authority to approve such adviser's fees and other retention terms. Pursuant to the charter, the Compensation Committee has the following duties and responsibilities, among others:

- review and recommend to the Board for approval the maximum amount of performance-based compensation for the Chief Executive Officer and other executive officers for a defined performance period;

Review of Compensation Risk

The Compensation Committee considered the risks associated with our compensation policies and practices in 2015. The Compensation Committee concluded that our compensation policies and practices were not reasonably likely to have a material adverse effect on the Company and did not include risk-taking incentives or encourage our employees, including our executive officers, to take excessive risks in order to receive larger awards. As part of this analysis, the Compensation Committee considered the individual components of our executive officers' compensation, the performance measures required to be achieved to earn cash bonus and equity awards and the vesting schedule of the equity awards. In concluding that our incentive plans do not promote excessive risk, the Compensation Committee considered the following factors, among others:

- A significant portion of our executive officers' compensation is tied to developmental, operating and corporate performance goals and the achievement of the performance goals is conducted in accordance with the Company's Risk Policy approved by the Board.
- Our executive officer and non-employee director stock ownership requirements tie our executive officers' compensation to the stock value of the Company and our shareholders' interests and subject our executive officers to share ownership and retention guidelines.
- Our compensation program design provides a mix of annual and longer-term incentives and performance measures.
- Our compensation mix is not overly weighted toward annual incentives.
- We do not maintain highly leveraged payout curves and uncapped payouts, nor do we maintain steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds.
- All employees participate in the same annual bonus and long-term incentive plans.
- We currently do not grant stock options.
- The Compensation Committee has downward discretion over incentive program payouts.
- Compliance and ethical behaviors are integral factors considered in all performance assessments.
- The Company's Policy on Insider Trading and Compliance prohibits executive officers from hedging and effecting short sales of the Company's stock.

Executive Summary

Business Overview

Cheniere is a market leader in the development and commercialization of liquefied natural gas (“LNG”) facilities in the United States.

We own and operate the Sabine Pass LNG terminal in Louisiana which includes operational regasification facilities with existing infrastructure of five LNG storage tanks with capacity of approximately 16.9 Bcfe, two docks that can accommodate vessels with nominal capacity of up to 266,000 cubic meters and vaporizers with regasification capacity of approximately 4.0 Bcf/d.

We are currently constructing and developing natural gas liquefaction facilities at the Sabine Pass LNG terminal adjacent to the existing regasification facilities (the “SPL Project”). We are also constructing and developing a second natural gas liquefaction and export facility in Texas at the Corpus Christi LNG terminal (the “CCL Project”). We continue to evaluate additional development opportunities.

Each terminal includes a number of planned liquefaction trains (“Trains”), which convert natural gas into LNG so that it can be transported more economically across long distances. We expect to invest approximately \$30 billion in the aggregate for the construction and development of the seven Trains we currently have under construction or completed. These projects are being constructed under lump-sum turnkey contracts, and financing has been obtained to fund construction.

For the SPL Project, we are developing up to six Trains, each with an expected nominal production capacity of approximately 4.5 million tonnes per annum (“mtpa”) of LNG, adjacent to our existing regasification facilities. The Trains are in various stages of development, with Train 1 complete and undergoing commissioning, four Trains under construction and Train 6 permitted. Train 1 is producing LNG, and the first commissioning cargo was exported in late February 2016. Commissioning for Train 2 has also commenced. The remaining Trains under construction are expected to commence commissioning on a staggered basis thereafter.

For the CCL Project, we are developing up to three Trains, each with an expected nominal production capacity of approximately 4.5 mtpa of LNG, near Corpus Christi, Texas. The Trains are in various stages of development with the first two Trains under construction and the third Train permitted. Commissioning for Train 1 is expected to commence as early as late 2018.

In addition, we have begun the permitting process for a fourth and fifth Train at the Corpus Christi LNG terminal adjacent to the CCL Project. The permitting process is expected to be complete in 2017.

Our management team creates value for our shareholders through diligent construction and development of these facilities, the achievement of ambitious key milestones, and disciplined capital allocation. The Compensation Committee of the Board (the

[Table of Contents](#)

“Compensation Committee”) considers progress against these goals when it designs Cheniere’s executive compensation program for the NEOs.

Cheniere’s Business Model—First Mover in U.S. LNG Exports

In 2008, Cheniere completed construction of the regasification facilities at the Sabine Pass LNG terminal in order to import natural gas. This timing coincided with a seismic shift in the U.S. energy sector, where innovation in drilling technologies enabled large supplies of unconventional gas—particularly shale gas—to be developed at low costs. As a result of this new supply, the price of domestic natural gas declined precipitously, largely displacing the need to source natural gas globally for import to the U.S. Due to these unfavorable market conditions for U.S. LNG imports, Cheniere began assessing other strategic options in order to optimize shareholder value.

In 2010, Cheniere was the first to announce plans to pursue the development of an LNG export facility in the contiguous U.S., the SPL Project. Historically the U.S. has not been a meaningful exporter of natural gas. However, Cheniere decided to pursue the development of an LNG export facility in response to the vast transformation of the U.S. natural gas markets and the abundance of natural gas supply expected for years to come. When the SPL Project is completed, it will be the first LNG export facility built in North America in over 50 years.

We are the first mover in this sector, and construction of the SPL Project is nearly two years ahead of any other U.S. liquefaction project. We expect to be the largest LNG exporter in the U.S. beginning in 2016 and one of the three largest LNG exporters in the world by 2020, representing approximately nine percent of the global LNG market.

Liquefaction Projects Underpinned with Long-Term 20-Year Contracts, Limiting Exposure to Commodity Prices

Approximately 87% of the expected aggregate nominal production capacity across the seven Trains under construction or completed has been sold under long-term 20-year sale and purchase agreements (“SPAs”), equating to approximately 27.4 mtpa of LNG and approximately \$4.3 billion annually in fixed fees. Having such a significant portion of the expected aggregate nominal production capacity sold under long-term contracts with a portion of the LNG contract sales price based on a fixed fee substantially limits our exposure to fluctuating commodity prices. Under the SPAs, LNG pricing includes two components—(1) 115% of the Nymex Henry Hub index for the month in which a cargo is scheduled plus (2) a fixed fee. We will purchase natural gas based on the applicable Henry Hub price and sell the LNG to the customer priced on the same index plus a fee. This fee covers our costs and shareholders’ return. We expect to generate a significant amount of predictable, stable cash flows annually, over the lives of the contracts, as the fixed fees are required to be paid even if customers elect to cancel or suspend deliveries of LNG cargoes.

For the volumes not contracted under long-term SPAs, we have developed a marketing business that is expected to have access to approximately 4.1 mtpa of the excess LNG available from the seven Trains under construction or completed at the SPL and CCL Projects, which we will sell on a shorter-term, more opportunistic basis. Cheniere Marketing, LLC (together with its subsidiaries, “Cheniere Marketing”) has entered into sales agreements totaling over 522 million MMBtu of volumes sold on a short-term basis with deliveries expected to be made in the 2016 to 2023 timeframe.

We believe our contracting efforts were successful primarily as a result of Cheniere differentiating itself in the LNG market by offering global LNG buyers more attractive features and contract terms, including (1) an alternative pricing mechanism, basing LNG prices on a natural gas index as opposed to a traditional crude-based index, (2) destination flexibility, allowing customers to determine delivery points, as opposed to the traditionally restricted delivery locations and (3) customers have the ability to cancel or suspend deliveries of LNG cargoes with notice, subject to payment of the fixed fees.

All of the SPAs have been entered into with investment grade parent companies as counterparties or guarantors. The SPAs are “take-or-pay” style agreements, meaning that the fixed fee component of the LNG price would still be required to be paid whether or not the customer elects to purchase the LNG. The SPAs have initial terms of twenty years and do not have price reopeners. A portion of the fixed fee component escalates with inflation as specified in each SPA. Revenue generally will commence under the SPAs as each applicable Train reaches the date of first commercial delivery (“DFCD”).

2015 Performance and Developments

2015 was a year of transition for Cheniere. Amidst a challenging macroeconomic environment, we made significant progress on our development and construction goals for our SPL and CCL Projects. In February 2016, the first of our Trains at the SPL Project began producing LNG, and the first LNG commissioning cargo was exported.

[Table of Contents](#)

On the governance front, the Board decided to replace our Chairman, CEO and President, Charif Souki, who had served at Cheniere for 19 years. The Board split the roles of Chairman and CEO with G. Andrea Botta serving as Non-Executive Chairman of the Board and Neal Shear serving as the Interim CEO and President. The changes were made at a time when Cheniere was beginning its transformation from a development company into an LNG operator, with a strategy intent on creating and sustaining shareholder value while continuing to explore more focused growth initiatives. Cheniere has established itself as a first mover in the domestic LNG export market and is well positioned to become a significant player in the global LNG market.

Operating Developments

This year has been challenging for the oil and gas industry as a result of significant global oil and gas price declines and economic slowdowns in certain major global markets. We believe Cheniere's stock price has been impacted by these global factors. Our SPL and CCL Projects, however, continue to progress. We believe that the excellent progress we have made in the development and construction of our LNG facilities is one of the primary reasons our stock price has outperformed the S&P 500 Index by approximately 479% over the past five years ending December 31, 2015.

The development and construction of the SPL and CCL Projects advanced as planned in 2015. As we continue to develop these projects and increase LNG production, Cheniere will transition into an LNG operator with expected stable and growing positive cash flow underpinned by long-term SPAs with investment grade energy companies worldwide.

CEO and Board Changes

In December 2015, the Board terminated the employment of our former Chairman, CEO and President, Charif Souki. Neal Shear, an independent director who joined the Board in 2014, was named Interim CEO and President. The Board formed a Special Committee made up of four independent directors to facilitate an orderly leadership transition. A search for a new permanent CEO is underway. Concurrently, independent director G. Andrea Botta was appointed as our new Non-Executive Chairman of the Board and has assumed the responsibilities of the Lead Director position in addition to the functions of the Chairman of the Board.

The CEO transition followed a number of changes to the composition of our Board. At our 2015 annual meeting of shareholders (the "2015 Annual Meeting"), four directors did not stand for reelection. Our Board size was reduced from 13 to 9 members immediately following the 2015 Annual Meeting. In August 2015, we increased the board size to 11 and added two directors to the Board—Jonathan Christodoro and Samuel Merksamer—as part of a Nomination and Standstill Agreement with Icahn Capital LP and certain of its affiliates.

Compensation Committee Changes

The Compensation Committee was reconstituted following the departure of directors and Compensation Committee members Messrs. Carney and Foutch. Samuel Merksamer, who joined the Board in August 2015, was appointed to the Compensation Committee in August 2015. Heather Zichal was appointed to the Compensation Committee in September 2015. In December 2015, the Board appointed Nuno Brandolini as Chairman of the Compensation Committee, and David Kilpatrick was reappointed to the Compensation Committee in January 2016.

2015 Shareholder Outreach

Key Compensation Themes from Our Shareholder Outreach

At our 2015 Annual Meeting, our say-on-pay proposal received support from shareholders owning approximately 63% of the shares represented at the meeting and entitled to vote on the matter. Though this was a significant increase in support from our say-on-pay results at our 2014 annual meeting, the Board recognizes the need to continually engage with our shareholders and modify our compensation program to address any significant shareholder concerns.

Following the results of our 2015 Annual Meeting, the Board embarked on a broad-based shareholder outreach program to directly seek feedback from our shareholders regarding what they would like to see in our compensation program. The significant changes made to our program in 2015 resulted in large part from the discussions and feedback we received in these meetings, which the Board believes was reflected in the meaningful year over year increase in support for our say-on-pay proposal. In the months leading up to our 2015 Annual Meeting, we engaged with shareholders representing approximately 53% of our outstanding common stock. In the fourth quarter of 2015 and the first quarter of 2016, members of our Board and management reached out to, and had extensive dialogue with, shareholders representing approximately 60% of our outstanding common stock, through both in person and telephonic meetings.

These meetings with our shareholders were immensely valuable to the Board and management, and we have acted on many of the governance and compensation changes discussed at these meetings. For example, in response to the governance discussions, since our 2015 Annual Meeting, the Board implemented proxy access, eliminated a third party director disqualification provision in our Bylaws, and split our CEO and Chairman of the Board roles. The specific changes to our compensation program that further align it to our business strategy and shareholders' interests are detailed below. The process is ongoing, and we will continue to incorporate shareholder outreach as a standard business practice in the future. We are committed to maintaining an open dialogue with our shareholders to ensure the successful evolution of our executive compensation program in 2016 and beyond.

Compensation Actions Taken as a Result of Shareholder Outreach

Following our shareholder outreach in 2014 and 2015, the Compensation Committee and the Board approved the following changes, many of which are directly responsive to the feedback we received from our shareholders:

Action Taken	Description
Reduced our CEO's Total Pay and Pay Opportunity	<ul style="list-style-type: none"> • Our former CEO's base salary was reduced to \$1 effective December 15, 2014. • Our former CEO's annual cash bonus opportunity was eliminated for the 2015-2018 period. • Our former CEO's compensation package for 2015-2018 was based on long-term incentive awards that were 100% performance-based under the 2014-2018 LTIP. These awards were subject to rigorous total shareholder return requirements. Due to not meeting these share price hurdles with respect to the second performance period (November 1, 2014 through October 31, 2015), no awards were made under the 2014-2018 LTIP with respect to such period.
Replaced the 2014-2018 LTIP that was Originally Proposed at our 2014 Annual Meeting	<ul style="list-style-type: none"> • Replaced the 2014-2018 LTIP which was originally presented to shareholders in early 2014 and later withdrawn from the 2014 annual meeting ballot. • The revised 2014-2018 LTIP was designed to be a "bridge" program to help us appropriately reward and incentivize our leadership team while we continue to develop our liquefaction facilities, with key project milestones through 2019. As we mature from a development company to an LNG operator, the Compensation Committee will re-evaluate our long-term incentive plan to include more traditional financial metrics. • Reduced the percentage of growth in total shareholder value that is used to fund the aggregate pool from which awards are granted for each performance period to 4% to 6% (including the senior executive pool). • Awards consist of phantom units settled in cash. We do not have any meaningful equity available for issuance under our equity plans.
Removed Immediate Vesting of a Portion of 2014-2018 LTIP Awards	<ul style="list-style-type: none"> • We modified the vesting period in our 2014-2018 LTIP from four vesting periods with an immediate vest upon the date of grant to three vesting periods with first vesting starting one year after the grant date.
Added a Maximum Cap to the 2014-2018 LTIP	<ul style="list-style-type: none"> • Created a senior executive pool to be capped at 2% of the growth in total shareholder value. Our former CEO's compensation was targeted to 50% of the senior executive pool. • Added an annual cap on the number of potential awards that can be granted from the senior executive pool for each performance period. The senior executive pool cannot exceed an amount equal to 1.5% of our common shares outstanding.
Improved Disclosure of Operating Metrics and Milestones used in our Compensation Program	<ul style="list-style-type: none"> • We expanded our disclosure of our compensation program design and the rigor of our performance metrics in last year's proxy statement, and engaged in significant outreach with shareholders to discuss the program. The compensation program's design tied directly to the key drivers of economic growth at Cheniere.

Key Governance Themes from Our Shareholder Outreach

Many of our shareholders have different methodologies and processes for evaluating compensation and governance programs. However, a number of common themes emerged during our discussions with shareholders, including the following:

- **Request for implementation of proxy access.** Many of our shareholders expressed a desire for the Company to implement proxy access. Our Board approved a Proxy Access Bylaw Amendment on December 9, 2015 which provided for a shareholder (or group of up to 20 shareholders) holding 3% or more of the common stock of the Company for a period of 3 years to nominate up to 20% of the number of directors serving on the Company's Board and include such nominees with the Board's nominees in the Company's proxy materials.
- **Request for additional detail regarding the experience and expertise of our directors with a focus on Board refreshment.** Several of our shareholders expressed interest in understanding the core competencies of our Board, particularly as we transition from a development company into an LNG operator. We have included tabular disclosure regarding the qualifications of our directors on page 8 of this Proxy Statement. Our Governance & Nominating Committee continues to review the qualifications of

the Board for any gaps and is currently in the process of finding a new Chief Executive Officer with operational experience as well as strategic vision who is also expected to serve as a director. In addition, in August 2015, the Board appointed two new directors, Samuel Merksamer and Jonathan Christodoro, each with significant expertise.

Additional Actions Taken as a Result of Shareholder Outreach

Since the 2015 Annual Meeting, we have continued to engage with our shareholders to ensure shareholder views are considered for incorporation into our compensation program design and governance framework. The Board is currently evaluating the design of the compensation program going forward after discussions and engagement with our shareholders. Additional changes to our executive compensation program and our governance practices that have been implemented are included below:

2015 Compensation Design

The Compensation Committee is committed to creating a performance-based compensation structure that is strongly aligned with the interests of our shareholders and incentivizes management with long-term performance goals. Historically, both our short-term and long-term performance awards have been 100% performance-based.

2015 compensation was comprised of the following components:

- Base Salary
- Annual Cash Bonus
- Long-Term Performance Incentive Award

Base Salary

In 2015, our former Chairman, CEO and President received a base salary of \$1. His entire compensation package was provided under the 2014-2018 LTIP and was 100% performance based. The base salaries of our NEOs were generally targeted to the median of the market, other than the former CEO whose base salary was below the median.

Annual Cash Bonus

For 2015, our NEOs' annual cash bonuses were based on rigorous, near-term developmental, operating and corporate goals that coincided with our key milestones and spanned eight strategic areas: (1) operations; (2) construction; (3) development projects; (4) marketing; (5) financial/budget; (6) human resources; (7) risk management; and (8) critical business systems. The achievement of these goals resulted in cash bonuses in 2015 with payments at 100% of target for our NEOs. Our former CEO did not participate

in the program in 2015. Mr. Shear assumed the role of Interim CEO and President effective December 12, 2015 and did not receive a cash bonus in 2015. These goals are discussed in greater detail beginning on page 35 of this Proxy Statement.

Long-Term Performance Incentive Award: 2014-2018 LTIP

The Board believes long-term incentive awards establish strong long-term alignment between NEOs and shareholders and, as such, are an important component of a strong compensation structure.

On April 21, 2015, the Compensation Committee recommended and the Board approved the 2014-2018 LTIP. The 2014-2018 LTIP reflects feedback we received from our shareholder outreach program and provides for the grant of phantom units settled in cash. The 2014-2018 LTIP is 100% performance-based.

The 2014-2018 LTIP rewards growth in our market capitalization, measured by growth in total shareholder value, above certain thresholds. There are two pools from which phantom units are granted: a senior executive pool and a general pool. The maximum percentage of growth in total shareholder value that can be used to fund the senior executive pool for each performance period is 2%, and 4% for the general pool. Our former CEO's compensation was targeted at 50% of the senior executive pool. The amount of phantom units granted from the senior executive pool for each performance period is capped at an annual maximum amount equal to 1.5% of our common shares outstanding.

Once phantom units are granted for each performance period, they will be subject to a three-year vesting schedule, with one-third of the phantom units vesting and becoming payable on each of the first, second and third anniversaries of the date of grant (with the exception of the initial grant for the 2014 performance period which vest and become payable on each of February 1, 2016, February 1, 2017 and February 1, 2018). The phantom units will be settled in cash at the end of each vesting period. The 2014-2018 LTIP is described in further detail beginning on page 38 of this Proxy Statement.

2015 Results under the 2014-2018 LTIP

In 2015, we did not meet our annual TSR hurdle under the 2014-2018 LTIP for the 2015 performance period which began November 1, 2014 and ended October 31, 2015. As such, no phantom units were awarded for the 2015 performance period.

Compensatory Arrangement with Interim Chief Executive Officer and President

In connection with the removal of Mr. Souki as Chairman, CEO and President, the Board asked Mr. Shear, an independent director of our Board, to serve as Interim CEO and President while we search for a permanent CEO. The Company and Mr. Shear entered into a letter agreement dated December 18, 2015 which includes the terms of his arrangement. In appointing Mr. Shear as Interim CEO and President, among other things, the Board determined that Mr. Shear was best positioned to effectively identify and execute on strategic priorities.

The Compensation Committee, in consultation with Pearl Meyer, the compensation consultant to the Compensation Committee, determined to pay Mr. Shear an annualized base salary of \$1,000,000 for his service as Interim CEO and President. Mr. Shear shall receive a bonus of \$1,500,000 on June 15, 2016. In addition, Mr. Shear was granted 36,330 phantom units that vest in full on June 15, 2016, subject to certain limitations and acceleration provisions. Subsequent to his appointment as Interim CEO and President, Mr. Shear did not receive additional director fees and will not receive director fees for his service as a member of the Board while he serves as an executive officer of the Company.

Compensation Governance Practices

The Board and the Compensation Committee are committed to implementing best practice compensation governance practices that further strengthen the alignment of our compensation program with our shareholders' interests, which include the following:

- Clear, direct link between pay and performance
- 100% performance-based incentive awards
- No hedging or "short sales" of Company stock
- No pledging of Company stock as collateral for a loan or holding Company stock in margin accounts (effective September 5, 2016)
- Robust stock ownership guidelines

[Table of Contents](#)

- No defined benefit retirement plan or supplemental executive retirement plan
- Robust compensation risk management program

Executive Compensation Philosophy & Objectives

Philosophy and Objectives

The Board and the Compensation Committee are committed to a pay-for-performance compensation structure that aligns our executive compensation with the key drivers of long-term growth and creation of shareholder value. Our executive compensation programs and objectives are designed to ensure we attract, retain and motivate executives with the talent and experience necessary for us to achieve our strategic business plan.

As the first mover in our industry, we face fierce competition for our executive officers, business leaders and engineers, and we seek to hire the highest caliber executives available in the global LNG marketplace. We remain focused on retaining our talent and our incentive program reflects our need to retain key leaders.

Our compensation structure is performance-based, long-term oriented and currently aligns with our primarily event-driven business objectives to build liquefaction facilities. This structure ensures our executive officers are motivated and incentivized to create long-term value for our shareholders.

- **Annual and long-term incentive awards are 100% performance-based.** We believe such an incentive structure creates appropriate motivation for our executive officers and aligns their compensation with the performance of our Company and value created for shareholders. We will continue to review our long-term incentive plan with a focus on retention issues in the current environment.
- **Incentive metrics are tied to our strategic goals.** We believe close alignment between our compensation goals and our business strategy is critical to driving performance to be measured against our key milestones and metrics.
- **Significant long-term compensation is linked to growth in shareholder value.** We believe our executive officers' compensation should be tightly linked to the creation of value for our shareholders over the long run. As such, the majority of their compensation is and should be at risk and directly tied to corporate outperformance over longer time horizons.

Components of Our Executive Compensation Program

Base Salary

Base salaries provide the fixed compensation necessary to attract and retain key executives. The base salaries of our NEOs are designed to be comparable to positions in the marketplace from which we recruit executive talent. The base salaries of our NEOs in 2015 were generally considered in line with the median of the market, with the exception of our former CEO, Mr. Souki, whose base salary was considered below the median of the market.

On December 17, 2014, the Compensation Committee recommended and the Board approved a change in the annual base salary for our former Chairman, CEO and President, Mr. Souki. Effective December 15, 2014, Mr. Souki's base salary was reduced to \$1, and he agreed to forego his annual cash bonus beginning in 2015 and through the rest of the term of the 2014-2018 LTIP. In 2015, Mr. Souki's compensation was based on long-term incentive awards that were 100% performance-based.

For 2016, the Compensation Committee also reviewed the base salaries of our other NEOs. On December 18, 2015, the Compensation Committee recommended and the Board approved 3% base salary adjustments effective January 11, 2016 for our

[Table of Contents](#)

other NEOs. The increases were considered in line with planned increases by other energy companies based on market data. The following table provides the 2015 and 2016 base salaries of our NEOs.

Annual Incentive Program

Our annual incentive program is 100% performance-based and is delivered as a cash bonus. This performance-based structure incentivizes our NEOs to achieve near-term developmental, operating and corporate goals that support the creation of long-term shareholder value.

2015 Annual Incentive Program

In 2015, the Compensation Committee reviewed several near-term developmental, operating and corporate goals and achievements to determine annual incentive program funding and awards, including the following items highlighted below:

The Compensation Committee discussed with management its performance against the near-term developmental, operating and corporate goals that were approved in March 2015. Each of the goals had been achieved.

As a result of our performance, in December 2015, the Compensation Committee recommended and the Board determined the Company had met performance targets, and it should pay annual cash bonuses at 100% of target payout for executives. The following annual cash bonuses under our Annual Cash Bonus Plan were approved for 2015.

Long-Term Performance Incentive Program (“LTIP”)

2014 and 2015 Awards

During 2014, prior to implementing the 2014-2018 LTIP, no long-term incentive awards were granted other than new hire award grants. The Compensation Committee and the Board used 2014 to solicit feedback from shareholders and designed the 2014-2018 LTIP to appropriately incentivize our executive officers while taking shareholder views into account.

For the 2014 performance period under the 2014-2018 LTIP (beginning November 1, 2013 and ending October 31, 2014), our NEOs, including our former CEO, were granted phantom units on April 21, 2015 as a result of achieving stock price performance hurdles during the initial performance period.

For the 2015 performance period under the 2014-2018 LTIP (beginning November 1, 2014 and ending October 31, 2015), our NEOs, including our former CEO, did not receive an award of phantom units because the stock price performance hurdles were not achieved.

2014-2018 LTIP Design

On April 21, 2015, the Board approved the 2014-2018 LTIP. The plan replaced the long-term incentive plan originally proposed in 2014 and reflected feedback we received from our shareholder outreach.

The 2014-2018 LTIP is 100% performance-based and is intended to reward long-term performance measured against growth in the Company’s market capitalization, referred to in the plan documents as total shareholder value (“TSV”). The Board believes TSV is directly linked to the creation of long-term value for our shareholders and can serve as an objective assessment of our progress against key milestones. We expect the further achievement of these milestones to be the key drivers of growth in TSV.

The Compensation Committee views the 2014-2018 LTIP as a “bridge” program to attract, reward, and incentivize our executive officers and employees while we transition from a development-focused company to an LNG operator. As we transition to an operating company, the Compensation Committee expects to re-evaluate our long-term incentive plan and consider more traditional financial metrics.

Summary of Plan Design

For each performance period, a senior executive pool and a general pool will be funded up to a certain percentage of the growth in TSV provided that certain performance hurdles are met. Each pool will then be converted into phantom units based on the average 30-day stock price at the end of the performance period, which will be granted to our executive officers and employees. The 2014-2018 LTIP will be administered by the Compensation Committee.

Performance Periods

The term of the 2014-2018 LTIP commenced November 1, 2013 and consists of five consecutive annual performance periods ending October 31, 2018. Each performance period will begin on November 1 and end on October 31.

The Compensation Committee and the Board included 2014 performance as part of the 2014-2018 LTIP. The Compensation Committee and the Board considered goals and expectations discussed in 2013 during the initial design of the plan. As discussed below, based on the terms of the 2014-2018 LTIP, the Company granted an award for the 2014 performance period in order to recognize the Company’s strong performance in 2014. With respect to the second performance period, the performance hurdles were not met, resulting in no grant of phantom unit awards in 2016 for that period.

Performance Hurdles

In each performance period, the Company will measure its annual total shareholder return (“TSR”) and annualized cumulative TSR since the beginning of the performance period.

- **Annual TSR:** is defined as the percentage change in TSV for such performance period over the immediately preceding performance period.
- **Annualized Cumulative TSR:** is the annualized percentage change in TSV for such performance period over all preceding performance periods including the initial performance period.

A minimum annual TSR and annualized cumulative TSR performance hurdle of 8% must be achieved each performance period for the pools to be funded. The maximum annual TSR and annualized cumulative TSR performance hurdles were set at 9%. The annual TSR and annualized cumulative TSR performance hurdles were set based on the expected average annual growth rate of

Table of Contents

similar companies in order to incentivize outperformance relative to the market. The definition of TSV Growth acts as a 'high water mark' that ensures awards are not granted on the same appreciation repeatedly. In addition to the annual and cumulative performance hurdles mentioned above, this ensures the funding of the phantom unit pool for any annual performance period is based only on appreciation over the highest TSV achieved in any prior performance period for which awards were paid.

The initial TSV that was used to calculate the annualized cumulative TSR was \$8,362,445,350. For the first performance period that ended October 31, 2014 the TSV was \$16,881,586,848 (\$71.29 per share). Thus, the annual and annualized cumulative TSRs in the first performance period were 101.9%.

For the second performance period that ended October 31, 2015, the TSV was \$11,591,267,296 (\$49.11 per share). While the annualized cumulative TSR for the second period was met with growth of 17.7%, the annual TSR growth was not met, resulting in no phantom unit pool awarded for the 2015 performance period.

Maximum Compensation Caps

In order to respond to shareholder feedback about pay magnitude and concerns with incentive caps, the amount of the total senior executive pool potential was reduced, capped and is subject to downward adjustment at the discretion of the Compensation Committee.

The total percentages of growth in TSV that can be awarded are 2% of TSV growth for the senior executive pool and generally between 2% and 4% for the general pool. Our former CEO's compensation was targeted at 50% of the senior executive pool. Additionally, the senior executive pool for each performance period is capped at an annual maximum amount equal to 1.5% of our common shares outstanding.

TSR Performance Hurdle	Percentage of TSV Growth Awarded	
	Senior Executive Pool	General Pool
Annual TSR or Cumulative TSR < 8%	0%	0%
Annual TSR and Cumulative TSR ³ 8%, but one is < 9%	adjusted below max	adjusted below max
Annual TSR and Cumulative TSR ³ 9%	2%	2% - 4%

Funding of Pool

For each performance period, the plan will fund an aggregate phantom unit pool allocable to plan participants. Subject to the maximum caps described above, this pool will be denominated in a number of phantom units equal to:

$$\begin{array}{r} (1) \quad \text{Percentage of TSV Growth Awarded} \\ (2) \quad \times \quad \text{Applicable TSV Growth} \\ (3) \quad \div \quad \text{Average Closing Stock Price} \end{array}$$

Aggregate Phantom Unit Pool

TSV is defined as:

- the market capitalization for such performance period plus
- the aggregate amount paid by the Company for repurchases of the Company's common stock made by the Company since the plan start date less
- the aggregate value of all stock issuances since the plan start date plus
- the aggregate amount of dividends paid to holders of the Company's common stock since the plan start date.

TSV Growth is the difference between the TSV for a performance period plus any TSV Growth carried over from a prior performance period as a result of the cap, if any, minus the highest TSV achieved in any prior performance period.

Average Closing Stock Price is the average of the closing stock prices on each day of trading that occurs during a period of 30 consecutive calendar days that ends on and includes the day immediately prior to the last day of the applicable performance period (October 30). It does not include any prices for weekends or holidays.

Phantom Units for the 2015 Performance Period

For the performance period from November 1, 2014 to October 31, 2015, the Compensation Committee determined that the performance hurdles were not met, and no phantom unit awards were made.

Table of Contents

Example—Multi-Year Scenarios for the Senior Executive Pool for the November 2015-October 2018 Performance Periods

Multi-year payout scenarios for the 2015 through 2018 performance periods are shown below assuming constant rates of increase in TSV of 15%, 25% and 35%, respectively. A 15% constant annual increase in TSV over the period beginning November 1, 2015 through October 31, 2018 would result in a total of approximately 1.85 million phantom units being granted ratably from the senior executive pool over the period. A 35% constant annual increase in TSV would result in approximately 3.68 million phantom units being granted ratably from the senior executive pool over the period. The estimated phantom units to be issued based on 15% and 35% growth scenarios would represent approximately .78% and 1.56%, respectively, of our total shares outstanding as of December 31, 2015.

Estimated Awards for the Senior Executive Pool	3-year Annual Growth Rates in TSV		
	15%	25%	35%
Start Share Price (for 11/1/2015 – 10/31/2016 Period)	\$ 71.29	\$ 71.29	\$ 71.29
2018 Average Closing Share Price (10/31/2018)	\$ 108.42	\$ 139.24	\$ 175.40
Total Shares O/S (mm)	236.8	236.8	236.8
TSV Growth thru 2018 (\$ in mm)	\$8,793.14	\$ 16,090.15	\$ 24,653.28
Applicable TSV Percentage for Senior Executive Pool	2%	2%	2%
Cumulative # Phantom Shares Granted thru 2018 (mm)	1.85	2.84	3.68
Cumulative Phantom Shares Granted as % of Total Shares O/S	0.78%	1.20%	1.56%

Due to the fact that the annual TSR performance hurdle was not met as of the end of the second performance period, there were no annual awards made in 2016 in respect of the November 2014 through October 2015 performance period.

The Company's stock price on the NYSE MKT LLC ("NYSE MKT") at the beginning of the third performance period (11/1/2015) was \$49.11 (a market capitalization of \$11.59 billion). In order to receive an award under the 2014-2018 LTIP for the third performance period (November 1, 2015 to October 31, 2016), our stock price would need to appreciate to in excess of \$71.29 per share (a market capitalization of \$16.88 billion) by October 31, 2016, which would require an approximately 45% increase in TSV during the third performance period. This is due to a high water mark established in the 2014-2018 LTIP to ensure phantom units could not be granted on the same appreciation in value repeatedly.

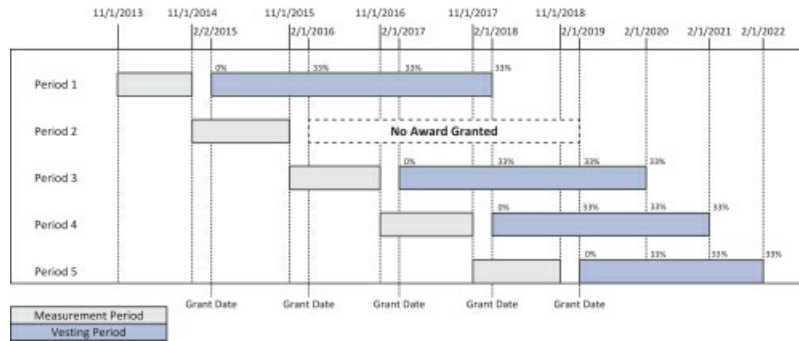

Vesting Schedule

Phantom units to the extent earned under the 2014-2018 LTIP will be granted at the end of each performance period and will be settled in cash upon vesting. The phantom units awarded for each performance period will vest in three installments, with one-third of the phantom units vesting and becoming payable on each of the first, second and third anniversaries of the date of grant. For the awards granted for the 2014 performance period, one-third of the phantom units vested and became payable on February 1, 2016; one-third will vest and become payable on February 1, 2017, and the remaining one-third will vest and become payable on February 1, 2018. No phantom units will be granted under the 2014-2018 LTIP in 2016 with respect to the 2015 performance period since all of the performance hurdles were not achieved.

Except as described below, plan participants will forfeit any unvested phantom units if the participant's employment with the Company terminates for any reason prior to the applicable vesting dates. Any unvested phantom units will immediately vest and be payable to participants if (i) the Company terminates the participant's employment without Cause or, in the case of executive officers, the executive officer terminates his or her employment with Good Reason (as defined under "Narrative to the Potential Payments upon Termination or Change-in-Control—Cash and Restricted Stock Awards"), (ii) the participant dies or incurs a Disability before such awards are fully vested, (iii) except in the case of a participant in the United Kingdom, the participant retires after age 65, or (iv) a Change of Control occurs (with each of these terms other than "Good Reason" as defined in the 2015 Long-Term Cash

Incentive Plan). The following table shows the measurement periods, potential grant date and potential vesting schedules of the phantom units.

2015 Long-Term Performance Awards

A minimum annual TSR and annualized cumulative TSR performance hurdle of 8% must be achieved each performance period for the pools to be funded. While our Annualized Cumulative TSR growth was 17.7%, our Annual TSR was negative for the second performance period ending October 31, 2015. Due to the fact that all of these performance hurdles were not met as of October 31, 2015, there were no awards made in 2016 with respect to the second performance period.

2014 Long-Term Performance Awards (granted in April 2015)

Based on our TSR of 101.9% and TSV Growth of \$8.519 billion for the first performance period ending October 31, 2014, the Compensation Committee recommended and the Board approved the following awards for 2014 performance. Compensation and Benefits

We provide a limited number of other benefits to our NEOs that make our total compensation program competitive with the market.

[Table of Contents](#)

Benefits

We offer the same benefits package to all of our employees and executive officers.

- The Cheniere Retirement Plan is a tax-qualified 401(k) savings plan pursuant to which we match 100% up to the lesser of 6% of salary deferrals or the maximum deferrals permitted by law.
- We also offer all employees medical, dental and vision benefits and health and dependent care reimbursement arrangements.
- In addition, employees are covered by short-term and long-term disability, basic life insurance equal to two times base salary and voluntary life (elective) insurance and accidental death and dismemberment insurance.

We do not offer a defined benefit pension plan to any of our employees or executive officers.

Perquisites

Perquisites are not a significant part of our compensation program and are provided to the executive officers on a limited basis. Because our executive officers' duties require them to spend a significant amount of time traveling, the Company occasionally pays for charter flights for business purposes and owns a corporate plane. Our executive officers' personal guests were permitted to fly with them on these flights on limited occasions in 2015 at nominal or no incremental cost to the Company. In addition, Mr. Souki occasionally used the corporate plane for personal reasons. We pay for the costs of overseas assignments for all of our employees, including Ms. Gentle who has been assigned to our London office.

Compensation Arrangements for Overseas and Foreign NEOs

Given the nature of our business, it is important to have key leaders working outside of the U.S. and these positions require certain compensation arrangements.

Outside of arrangements with overseas or foreign employees and a letter agreement with our Interim Chief Executive Officer and President, we do not have employment agreements with our NEOs.

Ms. Gentle currently serves as Executive Vice President-Marketing of the Company and President of Cheniere Marketing. She began serving as Senior Vice President-Marketing of the Company and President of Cheniere Marketing in June 2013. On July 24, 2013, the Compensation Committee approved an Assignment Letter for Ms. Gentle to assign her to the London office, effective August 19, 2013 with an end date of August 15, 2015. On June 10, 2015, the Compensation Committee approved an extension to her assignment to the London office, to extend the term until August 18, 2016, unless it is terminated earlier on three months' written notice or extended by mutual agreement. Ms. Gentle's assignment may also be terminated if any required visa or work permit in the U.K. is withdrawn or refused. Ms. Gentle remains an at-will employee of the Company at all times during her assignment, subject to the existing terms and conditions of her employment. Ms. Gentle also continues to be eligible to participate in the Company's annual cash bonus program and long-term incentive plan. We have agreed to a tax equalization arrangement so that Ms. Gentle will receive the same amount of compensation, after taxes, while on assignment as she would have received had she remained a resident in the U.S. Ms. Gentle will also receive certain allowances in connection with her assignment. Additional information about Ms. Gentle's Assignment Letter is provided below in the "*Narrative to the Summary Compensation & Grants of Plan-Based Awards Tables*."

Change of Control Agreements

In 2008, the Compensation Committee approved Change of Control Agreements for certain employees of the Company, including the NEOs, which provide for a potential cash payment payable upon a change-in-control of the Company.

The Change of Control Agreements were adopted in recognition that the possibility of a change-in-control existed and that such possibility, and the uncertainty it may create, may result in the distraction or departure of employees to the detriment of the Company and its shareholders. The Change of Control Agreements were designed to ensure that certain employees designated by management and confirmed by the Compensation Committee were not unduly distracted by the circumstances attendant to the possibility of a change-in-control and to encourage their continued attention and dedication to our necessary operations.

The Change of Control Agreements provide for the same formula for all participating employees. Specifically, upon a change-in-control, a cash payment in an amount equal to one times (1x) the employees' base salaries in effect at or immediately prior to the change-in-control will be payable to participating employees.

The cash payments are payable within 30 days of the effective date of the change-in-control. A cessation of an employee's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of an employee other than for Cause (as defined in the Change of Control Agreements) and a termination by the employee for good

[Table of Contents](#)

reason that occurs not more than three months prior to a change-in-control will be deemed to be a termination of employment pursuant to a change-in-control, provided the employee demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a change-in-control or the employee's termination otherwise arose in connection with or in anticipation of a change-in-control.

The Change of Control Agreements expire on December 31 of each calendar year, but are automatically extended for an additional year each January 1 unless the Compensation Committee determines, and the Company provides notice to employees, that the Change of Control Agreements will not be extended. The Compensation Committee intends to review the Change of Control Agreements in 2016 prior to their extension.

Compensation Process

The Compensation Committee, with the support of an independent compensation consultant and management, handles the development and implementation of our executive compensation program. The Compensation Committee makes recommendations to the Board regarding our executive officers' compensation for the Board's final approval.

Role of the Compensation Committee and Board

The Compensation Committee reviews and approves the performance goals established by management which are required to be achieved in order for our executive officers to earn performance-based compensation. The performance goals are consistent with the strategic business plan of the Company. The Compensation Committee reviews and recommends to the Board for approval the annual compensation, including the competitiveness of each component of the total compensation package, for our CEO and each executive officer. Key components of this process include:

- Evaluating the achievement of annual developmental, operating and corporate goals for the year to determine the total amount of the bonus pool for the annual cash bonus awards.
- Reviewing, discussing and modifying, as appropriate, recommendations from the CEO on the base salaries and annual cash bonus awards for our executive officers. The Compensation Committee makes its recommendations for the Board's final approval.
- Reviewing and recommending to the Board for approval long-term incentive awards for the CEO and executive officers.
- Meeting in executive session to discuss and determine the amount of our CEO's compensation.

Role of Management

Management and the Human Resources department support the Compensation Committee's process.

- All compensation recommendations reflect input from our Human Resources department and independent compensation consultant. Their recommendations are based on the Company's performance and their review of external market data.
- At the end of the year, the CEO proposes base salaries and annual cash bonus awards for our executive officers to the Compensation Committee which then reviews, discusses and modifies, as appropriate, these recommendations.

Role of the Independent Compensation Consultant

The independent compensation consultant reports to the Compensation Committee Chairman and has direct access to Compensation Committee members. The independent compensation consultant attends Compensation Committee meetings on request and also meets with the Compensation Committee in executive session without management present.

In 2013, we engaged Pearl Meyer as our independent compensation consultant, and they served as our independent compensation consultant during 2014 and 2015.

With respect to engaging Pearl Meyer during 2015, we considered whether any conflict of interest existed under the SEC rules and NYSE MKT listing standards. We reviewed the following related to Pearl Meyer's independence: (1) other services provided to us by Pearl Meyer; (2) fees paid by us as a percentage of Pearl Meyer's total revenue; (3) policies or procedures maintained by Pearl Meyer that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and Pearl

[Table of Contents](#)

Meyer or the individual consultants involved in the engagement. We concluded that there were no conflicts of interest that prevented Pearl Meyer from serving as an independent consultant to the Compensation Committee on executive compensation matters.

Peer Group and Benchmarking

Each year, the Compensation Committee, with the assistance of management and our independent compensation consultant, reviews external market data to determine the competitiveness of the total compensation package of our executive officers. The market data selected is representative of the energy industry within which we operate and includes companies with similar business activities and with which we compete for executive talent.

The Compensation Committee reviews the following components of each executive officer's compensation relative to the amount paid to executives in similar positions within the market data: base salaries, annual cash bonuses and long-term incentive awards. The market data serves as a point of reference for measuring the compensation of each of our executive officers, but individual compensation decisions are made based on a combination of considerations, including the Company's overall performance; the individual roles, responsibilities and performance of each of our executive officers and market competitiveness. The Compensation Committee does not adhere to a rigid benchmarking process in setting compensation; rather, information is used as a market reference for the Compensation Committee.

Survey Data & Peer Group

With assistance from management and Pearl Meyer, the Compensation Committee reviews our executive officers' compensation against both nationally recognized published survey data, as well as proxy data from our peer group.

The following peer group was used as a market reference to our executive officers' compensation in 2015.

2015 Peer Group

•AES Corp.	•NRG Energy Inc.
•AGL Resources Inc.	•ONEOK, Inc.
•Calpine Corp.	•Plains All American Pipeline, L.P.
•CMS Energy Corp.	•Questar Corporation
•Dynegy Inc.	•Regency Energy Partners LP
•Enbridge Energy Partners, L.P.	•Sempra Energy
•EQT Corporation	•Spectra Energy Corp.
•MarkWest Energy Partners, L.P.	

In the fourth quarter of 2015, the Compensation Committee reviewed the Company's peer group with its independent compensation consultant and management and determined to make adjustments to the peer group. Several factors were considered in making changes to the peer group, including market capitalization, enterprise value, public versus privately- held, industry focus, operating characteristics and stock price correlation.

AES Corp., AGL Resources Inc., Enbridge Energy Partners, L.P., EQT Corporation, NRG Energy Inc., Questar Corporation and Regency Energy Partners LP were removed from the peer group due to the size, industry, performance and/or acquisition activity. Ameren Corporation, Dominion Resources, Inc., DTE Energy Company, Enbridge Inc., Energy Transfer Equity, L.P., Enterprise Products Partners L.P., Kinder Morgan, Inc., Magellan Midstream Partners, L.P., PG&E Corporation, Public Service Enterprise Group Inc., Targa Resources Corp. and TransCanada Corporation were added to the peer group due to their similarities to the Company compared to the companies removed from the peer group.

The following peer group was used as a market reference to our executive officers' compensation in 2016 with the Company near the 50th percentile in terms of market capitalization and enterprise value of the companies included therein.

Other Considerations

Stock Ownership Guidelines

Our Board believes that significant stock ownership by our executive officers strengthens their alignment with shareholders and demonstrates the executive officers' commitment to the Company. We have implemented rigorous stock ownership guidelines as detailed below.

Stock Ownership Guidelines for Non-Employee Directors and Executive Officers

Position	Stock Ownership Guidelines
Non-Employee Directors	50% of the director's annual compensation awarded for each of his/her 3 most recent service years
Chairman, CEO and President	5x notional base salary (\$1,000,000 salary assumed)
Executive Vice Presidents and Senior Vice Presidents	2x base salary

All non-employee directors and executive officers are expected to be in full compliance with the guidelines within five years of initial appointment to a position subject to the guidelines, with certain ownership thresholds that must be met in the interim period. If a non-employee director or executive officer is not in compliance with the guidelines, he or she is required to retain the entire after-tax value of Company stock received upon the vesting of stock awards and the exercise of stock options until the interim threshold requirements or compliance with the guidelines is achieved. The Board recognizes that there may be occasions in which the guidelines place a severe hardship on the individual and has delegated discretion to the Governance and Nominating Committee to determine whether an exemption should be granted to the individual in such instances. All of our non-employee directors and executive officers are in compliance with the guidelines.

Additional Considerations

The Compensation Committee will continue to evaluate further changes to its compensation policies and practices. We will at all times comply with SEC and NYSE MKT required compensation recoupment policies and practices, and intend to evaluate our current clawback practices and update our related policies and practices in the future.

Tax and Accounting Considerations

In designing our compensation programs, we take into account the various tax, accounting and disclosure rules associated with various forms of compensation. We also review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code and design our compensation programs with the intent that they comply with Section 409A of the

[Table of Contents](#)

Internal Revenue Code. We generally seek to preserve tax deductions for executive compensation but recognize that it may be beneficial to grant compensation that is not fully tax deductible when we believe it is in the best interests of the Company and our shareholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) This column represents the base salary earned, including any amounts invested by the NEOs in the Company’s Retirement Plan. The Company’s Retirement Plan is described in the CD&A under “*Compensation and Benefits*.”
- (2) This column represents the cash bonus awards paid to the NEOs for performance for each respective year. Mr. Souki’s employment with the Company terminated on December 12, 2015. He did not receive a cash bonus award in 2015.

Table of Contents

- (3) The amounts in this column reflect the grant date fair value of awards, computed in accordance with stock-based compensation accounting rules. Values for awards subject to performance conditions are computed based on the probable outcome of the performance condition as of the grant date for the award. A discussion of the assumptions used in calculating the award values may be found in Note 13 to our 2015 audited financial statements beginning on page 94 of our Form 10-K filed with the SEC on February 18, 2016.

On February 18, 2013, Messrs. Souki, Wortley, Teague and Rayford and Ms. Gentle were each granted a long-term incentive award (“LTI Award”) for construction of Trains 3 and 4 of the SPL Project in the form of restricted stock. A portion of their LTI Award was granted as a Milestone Award, and a portion was granted as a Stock Price Award. The amount in this column for 2013 includes the grant date fair value of the LTI Awards as follows: the Milestone Awards had a grant date fair value of \$21.57 (\$21.63 for Mr. Wortley), 50% of the Stock Price Awards (\$25 stock price hurdle) had a grant date fair value of \$20.67 (\$20.94 for Mr. Wortley) and 50% of the Stock Price Awards (\$35 stock price hurdle) had a grant date fair value of \$19.65 (\$19.88 for Mr. Wortley). The first installment of 30% of the Milestone Awards vested upon the closing of financing and issuance of NTP to commence construction of Trains 3 and 4 of the SPL Project on May 28, 2013. The second installment of 20% of the Milestone Awards vested upon payment of 60% of the original contract price of the EPC contract on October 1, 2014. The remaining installments will vest for Messrs. Wortley, Teague and Rayford and Ms. Gentle as follows: (i) 20% will vest upon substantial completion of Train 4 of the SPL Project and (ii) 30% will vest on the first anniversary of substantial completion of Train 4 of the SPL Project. Mr. Souki’s employment with the Company terminated on December 12, 2015. The remaining installments of Mr. Souki’s Milestone Award that were unvested immediately prior to his termination will vest upon satisfaction of the milestones. The Stock Price Awards vested in two 50% installments based on the achievement of \$25 and \$35 average Company stock price hurdles. On May 22, 2013, the first installment of 50% of the Stock Price Awards vested based on the achievement of an average closing stock price of the Company (as reported on the NYSE MKT LLC) of \$25, and on December 6, 2013, the second installment of 50% of the Stock Price Awards vested based on the achievement of an average closing stock price of the Company of \$35 (as reported on the NYSE MKT LLC).

- (4) The amounts in this column include the grant date fair value of the phantom units described below (other than for Mr. Souki, whose phantom units are valued at the closing price of the Company’s common stock on the last trading day prior to his termination), computed in accordance with applicable accounting rules, and the fourth installment of the LTI Awards described below.

For Mr. Shear, the amount in this column reflects the grant date fair value (\$36.04) of 36,330 phantom units granted to him on December 18, 2015 as an Incentive Award. Mr. Shear’s phantom units vest on June 15, 2016. If, prior to the earliest to occur of (1) June 15, 2016, (2) the date on which a successor chief executive officer begins service to the Company and (3) the consummation of a change of control of the Company, Mr. Shear’s employment with the Company is terminated (a) by the Company for Cause (as provided for in his compensatory agreement) or (b) due to Mr. Shear’s voluntary resignation without Good Reason (as provided for in his compensatory agreement), then Mr. Shear will forfeit the Incentive Award. The amount in this column does not include the grant date fair value (\$72.31) of the shares of restricted stock that Mr. Shear received on June 11, 2015 as compensation for his service as a director (the fair market value of the underlying shares on the date of his director grant was \$200,009).

On April 21, 2015, Messrs. Souki, Wortley, Teague and Rayford and Ms. Gentle were each granted long-term, cash-settled phantom unit awards for the growth in our market capitalization measured by the change in total shareholder value (“TSV”) above certain thresholds.

For Messrs. Wortley, Rayford and Teague and Ms. Gentle, these cash-settled phantom units have a grant date fair value of \$77.00 and will vest and become payable in three equal installments. The first installment vested on February 1, 2016 (with a fair market value of \$29.28). The remaining installments will vest on February 1, 2017 and February 1, 2018. Mr. Souki’s 1,100,000 phantom units vested on December 12, 2015 (with such phantom units having a fair market value of \$45,419,000 on December 11, 2015, the most recent trading day prior to his termination).

In addition, upon the issuance of NTP to commence construction of Trains 1 and 2 of the SPL Project on August 9, 2012, Messrs. Souki, Wortley, Teague, Rayford and Ms. Gentle were each granted an LTI Award. A portion of their LTI Award for construction of Trains 1 and 2 of the SPL Project was granted as a cash award. The cash awards vest and are paid in five equal annual installments of 20%. The first, second, third and fourth installments were paid on August 9, 2012, August 9, 2013, August 9, 2014 and August 9, 2015, respectively. The August 9, 2015 installment of the LTI Awards is included in the amounts in this column. The remaining installment will vest on August 9, 2016; provided that the remaining installment for Mr. Souki vested upon the termination of his employment with the Company.

- (5) This column represents all other compensation not reported in the previous columns, including the costs to the Company of providing certain perquisites and other personal benefits, payment of insurance premiums and matching contributions allocated by the Company pursuant to the Company’s Retirement Plan.
- (6) For Mr. Shear, the amount in this row represents the pro rata amount of the \$1,000,000 annual salary for his role as Interim Chief Executive Officer and President from December 12, 2015 through the end of 2015. This row does not include the compensation that Mr. Shear received for his role as an independent director during 2015, prior to December 12, 2015.
- (7) Effective December 12, 2015, Mr. Souki’s employment as CEO and President of the Company was terminated.

- (1) The amount in this column includes the aggregate incremental cost to the Company attributable to a parking space in our office building for Messrs. Souki, Wortley, Teague and Rayford and Ms. Gentle. The amount in this column for Mr. Shear includes a pro rata portion of a \$40,000 per month housing and travel stipend provided to Mr. Shear to compensate him for personal housing and travel expenses incurred in connection with his service as Interim CEO and President.

During 2015, Mr. Souki's personal guests flew with him on Company-chartered aircraft and the corporate plane on several occasions, and Mr. Souki occasionally used the corporate plane for personal reasons. The amount in this column for Mr. Souki for 2015 also includes the aggregate incremental cost to the Company for Mr. Souki's personal use of the corporate plane in the amount of \$217,090. We determine the aggregate incremental cost of the personal use of the company plane by reference to a cost-per-flight-hour charge developed by a nationally-recognized and independent service. The cost-per-flight-hour charge reflects the direct operating cost of the aircraft, including fuel, aircraft landing and parking, as well as an allocable allowance for maintenance and engine restoration. Fixed costs that do not change based on usage, such as pilot salaries, depreciation and insurance, are not included. No compensation relating to personal guests is included in the table for 2015 since the aircraft could accommodate additional passengers at no additional incremental cost to the Company.

Compensatory Arrangements for Certain Executive Officers

On July 24, 2013, the Compensation Committee approved an Assignment Letter for Ms. Gentle to assign her to the London office, effective August 19, 2013. On June 16, 2015, Ms. Gentle's assignment was extended and will continue until August 18, 2016, unless it is terminated earlier on three months' written notice or extended by mutual agreement. Ms. Gentle's assignment may also be terminated if any required visa or work permit in the U.K. is withdrawn or refused. Ms. Gentle remains an at-will employee of the Company at all times during her assignment, subject to the existing terms and conditions of her employment. Ms. Gentle also continues to be eligible to participate in the Company's bonus plan and any other incentive plan arrangements that may be approved by the Compensation Committee. Pursuant to the Assignment Letter, the Company agreed to a tax equalization arrangement so that Ms. Gentle will receive the same amount of compensation, after taxes, while on assignment as she would have received had she remained a resident in the United States. Ms. Gentle will also receive certain allowances in connection with her assignment. Ms. Gentle's Assignment Letter is also described in the CD&A under "Compensation Arrangements for Overseas or Foreign NEOs."

Company terminates Mr. Shear's employment without Cause (as provided in Mr. Shear's compensatory agreement) or Mr. Shear terminates his employment with the Company for Good Reason (as provided for in Mr. Shear's compensatory agreement), the phantom units will vest and settle in full, and the incentive payment will be paid in full. Mr. Shear's employment with the Company is at will. On September 11, 2014 and June 11, 2015, Mr. Shear was granted awards of 1,885 and 2,766 shares of restricted stock, respectively, in his capacity as a director of the Company.

- (3) These are shares of restricted stock that were granted to Messrs. Wortley, Teague, and Rayford and Ms. Gentle as the equity portion of their LTI Award for construction of Trains 1 and 2 of the SPL Project that have not vested. The restricted stock will immediately vest if the Company terminates the NEO's employment without Cause (as defined in the grant agreements), the NEO terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the NEO dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs. Mr. Souki's shares vested on December 12, 2015, in connection with his termination (valued at \$41.29 per share on December 11, 2015, the last trading day prior to Mr. Souki's termination).
- (4) These are shares of restricted stock granted to Messrs. Mr. Souki's employment with the Company terminated on December 12, 2015. The shares of restricted stock of the Company that were granted to Mr. Souki as his Milestone Award for construction of Trains 3 and 4 of the SPL Project that were unvested immediately prior to his termination are included in the table above and will vest upon satisfaction of the milestones (valued at \$78,225,000 on December 31, 2015).
- (5) These are phantom units granted under the 2014—2018 LTIP. The phantom units will immediately vest in full in the event the Company terminates the NEO's employment without Cause (as defined in the grant agreements), the NEO terminates his or her employment for Good Reason (as defined in the grant agreements), the NEO dies or incurs a disability, or a Change of Control (as defined in the grant agreements) of the Company occurs. Mr. Souki's phantom units vested on December 12, 2015, in connection with his termination (valued at \$41.29 per phantom unit on December 11, 2015, the last trading day prior to Mr. Souki's termination).

Narrative to the Potential Payments upon Termination or Change-in-Control

Change-in-Control Cash Payment

We have entered into Change of Control Agreements with each of the NEOs other than Mr. Shear. The Change of Control Agreements provide for a cash payment upon a "Change of Control" (as defined in the Change of Control Agreements) in an amount equal to one times the NEOs' base salaries in effect at or immediately prior to the Change of Control. The cash payments are payable within 30 days of the effective date of the Change of Control. A cessation of an NEO's employment at the previously designated level (including as a result of death or disability) for any reason, a termination of an NEO other than for Cause (as defined in the Change of Control Agreements), and a termination by the NEO for Good Reason (generally, as defined in the Company's 2011 Incentive Plan) that occurs not more than three months prior to a Change of Control will be deemed to be a termination of employment pursuant to a Change of Control, provided the NEO demonstrates that such cessation or termination of employment was at the request of a third party who has taken steps reasonably calculated to effect a Change of Control or the NEO's termination otherwise arose in connection with or in anticipation of a Change of Control. The Change of Control Agreements expire on December 31 of each calendar year, but are automatically extended for an additional year each January 1 unless the Compensation Committee determines, and the Company provides notice to employees, that the Change of Control Agreements will not be extended.

Cash and Restricted Stock Awards

The cash and restricted stock awards granted to Messrs. Wortley, Teague and Rayford and Ms. Gentle as their LTI Awards for construction of Trains 1 and 2 of the SPL Project will immediately vest if the Company terminates the NEO's employment without Cause (as defined in the grant agreements), the NEO terminates his or her employment with the Company for Good Reason (as defined in the grant agreements), the NEO dies or incurs a disability or a Change of Control (as defined in the grant agreements) of the Company occurs. This award, with respect to Mr. Souki, immediately vested upon the termination of Mr. Souki's employment with the Company on December 12, 2015.

Table of Contents

The restricted stock awards granted to the Messrs. Wortley, Teague and Rayford and Ms. Gentle as their Milestone Awards for construction of Trains 3 and 4 of the SPL Project will vest in full in the event the Company terminates the NEO's employment without Cause (as defined in the grant agreements) or the NEO terminates his or her employment for Good Reason (as defined in the grant agreements) within one year after the effective date of a Change of Control (as defined in the grant agreements) of the Company. Mr. Souki's employment with the Company terminated on December 12, 2015. The shares of restricted stock of the Company that were granted to Mr. Souki as his Milestone Award for construction of Trains 3 and 4 of the SPL Project that were unvested immediately prior to his termination will vest upon satisfaction of the milestones.

The phantom units granted to Messrs. Wortley, Teague and Rayford and Ms. Gentle under the 2014—2018 LTIP will immediately vest in full in the event the Company terminates the NEO's employment without Cause (as defined in the grant agreements), the NEO terminates his or her employment for Good Reason (as defined in the grant agreements), the NEO dies or incurs a disability, or a Change of Control (as defined in the grant agreements) of the Company occurs. This award, with respect to Mr. Souki, immediately vested upon the termination of Mr. Souki's employment with the Company on December 12, 2015.

Pursuant to the grant agreements, other than with Mr. Shear, "Cause" means the termination of employment of an NEO with the Company or an affiliate under any of the following circumstances: (i) the willful commission by the NEO of a crime or other act of misconduct that causes or is likely to cause substantial economic damage to the Company or an affiliate or substantial injury to the business reputation; (ii) the commission by the NEO of an act of fraud in the performance of the NEO's duties on behalf of the Company or an affiliate; (iii) the willful and material violation by the NEO of the Company's Code of Business Conduct and Ethics Policy; or (iv) the continuing and repeated failure of the NEO to perform his or her duties to the Company or an affiliate, including by reason of his or her habitual absenteeism, which failure has continued for a period of at least 30 days following delivery of a written demand for substantial performance to the NEO by the Board which specifically identifies the manner in which the Board believes that the NEO has not performed his or her duties. A "Good Reason" termination of a NEO will occur, assuming the Company fails to cure such circumstances within 30 days after receipt of written notice of the Good Reason termination, upon the NEO's termination of employment due to one of the following events: (i) the removal from or failure to re-elect the NEO to the office or position in which he or she last served; (ii) the assignment to the NEO of any duties, responsibilities, or reporting requirements materially inconsistent with his or her position with the Company or an affiliate, or any material diminishment, on a cumulative basis, of the NEO's overall duties, responsibilities, or status; or (iii) a material reduction by the Company or an affiliate in the NEO's annual base salary; or (iv) the requirement by the Company or an affiliate that the principal place of business at which the NEO performs his or her duties be changed to a location more than fifty (50) miles from his or her current place of business. The definition of "Cause" applicable to Mr. Shear's grant of restricted stock is as set forth in the 2015 Plan: (i) the commission by the NEO of a crime or other act of misconduct that causes or is likely to cause economic damage to the Company or an affiliate or injury to the business reputation of the Company or affiliate; (ii) the commission by the NEO of an act of fraud or dishonesty in the performance of the NEO's duties (or in the case of a Consultant, the NEO's services) on behalf of the Company or an affiliate; (iii) the violation by the NEO of the Company's Code of Business Conduct and Ethics Policy; or (iv) the failure of the NEO to perform his or her duties at a level and in a manner satisfactory to the Company in its sole discretion.

Generally, a "Change of Control" of the Company will occur if: (i) any person or entity directly or indirectly becomes the beneficial owner of 30% or more of the shares of voting stock of the Company then outstanding; (ii) the consummation of any merger, organization, business combination or consolidation of the Company or one of its subsidiaries with or into any other company (other than when the holders of the voting stock immediately prior thereto hold more than 50% of the combined voting power of the stock of the surviving company or parent of the surviving company immediately thereafter); (iii) a majority of the current members of the Board or their approved successors cease to be our directors; or (iv) the consummation of a sale or disposition by the Company of all or substantially all of our assets (other than a sale or disposition in which the same shareholders before the sale or disposition own 50% of the outstanding common stock after the transaction is complete).

PROPOSAL 2—ADVISORY AND NON-BINDING VOTE TO APPROVE EXECUTIVE COMPENSATION FOR FISCAL YEAR 2015

In accordance with Section 14A of the Exchange Act, we are asking shareholders to vote on an advisory basis to approve the compensation paid to our named executive officers for fiscal year 2015. We ask shareholders to read the CD&A section of this Proxy Statement for a full discussion of our executive compensation practices and decisions. The CD&A details our executive compensation policies and incentive programs, and explains the compensation decisions relating to the named executive officers for fiscal year 2015. In response to shareholder feedback over the past year, the Compensation Committee and Board have taken considerable steps to further align our executive compensation programs with the Company's strategy and long-term performance. The Compensation Committee believes that our compensation policies and programs continue to align our executive officers' interests with the interests of our shareholders and that the compensation received by the named executive officers is commensurate with the performance of the Company as a whole.

Specifically, we ask the shareholders to approve the following resolution:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis, compensation tables and narrative discussion on pages 28 through 46 of this Proxy Statement.

Although the outcome of this vote is not binding on the Board, the Board values shareholders' views, and the Compensation Committee and Board will consider the outcome of the advisory vote when making future compensation decisions.

The Board has adopted a policy of providing for annual say-on-pay votes. The next say-on-pay vote will occur at our 2017 Annual Meeting of Shareholders.

The Board recommends a vote **FOR the resolution approving the named executive officer compensation for fiscal year 2015 as disclosed in this Proxy Statement.**

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for oversight of the accounting and financial reporting processes of the Company and oversight of the audits of our financial statements. Management is responsible for the Company's internal control over financial reporting and the preparation of the financial statements. KPMG LLP, the Company's independent registered public accounting firm ("KPMG"), is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. KPMG is also responsible for performing an independent audit of the Company's internal control over financial reporting. The Audit Committee's responsibility is to oversee these processes.

The Audit Committee currently consists of four Directors. All members of the Audit Committee meet the NYSE MKT LLC independence standards and the applicable rules of the SEC. The Board has determined that each of Mr. Botta and Mr. Robillard is an "audit committee financial expert", as defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC. The Audit Committee operates under a written charter adopted by the Board which is available on our website at www.cheniere.com. The Audit Committee reviews the adequacy of, and compliance with, the Audit Committee charter annually.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of KPMG. As part of fulfilling this responsibility, the Audit Committee engages in an annual evaluation of, among other things, KPMG's qualifications, independence, performance and communications with the Audit Committee, and whether KPMG should be retained for the upcoming year's audit. The Audit Committee reviews significant audit findings together with management's responses thereto. The Audit Committee performs additional activities in accordance with the responsibilities of the Audit Committee specified in the Audit Committee charter.

The Audit Committee reviews the Company's hiring policies and practices with respect to current and former employees of KPMG. In addition, the Audit Committee preapproves all services provided by KPMG.

The Audit Committee discussed with both our internal auditor and KPMG the overall scope and plans for their respective audits. In addition, the Audit Committee met with the Company's internal auditor and KPMG, with and without management present, to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues, the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee's review with the internal auditor and KPMG included discussions of those matters required to be discussed by Standards of the Public Company Accounting Oversight Board. The Audit Committee also discussed with KPMG, among other things, matters relating to their independence, and the Audit Committee received the written disclosures and the letter from KPMG required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board that the Board approve the inclusion of the Company's audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the SEC.

PROPOSAL 3—RATIFICATION OF KPMG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP (“KPMG”) served as our independent auditor for the fiscal year ended December 31, 2015 and the Audit Committee has appointed KPMG to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016. The Company is asking shareholders to ratify this appointment. Although the Company is not required to obtain shareholder ratification of the appointment of KPMG, the Board considers the selection of an independent registered accounting firm to be an important matter to shareholders and considers a proposal for shareholders to ratify such appointment to be an opportunity for shareholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

On March 9, 2016, the Audit Committee approved the appointment of KPMG as the Company’s independent registered public accounting firm for the fiscal year ended December 31, 2016.

On March 18, 2014, the Audit Committee approved the dismissal of Ernst & Young LLP (“EY”) as our independent registered public accounting firm. EY did not prepare audit reports of the Company’s consolidated financial statements for either the year ended December 31, 2014 or the year ended December 31, 2015. Between the start of the fiscal year beginning January 1, 2014 and EY’s dismissal on March 18, 2014, there were no disagreements with EY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of EY, would have caused EY to make reference thereto in its reports on the financial statements for such periods. During that period, there were no “reportable events,” as that term is described in Item 304(a)(1)(v) of Regulation S-K. From January 1, 2014 through March 18, 2014, we did not consult with KPMG regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on its consolidated financial statements, and neither a written report was provided us nor oral advice was provided to us by KPMG that KPMG concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a “disagreement,” as defined in Item 304(a)(1)(iv) of Regulation S-K, or a “reportable event” described in Item 304(a)(1)(v) of Regulation S-K.

In accordance with Instruction 2 to Item 304 of Regulation S-K, we furnished EY and KPMG with a copy of the disclosures in this Proxy Statement required by Item 304(a) of Regulation S-K prior to the time the Proxy Statement was filed with the SEC. In the event that either EY or KPMG believed the disclosures were incorrect or incomplete, they were permitted to express their views in a brief statement to be included in this Proxy Statement. Neither EY nor KPMG submitted such a statement.

Pre-Approval Policies and Procedures

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent accountants and not to engage the independent accountants to perform any non-audit services specifically prohibited by law or regulation. All audit and non-audit services provided to us during the fiscal years ended December 31, 2015 and 2014 were pre-approved.

We anticipate that a representative of KPMG will participate in the Meeting. Such representative may make a statement if they desire to do so, and will be available to respond to appropriate questions concerning our financial statements.

The Board recommends a vote [FOR](#) the ratification of the Audit Committee's appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee, under the Audit Committee Charter, has the responsibility to review and approve any transactions or series of related financial transactions, arrangements or relationships involving amounts exceeding \$120,000 between the Company and our directors, executive officers, nominees for director, any greater than 5% shareholders and their immediate family members. The Audit Committee will only approve related party transactions when it determines such transactions are in the best interests of the Company and its shareholders. In reviewing a transaction, the Audit Committee considers facts and circumstances which it considers relevant to its determination. In determining whether to approve or ratify a related party transaction, the Audit Committee will apply the following standards and such other standards it deems appropriate:

- whether the related party transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances;
- whether the transaction is material to the Company or the related party; and
- the extent of the related person's interest in the transaction.

In September 2007, the Audit Committee retained independent counsel and approved the Company entering into a consulting agreement with Karim Souki, the brother of Charif Souki. Communications with the Board

The Board maintains a process for shareholders to communicate with the Board. Shareholders wishing to communicate with the Board should send any communication to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 1900, Houston, Texas 77002. Any such communication must state the number of shares beneficially owned by the shareholder making the communication. The Corporate Secretary will forward such communication to the full Board or to any individual director or directors to whom the communication is directed, unless the Corporate Secretary determines that the communication does not relate to the business or affairs of the Company or the functioning or constitution of the Board or any of its committees, relates to routine or insignificant matters that do not warrant the attention of the Board, is an advertisement or other commercial solicitation or communication, is frivolous or offensive, or is otherwise not appropriate for delivery to the directors. The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made through the Corporate Secretary and only in accordance with the Company's policies and procedures and the applicable laws and regulations relating to the disclosure of information.

Householding of Proxy Materials

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple shareholders sharing an address, although each shareholder will receive a separate proxy card. Once a shareholder has received notice from his or her broker that they will be householding materials, householding will continue until the shareholder is notified otherwise or revokes consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, the shareholder should notify his or her broker. If a shareholder would like to receive a separate copy of this Proxy Statement, Notice of Annual Meeting or 2015 Annual Report on Form 10-K for the year ended December 31, 2015, he or she should contact the Company by writing to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 1900, Houston, Texas 77002.

Availability of Documents

The Company is including with this Proxy Statement a copy of its 2015 Annual Report on Form 10-K for the year ended December 31, 2015, which has been filed with the SEC and is incorporated in this Proxy Statement by reference. The Company will furnish to any person any exhibits described in the list accompanying such report upon payment of reasonable fees relating to the Company's furnishing such exhibits. Requests for directions to the Meeting to vote in person or for copies of this Proxy Statement and the 2015 Annual Report on Form 10-K for the year ended December 31, 2015 (including exhibits thereto) for the Meeting and future shareholders meetings should be directed to the Corporate Secretary, Cheniere Energy, Inc., 700 Milam Street, Suite 1900, Houston, Texas 77002.
