Item 1.01 Entry into a Material Definitive Agreement.

Purchase Agreement

On September 19, 2016, Sabine Pass Liquefaction, LLC (“SPL”), a wholly owned subsidiary of Cheniere Energy Partners, L.P. (“Cheniere Partners”), entered into a Note Purchase Agreement (the “Note Purchase Agreement”) with the various purchasers named therein (the “Purchasers”), to issue and sell to the Purchasers \$800 million aggregate principal amount of its 5.00% Senior Secured Notes due 2037 (the “Notes”) in a private placement conducted pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”). The Notes were issued by SPL on February 24, 2017 (the “Issue Date”).

The Note Purchase Agreement contains customary representations, warranties and agreements by SPL and customary indemnification obligations of SPL and the Purchasers.

The net proceeds from the Notes will be used by SPL to prepay all of the principal amounts currently outstanding under its existing credit facilities and pay capital costs in connection with the construction of Trains 1 through 5 of the Sabine Pass liquefaction project.

The foregoing description of the Note Purchase Agreement is not complete and is qualified in its entirety by reference to the full text of the Note Purchase Agreement, which is filed as Exhibit 1.1 hereto and is incorporated by reference herein.

Indenture

The Notes were issued on the Issue Date pursuant to the Indenture (the “Indenture”), dated as of February 24, 2017, by and between SPL, the guarantors that may become party thereto from time to time and The Bank of New York Mellon, as Trustee (the “Trustee”), relating to the Notes.

Under the terms of the Indenture, the Notes have a final maturity date of September 15, 2037 and accrue interest at a rate equal to 5.00% per annum on the principal amount from the Issue Date. The Notes are fully amortizing according to a fixed sculpted amortization schedule with semi-annual payments of principal and interest and have a weighted average life of 15.2 years. Amortization of the Notes is deferred for the first approximately 8.6 years until 2025. Interest will be payable on March 15 and September 15 each year, beginning on September 15, 2017.

The Notes are senior secured obligations of SPL and rank senior in right of payment to any and all of SPL’s future indebtedness that is subordinated in right of payment to the Notes and equal in right of payment with all of SPL’s existing and future indebtedness (including all loans under SPL’s existing credit facilities, all obligations under SPL’s senior working capital revolving credit and letter of credit reimbursement agreement and all of SPL’s outstanding senior secured notes) that is senior and secured by the same collateral securing the Notes. The Notes are effectively senior to all of SPL’s senior indebtedness that is unsecured to the extent of the value of the assets constituting the collateral securing the Notes.

As of the Issue Date, the Notes were not guaranteed but will be guaranteed in the future by all of SPL’s future restricted subsidiaries. Such guarantees will be joint and several obligations of the guarantors of the Notes. The guarantees of the Notes will be senior secured obligations of the guarantors.

At any time or from time to time prior to March 15, 2037, SPL may redeem all or a part of the Notes, at a redemption price equal to the “optional redemption price” set forth in the Indenture. SPL also may at any time on or after March 15, 2037, redeem the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date.

The Indenture also contains customary terms and events of default and certain covenants that, among other things, limit SPL’s ability and the ability of SPL’s restricted subsidiaries to incur additional indebtedness or issue preferred stock,

make certain investments or pay dividends or distributions on capital stock or subordinated indebtedness or purchase, redeem or retire capital stock, sell or transfer assets, including capital stock of SPL's restricted subsidiaries, restrict dividends or other payments by restricted subsidiaries, incur liens, enter into transactions with affiliates, dissolve, liquidate, consolidate, merge, sell or lease all or substantially all of SPL's assets and enter into certain LNG sales contracts. The Indenture covenants are subject to a number of important limitations and exceptions.

The foregoing description of the Indenture is qualified in its entirety by reference to the full text of the Indenture, which is filed as Exhibit 4.1 hereto, and is incorporated by reference herein.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information included in Item 1.01 of this report is incorporated by reference into this Item 2.03.

Item 7.01. Regulation FD Disclosure.

On February 27, 2017, Cheniere Partners, a subsidiary of Cheniere Energy, Inc., issued a press release announcing that SPL closed its previously announced private placement transaction of \$800 million aggregate principal amount of 5.00% senior secured notes due 2037.
